

Radical Right

- Radical right (neoliberalism) said welfare state ruining the economy
- Hayek\ Friedman (leading figures)
- Social welfare a cost (waste) not an investment
- People on welfare as bludgers
- replace public services with private markets and volunteers (a 'big society')

Radical Right The Welfare State

Michael Minkenberg

Radical Right The Welfare State:

How the Radical Right Has Changed Capitalism and Welfare in Europe and the USA Philip Rathgeb, 2024 Combining insights from comparative politics party politics comparative political economy and welfare state research the book provides novel insights into how the radical right manufactures consent for authoritarian rule *The Radical Right* Klaus Wahl, 2019-10-31 This book analyses the rise in xenophobia racism and radical right political parties movements and violent groups over recent years The author provides a summary of the current state of international and interdisciplinary research on the multilevel explanations of right wing radical thought comparing similarities and differences across Europe and the United States By integrating findings from psychology history social and life sciences he proposes a biopsychosociological model of the conditions causes catalysts and triggers of phenomena of the radical right across the world Following a demand and supply analysis Wahl explores the interaction of evolutionary emotional mechanisms and socialization processes with various environmental conditions and consequent manifestations of radical right groups to identify strategies to slow down the rise and effects of the radical right **Radical Right-Wing Populism in Western Europe** Hans-Georg Betz, 1994-09-12 Studies the new West European parties of the radical populist right arguing that in distancing themselves from the reactionary politics of the traditional extremist right these parties have become a significant challenge to the established structure and politics of West European democracy today *The Radical Right and the Welfare State* Howard Glennerster, James Midgley, 1991 For much of this century governments have accepted the principle of state responsibility for the welfare of its citizens in spite of ideological differences about the appropriate scale of state activity some role has been assumed by all governments During the last decade however this view has been seriously challenged by radical thinkers from the political right who have argued that state sponsored welfare of any kind is inimical to economic growth prosperity and social progress The ideas of this radical right have found practical expression through the policies of sympathetic governments and international agencies Much of the current debate about welfare provision now revolves around whether radical right wing prescriptions have resulted in marginal changes or major modifications which will persist for years to come The need to examine the extent of the impact of radical right wing ideas on welfare provision is the basis of this major new collection of specially commissioned articles The book investigates the prevalence of these ideas through a wider international and comparative approach looking at the experiences of Canada Germany Chile and Israel as well as Britain and the USA The country studies are set in context with a comprehensive theoretical and historical account of welfare consensus and the rise and social welfare proposals of the radical right and a concluding chapter which draws together the case study material and looks ahead to the future of the welfare state ideal **The Developing of the Radical Rights in France** Edward J. Arnold, 2000-05-23 This book traces the origins and evolution of extreme right wing thought in France from the end of the nineteenth century to the present day It establishes the presence of an ideological tradition or organicist

exclusive nationalism initiated at the end of the nineteenth century which adapts itself to the post First World War and re emerges forcibly during the Occupation Elements of this same tradition are present in the modern discourse of the extreme right in post war France This helps the student of modern French politics to see movements like the Front National in their historical perspective

The Populist Radical Right Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research

Radical Right Pippa Norris, 2005-08-22 During recent decades radical right parties have been surging in popularity in many nations gaining legislative seats enjoying the legitimacy endowed by ministerial office and striding the corridors of government power The popularity of leaders such as Le Pen Haider and Fortuyn has aroused widespread popular concern and a burgeoning scholarly literature Despite the interest little consensus has emerged about the primary factors driving this phenomenon The puzzle is to explain why radical right parties have advanced in a diverse array of democracies including in Austria Canada Norway France Italy New Zealand Switzerland Israel Romania Russia and Chile while failing to make comparable gains in similar societies elsewhere such as in Sweden Britain and the United States This book first published in 2005 expands our understanding of support for radical right parties through presenting an integrated new theory which is then tested systematically using a wealth of cross national survey evidence covering almost forty countries

The Repoliticization of the Welfare State Ian P McManus, 2022-07-12 The Repoliticization of the Welfare State grapples with the evolving nature of political conflict over social spending after the Great Recession While the severity of the economic crisis encouraged strong social spending responses to protect millions of individuals governments have faced growing pressure to reduce budgets and make deep cuts to the welfare state Whereas conservative parties have embraced fiscal discipline and welfare state cuts left wing parties have turned away from austerity in favor of higher social spending These political differences represent a return of traditional left right beliefs over social spending and economic governance This book is one of the first to systematically compare welfare state politics before and after the Great Recession arguing that a new and lasting post crisis dynamic has emerged where political parties once again matter for social spending At the heart of this repoliticization are intense ideological debates over market regulation social

inequality redistribution and the role of the state The book analyzes social spending dynamics for 28 countries before and after the crisis It also includes in depth country case studies representing five distinct welfare state types Germany the United Kingdom Sweden Spain and the Czech Republic

