Radical Desire:

Amorous Acts Frances L. Restuccia, 2006 *Amorous Acts* uses psychoanalytic concepts to show how queer theory is operating to put in place a non heterosexist social order [Bad Education](#) Lee Edelman, 2022-12-05 Long awaited after No Future and making queer theory controversial again Lee Edelman's *Bad Education* proposes a queerness without positive identity a queerness understood as a figural name for the void itself unnamable around which the social order takes shape Like Blackness woman incest and sex queerness as Edelman explains it designates the antagonism the structuring negativity preventing that order from achieving coherence But when certain types of persons get read as literalizing queerness the negation of their negativity can seem to resolve the social antagonism and totalize community By translating the nothing of queerness into the something of the queer the order of meaning defends against the senselessness that undoes it thus mirroring Edelman argues education's response to queerness its sublimation of irony into the meaningfulness of a world Putting queerness in relation to Lacan's ab-sens and in dialogue with feminist and Afropessimist thought Edelman reads works by Shakespeare Jacobs Almod var Lemmons and Haneke among others to show why queer theory's engagement with queerness necessarily results in a bad education that is destined to teach us nothing [Stages of Desire](#) Michael Kidd, 1999-07-01 Within the rich tradition of Spanish theater lies an unexplored dimension reflecting themes from classical mythology Through close readings of selected plays from early modern and twentieth century Spanish literature with plots or characters derived from the Greco Roman tradition Michael Kidd shows that the concept of desire plays a pivotal role in adapting myth to the stage in each of several historical periods In *Stages of Desire* Kidd offers a new way of looking at the theater in Spain Reviewing the work of playwrights from Juan del Encina to Luis Riaza he suggests that desire constitutes a central element in a large number of Greco Roman myths and shows how dramatists have exploited this to resituate ancient narratives within their own artistic and ideological horizons Among the works he analyzes are Timoneda's *Tragicomedia llamada Filomena* Castro's *Dido y Eneas* and Unamuno's *Fedra* Kidd explores how seventeenth century playwrights were constrained by the conventions of the newly formed national theater and how in the twentieth century mythological desire was exploited by playwrights engaged in upsetting the melodramatic conventions of the entrenched bourgeois theater He also examines the role of desire both in the demythification of prominent classical heroes during the Franco regime and in the cultural critique of institutionalized discrimination in the current democratic period *Stages of Desire* is an original and broad ranging study that highlights both change and continuity in Spanish theater By elegantly combining theory literary history and close textual analysis Kidd demonstrates both the resilience of Greco Roman myths and the continuing vitality of the Spanish stage **Radical Desire** Housk Randall, Mark Ramsden, 2000 This highly illustrated work looks at all the radical extremes of sexual practice including tantric sex sex magick occult practice bondage erotic piercing fetishism erotic performance rubber sado masochism and bisexuality [The Black Register](#) Tendayi Sithole, 2020-04-09 How can thinkers

grapple with the question of the human when they have been dehumanized How can black thinkers confront and make sense of a world structured by antiblackness a world that militates against the very existence of blacks These are the questions that guide Tendayi Sithole's brilliant analyses of the work of Sylvia Wynter Aim C saire Steve Biko Assata Shakur George Jackson Mabogo P More and a critique of Giorgio Agamben Through his careful interrogation of their writings Sithole shows how the black register represents a uniquely critical perspective from which to confront worlds that are systematically structured to dehumanize The black register is the ways of thinking knowing and doing that emerge from existential struggles against antiblackness and that dwell in the lived experience of being black in an antiblack world The black register is the force of critique that comes from thinkers who are dehumanized and who in turn question define and analyze the reality that they are in in order to reframe it and unmask the forces that inform subjection This book redefines the arc of critical black thought over the last seventy five years and it will be an indispensable text for anyone concerned with the deep and enduring ways in which race structures our world and our thought

Ford, 2022-01-14 In the second edition of this groundbreaking work Derek R Ford contends that radical politics needs educational theory posing a series of educational questions pertinent to revolutionary movements How can pedagogy bridge the gap between what is and what can be while respecting the gap and its uncertainty and contingency How can pedagogy accommodate ambiguity while remaining faithful to the communist project In answering these questions Ford develops a dynamic pedagogical constellation that radically opens up what education is and what it can mean for revolutionary struggle In charting this constellation Ford takes the reader on a journey that traverses disciplinary boundaries innovatively reading theorists as diverse as Lenin Agamben Marx Lyotard Althusser

and Butler Demonstrating how learning underpins capitalism and democracy Ford articulates a theory of communist study as an alternative and oppositional logic that perhaps paradoxically demands the revolutionary reclamation of testing Poetic performative and provocative Communist Study is oriented toward what Ford calls the sublime feeling of being in common which as he insists is always a commonness against **Evolving Grace** Jean-Pierre Fortin,2024-12-15 *Evolving Grace* The Spiritual History of a Christian Doctrine seeks to bring out the personal living significance and transformative power of the Christian faith throughout the ages This book spans from Patristic foundations through the elaborated systematic constructions of the Middle Ages to the profound transformation induced by the Protestant Reformation and Roman Catholic responses to it to twentieth century de and reconstructions This theological history grounded in and reflective of the spiritual experience and development of real Christians in and from the past contributes to the production and nurturing of a living theology in and for the present **The Queerness of Childhood** Anna Fishzon,Emma Lieber,2022-07-21 This book represents a meeting of queer theorists and psychoanalysts around the figure of the child Its intention is not only to interrogate the discursive work performed on and by the child in these fields but also to provide a stage for examining how psychoanalysis and queer theory themselves interact with the understanding that the meeting of these discourses is most generative around the queer time and sexualities of childhood From the theoretical perspectives of queer theory psychoanalysis anthropology and gender studies the chapters explore cultural aesthetic and historical forms and phenomena that are aimed at or are about children and that give expression to and make room for the queerness of childhood
