Critical Perspectives on Global Englishes in Asia Fan Fang, Handoyo Puji Widodo, 2019-06-05 Although the notion of Global Englishes (GE) has been widely discussed in the literature, few books consider how GE can be translated into educational practice. This book addresses the incorporation of GE into language policy and curriculum, pedagogy, and assessment practices and focuses on a wide range of geographical and language contexts. Incorporating GE into language curriculum, pedagogy, and assessment practices calls for a reframing of our pedagogical practices that take into account the use of Englishes in intercultural and multicultural encounters where people have different first languages and cultural backgrounds. This book will be of interest to policymakers, curriculum developers, and practitioner-researchers in the area of English language education.