The Far-Right in World Politics Alexander Anievas, Richard Saull, 2024-11-01 This book addresses the reasons why the contemporary far right has gained political resonance in a variety of states across both the Global North and South The rise of far right forms of politics in recent years throughout a range of geopolitical locales suggests the emergence of a distinct conjuncture in world politics indicating a common set of enabling conditions and characteristics It is this unprecedented context in the history of the post war liberal international order that this edited volume aims to address In doing so it brings together a diverse range of scholars many of whom have developed an internationally recognized expertise in the study of the far right and International Relations IR Reflecting a plurality of methodological and theoretical perspectives the chapters cover a variety of theoretical and conceptual issues including analyses of different geopolitical and national expressions of the contemporary far right Notwithstanding such diversity the primary analytical focus of the book is to situate and explain the far right as a distinct part of the history of modern international relations especially with respect to the development of and crises within the contemporary international order From this perspective the contributions combine to demonstrate the deeply embedded symptoms of far right politics centred on racialized imaginaries across the globe and reproduced within the sinews of an evolving liberal international order even as the far right also represents an antagonism to some elements of said order Providing a much needed global perspective this book will be of great interest to students and scholars of populism far right politics conservatism and international relations The chapters in this book were originally published as a special issue of Globalizations and are accompanied by a new epilogue

The Radical Right in Eastern Europe Michael Minkenberg, 2017-05-08 This book is a comparative analysis of the post communist East European radical right both in party and non party formation using the West European radical right as a baseline Minkenberg offers insights into the political field of the radical right since the onset of democracy in the region and elicits region wide and country specific characteristics The book argues that due to the nature of the transition process from Soviet hegemony to national independence and from communist to democratic societies and the unfinished process of nation building in the region the radical right in Eastern Europe is a phenomenon sui generis both organizationally more fluid and ideologically more extreme than the Western counterpart The issues covered include trends in party system and electoral developments patterns of movement mobilization and racist activism and the impact of the radical right on their countries politics and policies

Freedom and Security T. Fitzpatrick, 1999-06-23 A basic income would be an income paid periodically and unconditionally to every man woman and child as a fundamental right of citizenship and without reference to employment marital and household status It would be a means of ensuring the twin objectives of freedom and security for all This book provides an introduction to the basic income debate examining a range of arguments

for and against and so will be of interest to anybody concerned with the future direction of the welfare state Theoretical Criminology from Modernity to Post-Modernism Wayne Morrison, 2014-12-18 This book incorporates many of the exciting debates in the social sciences and philosophy of knowledge concerning the issues of modernity and post modernism It sets out a new project for criminology a criminology of modernity and offers a sustained critique of theorizing without a concern for social totalities This book is designed to place criminological theory at the cutting edge of contemporary debates Wayne Morrison reviews the history and present state of criminology and identifies a range of social problems and large scale social processes which must be addressed if the subject is to attain intellectual commitment This book marks a new development in criminological texts and will serve a valuable function not only for students and academics but for all those interested in the project of understanding crime in contemporary conditions

Citizenship, Diversity and Pluralism Alan Cairns, 1999
Citizenship has both a vertical and a horizontal dimension The vertical links individuals to the state by reinforcing the idea that it is their state that they are full members of an ongoing association that is expected to survive the passing generations Accordingly their relation to the state is not narrowly instrumental but is supported by a reservoir of loyalty and patriotism that gives legitimacy to the state The horizontal relationship is the positive identification with fellow citizens as valued members of the same civic community Here citizenship reinforces empathy and sustains solidarity through its official endorsement of who counts as one of us Citizenship therefore is a linking mechanism that in its most perfect expression binds the citizenry to the state and to each other In *Citizenship Diversity and Pluralism* leading scholars assess the transformation of these two dimensions of citizenship in increasingly diverse and plural modern societies both in Canada and internationally Subjects addressed include the changing ethnic demography of states social citizenship multiculturalism feminist perspectives on citizenship aboriginal nationalism identity politics and the internationalisation of human rights Alan C Cairns is adjunct professor of political science at the University of Waterloo and author of *Charter versus Federalism The Dilemmas of Constitutional Reform* John C Courtney is professor of political science at the University of Saskatchewan and author of *Do Conventions Matter Choosing National Party Leaders in Canada* Peter MacKinnon is president of the University of Saskatchewan and has served as president of both the Canadian Association of Law Teachers and the Council of Canadian Law Deans Hans J Michelmann is professor of political science and acting associate dean Academic of the College of Arts and Science at the University of Saskatchewan David E Smith is professor of political studies at the University of Saskatchewan

