Patrick Moore Patrick Moore, 2011-10-24 Throughout his distinguished career Patrick Moore has without a doubt done more to raise the profile of astronomy among the British public than any other figure in the scientific world As the presenter of *The Sky at Night* on BBC television for nearly 50 years he was honored with an OBE in 1968 and a CBE in 1988 In 2001 he was knighted for services to the popularisation of science and to broadcasting The BBC first aired *The Sky at Night* in April 1957 and it is now in the record books as the world s longest running TV series with the same presenter He is also the author of over 60 books on astronomy all of which including his autobiography have been written on his 1908 typewriter Partly thanks to his larger than life personality Sir Patrick s own fame extends far behind astronomical circles A self taught musician and talented composer he has displayed his xylophone playing skills at the Royal Variety Performance and as a passionate supporter of cricket he has played for the Lord s Taverners charity cricket team

The Sky at Night Patrick Moore, 2010-11-01 When I became the producer of the *Sky at Night* in 2002 I was given some friendly advice It s a quiet little programme not much happens in astronomy How wrong they were It s been a hectic and enthralling time ever since with missions arriving at distant planets new discoveries in our Universe and leaps in technology which mean amateurs can take pictures as good as the Hubble Space Telescope What a privilege it is to work on a programme with such a huge heritage I am constantly amazed looking back at the flotilla of excellent programmes which have gone out over the past five decades *The Sky at Night* has always been at the sharp end of science broadcasting whether it s showing the first view from the far side of the Moon or pictures of a new comet which has swept into our sky Viewers can depend on Sir Patrick to tell them the latest news and explain what it means It s an outstanding achievement and Sir Patrick still holds the world record for being the same presenter on the longest running TV programme Our guests love coming down to Farthings Sir Patrick s home For them meeting him is like meeting their astronomical hero Over the past five decades the *Sky at Night* has managed to talk to the space scientists and astronomers

making the landmark discoveries No matter how busy they are they make room for Sir Patrick The Observer's Year
