Wood,Michael C. Wood,2003 **Henry Ford** Samuel S. Marquis,2007 A reprint of the rare and controversial biography of Henry Ford first published in 1923 written by Ford s close associate Regarded by many automotive historians as the finest and most dispassionate character study of Henry Ford ever written Henry Ford An Interpretation has long been out of print and priced out of the reach of many collectors Published at the height of Ford s success in 1923 the volume was written by the Reverend Samuel S Marquis an Episcopalian minister who was also the head of the sociology department at Ford Motor Company Instead of a history of Ford Motor Company or a simple retelling of Ford s life story Marquis claims that his collection of essays is intended to analyze the psychological puzzle such as the unusual mind and personality of Henry Ford presents In insightful chapters that can be read in any order Marquis examines Ford s mastery of self promotion his invincible reputation his religious views and his elusive personality He also considers Ford through the lens of his corporation by commenting on its industrial operations its charitable causes and its executive scrap heap According to many accounts Henry Ford was greatly pained by the criticism in some of Marquis s essays which led him to suppress the wide distribution of the volume Indeed so many copies of Henry Ford An Interpretation were borrowed from the Detroit Public Library and never returned that the library was forced to remove the volume from its shelves Not surprisingly the original edition of this book is very expensive and hard to find as a result of these sorts of actions Ford history enthusiasts as well as readers who are interested in historical biography will be grateful for the reprint of this significant volume **Henry Ford's**

War on Jews and the Legal Battle Against Hate Speech Victoria Saker Woeste,2012-06-27 Henry Ford is remembered in American lore as the ultimate entrepreneur the man who invented assembly line manufacturing and made automobiles affordable Largely forgotten is his side career as a publisher of antisemitic propaganda This is the story of Ford s ownership

of the Dearborn Independent his involvement in the defamatory articles it ran and the two Jewish lawyers Aaron Sapiro and Louis Marshall who each tried to stop Ford's war. In 1927 the case of Sapiro v Ford transfixed the nation. In order to end the embarrassing litigation Ford apologized for the one thing he would never have lost on in court: the offense of hate speech. Using never before discovered evidence from archives and private family collections, this study reveals the depth of Ford's involvement in every aspect of this case and explains why Jewish civil rights lawyers and religious leaders were deeply divided over how to handle Ford.

Motor City Movie Culture, 1916-1925 Richard Abel, 2020-01-21 A study of how the film industry came to flourish in Detroit in the early years as locals were lured into the new picture theaters. *Motor City Movie Culture 1916-1925* is a broad textured look at Hollywood coming of age in a city with a burgeoning population and complex demographics. Richard Abel investigates the role of local Detroit organizations in producing, distributing, exhibiting and publicizing films in an effort to make moviegoing part of everyday life. Tapping a wealth of primary source material from newspapers, spatiotemporal maps and city directories to rare trade journals, theater programs and local newsreels, Abel shows how entrepreneurs worked to lure moviegoers from Detroit's diverse ethnic neighborhoods into the theaters. Covering topics such as distribution, programming practices, nonfiction film and movie coverage in local newspapers with entries that dive deeper into the roles of key individuals and organizations, this book examines how efforts in regional metropolitan cities like Detroit worked alongside California studios and New York head offices to bolster a mass culture of moviegoing in the United States.