Handbook of Labour Market Policy in Advanced Democracies Daniel Clegg, Niccolo Durazzi, 2023-10-06 Bringing together contributions from leading labour market policy scholars from across the globe this state of the art Handbook offers extensive and compelling analyses of labour market policy in advanced democracies This title contains one or more Open Access chapters **Right-Wing Populism in Europe** Ruth Wodak, Majid KhosraviNik, Brigitte Mral, 2013-03-28 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com

com Right wing populist movements and related political parties are gaining ground in many EU member states This unique interdisciplinary book provides an overall picture of the dynamics and development of these parties across Europe and beyond Combining theory with in depth case studies it offers a comparative analysis of the policies and rhetoric of existing and emerging parties including the British BNP the Hungarian Jobbik and the Danish Folkeparti The case studies qualitatively and quantitatively analyse right wing populist groups in the following countries Austria Germany Britain France Sweden Norway Denmark Italy Netherlands Hungary Belgium Ukraine Estonia and Latvia with one essay exclusively focused on the US This timely and socially relevant collection is essential reading for scholars students and practitioners wanting to understand the recent rise of populist right wing parties at local countrywide and regional levels *The Nordic Populist Radical Right* Ann-Cathrine Jungar, 2024-08-05 This edited volume examines populist radical right parties in the Nordic region Somewhat surprisingly given the image of a consensual egalitarian and progressive region of Europe the Nordic countries have been fertile ground for the radical right Not only have radical right parties persisted for many decades but they are currently much stronger in this region than in most other European countries today In this book the contributors analyse the electoral ideological and organisational aspects of the radical right in the Nordic region The Progress Party in Norway Fremskrittspartiet FrP the Sweden Democrats Sverigedemokraterna SD Danish People's Party Dansk Folkeparti DF and the Finns party Perussuomalaiset PS It also explores how mainstream parties and the media have reacted to the rise of the radical right whether the radical right is integrated into mainstream politics the extent to which they challenge the dominant ideological paradigm of Nordic politics and whether they mobilise and organise differently to other parties Understanding the Nordic radical right is crucial to comprehending the transformation of Nordic politics but also changes in European politics more generally This book will be of interest to students and scholars of Scandinavian politics populism the radical right and comparative party politics The Radical Right in Western Europe Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries The Oxford Handbook of the Radical Right Jens Rydgren, 2018 The radical right an introduction Jens Rydgren Ideology and discourse The radical right and nationalism Tamir Bar On The radical right and islamophobia Aristotle Kallis The radical right and anti semitism Ruth Wodak The radical right and populism Hans Georg Betz The radical right and fascism Nigel Copsey The radical right and euroscepticism Sofia Vasilopoulou Issues Explaining electoral support for the radical right Kai Arzheimer Party systems and radical right wing parties Herbert Kitschelt The radical right and gender Hilde Coff Globalization cleavages and the radical right Simon Bornschier Party organization and the radical right David Art Charisma and the radical right Roger Eatwell Media and the radical right Antonis A Ellinas The non party sector of the radical right John Veugelers and Gabriel Menard The political impact of the radical right Michelle Hale Williams The radical right as social movement organizations Manuela Caiani and Donatella Della Porta Youth and the radical right Cynthia Miller Idriss Religion and the radical right Michael Minkenberg

Cross national links and international cooperation Manuela Caiani Political violence and the radical right Leonard Weinberg and Eliot Assoudeh Case studies The radical right in France Nonna Mayer The radical right in Germany Austria and Switzerland Uwe Backes The radical right in Belgium and the Netherlands Joop J M van Holsteyn The radical right in Southern Europe Carlo Ruzza The radical right in the UK Matthew J Goodwin and James Dennison The radical right in the Nordic countries Anders Widfeldt The radical right in Eastern Europe Lenka Butkov The radical right in post soviet Russia Richard Arnold and Andreas Umland The radical right in post soviet Ukraine Melanie Mierzejewski Voznyak The radical right in the United States of America Christopher Sebastian Parker The radical right in Australia Andy Fleming and Aurelien Mondon The radical right in Israel Arie Perliger and Ami Pedhazur The radical right in Japan Naoto Higuchi

The Radical Right in Switzerland Damir Skenderovic, 2009 There has been a tendency amongst scholars to view Switzerland as a unique case and comparative scholarship on the radical right has therefore shown little interest in the country Yet as the author convincingly argues there is little justification for maintaining the notion of Swiss exceptionalism and excluding the Swiss radical right from cross national research His book presents the first comprehensive study of the development of the radical right in Switzerland since the end of the Second World War and therefore fills a significant gap in our knowledge It examines the role that parties and political entrepreneurs of the populist right intellectuals and publications of the New Right as well as propagandists and militant groups of the extreme right assume in Swiss politics and society The author shows that post war Switzerland has had an electorally and discursively important radical right since the 1960s that has exhibited continuity and persistence in its organizations and activities Recently this has resulted in the consolidation of a diverse Swiss radical right that is now established at various levels within the political and public arena

The Radical Right in Europe: An Overview Michael Minkenberg, 2011-02-01 European challenges call for European responses The spread of extremist and xenophobic attitudes and the proliferation of right wing political movements are challenges confronting all of Europe This book provides a conceptual framework for comparing right wing radicalism in Europe and offers country specific data on the right wing radicalism and extremism It constitutes a solid base of knowledge on the current situation in ten European countries Austria Belgium Denmark France Hungary Italy The Netherlands Sweden Switzerland and the United Kingdom Key topics include the success stories of right wing radical political parties the strength of their movements the existence of sub cultural milieus of the radical right and of corresponding factors that influence the rise of the radical right in Europe

Unveiling the Magic of Words: A Review of "**Radical Right The Welfare State**"
