Radical Spirituality Richard Sutphen, Dick Sutphen, 1995 *You Were Born Again to Be Together* Dick Sutphen, 2021-10-26 Discover the classic guide to past life regression that reveals how soulmates are reunited across the ages from renowned psychic researcher Dick Sutphen There is absolutely no doubt in my mind that romantic partners together in this lifetime have been together before After being hypnotized and shown his own past lives Dick Sutphen went on to become a practitioner of hypnosis and past life regressions Over the years he worked with many people and discovered the importance of karma that we have lessons to learn and if we do not do so in one lifetime we will encounter them in another lifetime Other people are instrumental in our learning these karmic lessons and we can be tied to certain individuals in life after life In this book Sutphen shares regressions with several clients and includes transcripts of their sessions In hearing their stories we discover what these people came to understand about the challenges in their present lives after they looked to the past Originally written in 1976 *You Were Born Again to Be Together* remains a useful primer in shining a light on metaphysics and the amazing power of the human spirit Discover the classic guide to past life regression that reveals how souls are reunited across the ages *Heal Thyself* Pieter De Wet, 2010-06-29 With our health care system at its breaking point it is incumbent upon each of us to learn how to better take care of ourselves Is it conceivable that disease is a blessing not a curse a biological solution to internal imbalances created by unresolved inner conflicts lifestyle environmental toxins and infectious agents Author and doctor Pieter J De Wet sheds new light on why and how you get sick and guides you through the most critical steps on how to gain your health back in *Heal Thyself Transform Your Life Transform Your Health* Every patient should read this book in order to gain optimum health *Heal Thyself* helps even the novice patient understand how most illnesses actually develop and how the patient can take responsibility for their own recovery using safe effective noninvasive techniques William Lee Cowden MD MD H By understanding the purpose of disease and its root causes the solutions become readily apparent Follow Dr De Wet's twelve week plan and let *Heal Thyself* empower you to embrace these solutions and no longer feel that you are at the mercy of unpredictable and devastating scourges **Street Smarts and Critical Theory** Thomas McLaughlin, 1996-11-01 Everybody's got a theory or do they Thomas McLaughlin argues that critical theory raising serious sustained questions about cultural practice and ideology is practiced not only by an academic elite but also by savvy viewers of sitcoms and TV news by Elvis fans and Trekkies by labor organizers and school teachers by the average person in the street Like academic theorists who are trained in a tradition of philosophical and political skepticism that challenges all orthodoxies the vernacular theorists McLaughlin identifies display a lively and healthy alertness to contradiction and propaganda They are not passive victims of ideology but active questioners of the belief systems that have power over their lives Their theoretical work arises from the circumstances they confront on the job in the family in popular culture And their questioning of established institutions McLaughlin contends is essential and healthy for it

energizes other theorists who clarify the purpose and strategies of institutions and justify the existence of cultural practices Street Smarts and Critical Theory leads us through eye opening explorations of social activism in the Southern Christian anti pornography movement fan critiques in the zine scene New Age narratives of healing and transformation the methodical manipulations of the advertising profession and vernacular theory in the whole language movement Emphasizing that theory is itself a pervasive cultural practice McLaughlin calls on academic institutions to recognize and develop the theoretical strategies that students bring into the classroom This book demystifies the idea of theory taking it out of the hands of a priestly caste and showing it as the democratic endowment of the people Daniel T O Hara Temple University author of Radical Parody American Culture and Critical Agency after Foucault and Lionel Trilling The Work of Liberation McLaughlin takes seriously the critical and theoretical activity of everyday people and does so in a way that will empower these very populations to take seriously their own activities as theorists A manifesto that is sure to be heard by the younger generation of thinkers in American cultural studies Henry Jenkins MIT author of Textual Poachers Television Fans and Participatory Culture
