Christians Meeting Hindus Bob Robinson,2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model

Radhakrishnan Sarvepalli Gopal,1989 **India and Europe** Wilhelm Halbfass,2017-01-01 This book explores the intellectual encounter of India and the West from pre Alexandrian antiquity until the present It examines India s role in European philosophical thought as well as the reception of European philosophy in Indian t

The Study of Hinduism Arvind Sharma,2003 In this text leading scholars from around the world take stock of two centuries of international intellectual investment in Hinduism Since the early 19th century when the scholarly investigation of Hinduism began to take shape as a modern academic

discipline Hindu studies has evolved from its concentration on description and analysis to an emphasis on understanding Hindu traditions in the context of the religion's own values, concepts and history. Offering an assessment of the current state of Hindu studies, the contributors to this volume identify past achievements and chart the course for what remains to be accomplished in the field.

Vedic Voices David M. Knipe, 2015-04-01 For countless generations families have lived in isolated communities in the Godavari Delta of coastal Andhra Pradesh, learning and reciting their legacy of Vedas, performing daily offerings and occasional sacrifices. They are the virtually unrecognized survivors of a 3,700-year-old heritage, the last in India who perform the ancient animal and soma sacrifices according to Vedic tradition. In *Vedic Voices*, David M. Knipe offers for the first time an opportunity for them to speak about their lives, ancestral lineages, personal choices as pandits, wives, children, and ways of coping with an avalanche of changes in modern India. He presents a study of four generations of ten families from those born at the outset of the twentieth century down to their great-grandsons who are just beginning at the age of seven the task of memorizing their Veda, the *Taittiriya Samhita*, a feat that will require eight to twelve years of daily recitations. After successful examinations, these young men will reside with the Veda family; girls they married as children years before, take their places in the oral transmission of a three-thousand-year Vedic heritage, teach the *Taittiriya* collection of texts to their own sons, and undertake with their wives the major and minor sacrifices performed by their ancestors for some three millennia. Coastal Andhra, famed for bountiful rice and coconut plantations, has received scant attention from historians of religion and anthropologists despite a wealth of cultural traditions. *Vedic Voices* describes in captivating prose the geography, cultural history, pilgrimage traditions, and celebrated persons of the region. Here unfolds a remarkable story of Vedic pandits and their wives, one scarcely known in India and not at all to the outside world.

A Living Theology of Krishna Bhakti Tamal Krishna Goswami, 2012-07-17 A.C. Bhaktivedanta Swami Prabhupada (1896-1977), founder of the Hare Krishna Movement, traced his lineage to the fifteenth-century Indian saint Sri Chaitanya. He authored more than fifty volumes of English translation and commentaries on Sanskrit and Bengali texts, serving as a medium between these distant authorities and his modern Western readership, and using his writings as blueprints for spiritual change and a revolution in consciousness. He had to speak the language of a people vastly disparate from the original recipients of his tradition's scriptures without compromising fidelity to the tradition. Tamal Krishna Goswami claims that the social, scientific, philosophical, and insider forms of investigation previously applied have failed to explain the presence of a powerful interpretative device, a mahavakya, or great utterance that governs and pervades Prabhupada's living theology of devotion on bhakti. For Prabhupada, the wide range of Vedic subject matter is governed by the axiomatic truth: Krishna is the Supreme Personality of Godhead. Goswami's academic training at the University of Cambridge, his thirty years' experience as a practitioner and teacher, and his extensive interactions with Prabhupada as both personal secretary and managerial representative afforded him a unique opportunity to understand and illuminate the theological contribution of Prabhupada. In

this work Goswami proves that the voice of the scholar practitioner can be intimately connected with his tradition while sustaining a mature critical stance relative to his subject A Living Theology of Krishna Bhakti includes a critical introduction and conclusion by Graham M Schweig *Beyond Orientalism* Eli Franco, Karin Preisendanz, 2023-12-14 Wilhelm Halbfass philosopher and Indologist is a committed participant in the dialogue between India and Europe whose reflections on the Indian tradition and its Western perception are accompanied by reflection on and critical examination of the Western tradition In this innovative combination of Indological research and philosophical hermeneutical research in the history of ideas he demonstrates a purpose more ambitious and a scope wider than Edward Said s who constructed the Western study of the so called Orient as an attempt to deprive it of its identity and sovereignty and who perceived the pursuit of Oriental Studies in Western universities to be an extension of a fundamentally political will to power and domination Without denying the domination of the dialogue between India and Europe by the West Halbfass goes beyond that to show a different way of approaching Indian thought he strives to establish the presuppositions and prerequisites that would make a true dialogue and mutual understanding between Indian and Western intellectual cultures possible The papers in the present volume originate from twenty three scholars of Indology philosophy religious studies comparative theology classics folkloristics and political theory working in eleven countries spread over three continents They address central issues of Halbfass work his critical responses to them commence with an extensive essay in which he assesses in a masterly manner the state of Indian studies almost twenty years after the publication of Said s Orientalismz **The Greenian Moment** Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought **The Greenian Moment** Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to

examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought
