Physician James A. Marcum, 2012-01-03 Although modern medicine enjoys unprecedented success in providing excellent technical care many patients are dissatisfied with the poor quality of care or the unprofessional manner in which physicians sometimes deliver it Recently this patient dissatisfaction has led to quality of care and professionalism crises in medicine In this book the author proposes a notion of virtuous physician to address these crises He discusses the nature of the two crises and efforts by the medical profession to resolve them and then he briefly introduces the notion of virtuous physician and outlines its basic features Further virtue theory is discussed along with virtue ethics and virtue epistemology and specific virtues especially as they relate to medicine The author also explores the ontological priority of caring as the metaphysical virtue for grounding the notion of virtuous physician and two essential ontic virtues care and competence In addition to this he examines the transformation of competence into prudent wisdom and care into personal radical love to forge the compound virtue of prudent love which is sufficient for defining the virtuous physician Lastly two clinical case stories are reconstructed which illustrate the various virtues associated with medical practice and it is discussed how the notion of virtuous physician addresses the quality of care and professionalism crises

Knowledge and Critical Pedagogy Joe L. Kincheloe, 2008-06-19 In a globalized neo colonial world an insidious and often debilitating crisis of knowledge not only continues to undermine the quality of research produced by scholars but to also perpetuate a neo colonial and oppressive socio cultural political economic and educational system The lack of attention such issues receive in pedagogical institutions around the world undermines the value of education and its role as a force of social justice In this context these knowledge

issues become a central concern of critical pedagogy As a mode of education that is dedicated to a rigorous form of knowledge work teachers and students as knowledge producers anti oppressive educational and social practices and diverse perspectives from multiple social locations critical pedagogy views dominant knowledge policies as a direct assault on its goals Knowledge and Critical Pedagogy An Introduction takes scholars through a critical review of the issues facing researchers and educators in the last years of the first decade of the twenty first century Refusing to assume the reader s familiarity with such issues but concurrently rebuffing the tendency to dumb down such complex issues the book serves as an excellent introduction to one of the most important and complicated issues of our time

Anarchism Elena Loizidou,2022-09-08 The term anarchism derives from the Greek word meaning without ruler or leader and without law Although the roots of the word can be traced back to Ancient Greece anarchism as a political ideology is relatively new Anarchism developed as a political ideology at the end of the eighteenth century at the time of the emergence of the modern State And as is well known anarchism developed both a politics and a way of life that did not include the State as its compass support and structure In contrast to the extensive contemporary literature about anarchist politics and ideas this book focuses on the practices and attitudes that constitute what the author refers to as an anarchist art of life The book draws on archival material that records the life and actions of the anarchist Emma Goldman and her associates legal documents and writings by classical Pierre Joseph Proudhon Peter Kropotkin and contemporary anarchists David Graeber Saul Newman Ciarra Bottici as well as contemporary groups such as the Clandestine Insurgent Rebel Clown Army and Occupy Wall Street By studying the idiosyncrasies of this art of life it argues we are better able to appreciate how anarchism is not some future utopian oriented project waiting to come into

existence after a revolution but rather exists in parallel to the life and politics offered by the State Anarchism An Art of Living Without Law will be of interest to graduate students and academics working on critical legal theory political theory sociology and cultural studies *Radical Love* Kimberly Soesbee, Donna Lowe, 2014-09-25 Relationships marriages and friendships fail every day because of misplaced expectations about love This book is for those who seek to learn what God has to say about love and identify those things that prevent radical life changing love from being a reality in their life The truth is other people do not have to change at all in order for someone to love better The work begins with revival within individual hearts Our culture our families our peers and our own sinful selves do all sorts of things in the name of love Sadly many of these things bear little resemblance to the plan for love that God designed from the beginning of time Men and women who call themselves Christians are walking around with wilted souls broken because they know they are supposed to love like Jesus does but finding themselves inept when it comes to living it out This is not another how to or self help book It is meant to take the reader through hard work of the soul to destroy the barriers in his or her life that prevent them from loving well We all want to love better We want to be able to love those who are difficult to love This book is a step by step guide to becoming forever changed by God's radical unconditional love **The Heart of God** Riaan Engelbrecht, 2023-01-26 Why talk about the heart We read in Matthew 22:36 Teacher which is the great commandment in the law 37 Jesus said to him You shall love the Lord your God with all your heart with all your soul and with all your mind 38 This is the first and great commandment It is that simple We must love God WITH ALL OUR HEARTS Not part of it Not proportionally In totality We must be consumed by a love for God for He is must be our first love Our heart must beat for God in the morning in the afternoon in the evening yes every second of the day Our hearts must yearn for God for God is glorious and wonderful God is jealous of our love He wants our hearts He wants our affection attention and devotion There is nothing greater for your heart to beat for God and for God to live in your hearts through the indwelling presence of the Holy Spirit Only when our hearts yield to God can we seek a path of purity joy peace and love For God calls our hearts to beat in sync with His heart Do you know the heartbeat of God Do you know what His heart beats for For His heart speaks of love of beauty and majesty God calls for a pure heart a good heart and a heart that seeks the light of His splendour and glory Living the work Azadeh F. Osanloo, Christa Boske, 2015-10-07 Written as a collaborative between children families teachers school leaders scholars and community organisation representatives this book has given everyone involved a platform to express his or her individual voice Chapters center on authors lived experiences and the book is grounded in promoting social justice and equity **Free in Christ** Riaan Engelbrecht, 2023-09-29 God wants us to be free Let us proclaim this truth God wants us free He wants us to be free from sickness sorrow heartache anguish pain and strife He wants us to be free from being enslaved yoked and burdened For this reason Jesus said in Matthew 11 that His yoke and burden are light In this world we will have trouble and we are not immune to heartache pain or sorrow but we can be free from its crippling effect on our spirit soul and body In Christ is our

liberty In Christ is our hope for He is the eternal shining light and the joy to sustain us Christ has indeed set us free so that we can also cry as people of all races and ethnic groups as Jews and Gentiles that we are free at last for this is the reality and the truth of John 3 16 Jesus died on the cross so that anyone who believes in Him may be saved and be free at last Free from death misery darkness despair lies the works of the flesh and free from worry Glory to God in Christ we are free at last And for those who are free in Christ they must declare such freedom so that freedom may ring on every mountain and hill and in every valley city and town We are no longer owned by the world by the devil by sin or our past We are free at last In God s freedom we shall soar As eagles enjoy the freedom of the skies so we are called to enjoy God s freedom paid for by the Blood of the Lamb

Fully Human- Fully Divine John Martin Sahajananda, 2014-04 Fully Human Fully Divine Integral Dynamic Monotheism a Meeting Point between the Vedic Vision and the Vision of Christ is the latest book of John Martin Sahajananda This book deals with finding the answer to the fundamental question Who are human beings He looks for the answer to this basic question in two categories of spiritual traditions viz prophetic tradition and wisdom tradition The wisdom tradition seems to focus on our oneness with God and the prophetic tradition on our humanness He proposes a view that integrates these two views in an inclusive way We are fully human and also fully divine He looks at spiritual life as a dynamic process of evolution in relationship with God This process he describes as Integral Dynamic Monotheism In the second part of the book he explains to us about similarities between the spiritual awakening and spiritual evolution in the Vedic tradition and the biblical tradition He shows how close these great traditions can come and when they come close together they realize what they need from one another to make them richer and fuller Thus he says that the challenge of Upanishadic tradition to Christianity is to open the nondualistic experience of Jesus which is the radical love of God for all the Christians In the same way the challenge of Christ to the Vedic tradition is to translate its nondualistic wisdom of God which is the radical love of God into nondualistic action and social transformation that is the radical love of one s neighbor
