Cape Radicals Crain Soudien, 2019-06-03 The history of a radical group of intellectuals who founded the New Era Fellowship which shaped human rights precedents and social justice policy in South Africa In 1937 a group of young Capetonians socialist intellectuals from the Workers Party of South Africa embarked on a project they called the New Era Fellowship NEF

In doing so they sought to disrupt and challenge not only prevailing political narratives but the very premises class and race on which they were based In different forums public debates lectures study circles and cultural events the seeds of radical thinking were planted nurtured and brought to full flower Taking a position of non collaboration and non racialism the NEF played a vital role in challenging society s responses to events ranging from the problem of taking up arms during the Second World War for an empire intent on stripping people of colour of their human rights to the Hertzog Bills which foreshadowed apartheid in all its ruthless effectiveness In subsequent narratives of liberation their significance has been overlooked even disparaged and has never been fully understood and acknowledged By shining a contemporary light on the NEF and locating its contribution in current sociological and political discourse educationist Crain Soudien shows how its members were at the forefront of redefining the debate about social difference in a racially divided society Critical Theories, Radical Pedagogies, and Global Conflicts Gustavo Fischman,2005 We are living in a time of resurgent global conflicts and imperialistic tensions a time in which many children are being left behind by school systems that appear more concerned with developing accountability schemes and standardized models of testing than with defending the right of every child to have access to a good education The efforts of countless teachers activists and families working and living in poor areas around the world are labeled as failures entirely discredited on the basis of their expendability in relation to capital gains or simply ignored In response to these oppressive and challenging conditions this book s contributors a group of committed educators and activists working in an ethos of solidarity across geopolitical and geographical borders have advanced arguments and strategies that link educational transformation to the larger struggle to transform oppressive social relations In a clear attempt to move beyond both nostalgia and romanticism Critical Theories Radical Pedagogies and Global Conflicts draws from a range of viewpoints conceptual and thematic transnational and crosscultural First World and Third World to articulate new directions for teachers and activists working to demonstrate that another education and indeed another world is possible *Radicals on the Road* Judy Tzu-Chun Wu,2013-04-12 Traveling to Hanoi during the U S war in Vietnam was a long and dangerous undertaking Even though a neutral commission operated the flights the possibility of being shot down by bombers in the air and antiaircraft guns on the ground was very real American travelers recalled landing in blackout conditions without lights even for the runway and upon their arrival seeking refuge immediately in bomb shelters Despite these dangers they felt compelled to journey to a land at war with their own country believing that these efforts could change the political imaginaries of other members of the American citizenry and even alter U S policies in Southeast Asia In *Radicals on the Road* Judy Tzu Chun Wu tells the story of international journeys made by significant yet underrecognized historical figures such as African American leaders Robert Browne Eldridge Cleaver and Elaine Brown Asian American radicals Alex Hing and Pat Sumi Chicana activist Betita Martinez as well as women s peace and liberation advocates Cora Weiss and Charlotte Bunch These men and women of varying ages races sexual identities class backgrounds and religious faiths held

diverse political views Nevertheless they all believed that the U S war in Vietnam was immoral and unjustified In times of military conflict heightened nationalism is the norm Powerful institutions like the government and the media work together to promote a culture of hyperpatriotism Some Americans though questioned their expected obligations and instead imagined themselves as internationalists as members of communities that transcended national boundaries Their Asian political collaborators who included Buddhist monk Thich Nhat Hanh Foreign Minister of the Provisional Revolutionary Government Nguyen Thi Binh and the Vietnam Women s Union cultivated relationships with U S travelers These partners from the East and the West worked together to foster what Wu describes as a politically radical orientalist sensibility By focusing on the travels of individuals who saw themselves as part of an international community of antiwar activists Wu analyzes how actual interactions among people from several nations inspired transnational identities and multiracial coalitions and challenged the political commitments and personal relationships of individual activists

Socially Just, Radical Alternatives for Education

and Youth Work Practice Charlie Cooper,Sinéad Gormally,Gill Hughes,2015-10-12 Challenging dominant discourses in neoliberal marketized societies about working with disconnected young people this book argues that alternative radical approaches to formal and informal education are necessary to challenge repressive practices and to help build a more equal socially just society

Radical Care Rosa L. Rivera-McCutchen,2021 Educators often invoke the term care to describe why they entered the field and what compels them to continue This book argues that care as typically described and enacted is

not sufficient for leading schools particularly those serving Black and Brown children. Instead, school leaders need to embrace radical care. Drawing from 20 years of researching and working in New York City public schools, Rosa Rivera McCutchen outlines the five components of radical care: adopting an antiracist stance, cultivating authentic relationships, believing in students and teachers' capacity for excellence, strategically leveraging power, and embracing a spirit of radical hope. To demonstrate practical strategies, the author shares vignettes from her personal experiences that exemplify each of the components. Calling for today's school leaders to thoughtfully challenge existing structures that reproduce inequality, *Radical Care* offers a much-needed framework that will guide leadership practice with a sense of urgency and a spirit of hope. **Book Features:** Focuses on the school principal as critical catalyst for school transformation; Centers antiracism as essential to leadership practice; Includes practical strategies for navigating the sociopolitical and policy climate; Offers a roadmap for engaging teachers and staff in practicing radical care.

"Christianity, Democracy, and the Radical Ordinary" Romand Coles, Stanley Hauerwas, 2010-02-25. These essays reflect possibilities and practices of radical democracy and radical ecclesia that take form in the textures of relational care for the radical ordinary. Hauerwas and Coles point out political and theological imaginations beyond the political formations which seems to be the declination and the production of death. The authors call us to a revolutionary politics of wild patience that seeks transformation through attentive practices of listening, relationship building, and a careful tending to places, common goods, and diverse possibilities for flourishing. Religion and Radical Politics Robert Hedborg Craig, 1992. This study discusses an array of movements, organisations, and activists, many largely unstudied, who sought to aid the poor and oppressed through Christian social action.

Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice Melanie E. L. Bush, Rose M. Brewer, Daniel Douglas, Loretta Chin, Robert Newby, 2019-01-01. Editor: Melanie E. L. Bush. Foreword: Robin D. G. Kelley. Co-editors: Rose M. Brewer, Daniel Douglas, Loretta Chin, Robert Newby. Series Editor: Mohammad H. Tamdgidi. Roderick Douglas Bush (1945-2013) was a scholar, educator, mentor, activist, and a loving human being. In reflecting on his life, well-lived, the contributors in *Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice* share insightful lessons from his life and works on how to effect liberation and radical social transformation in the everyday practices of scholarship, teaching, activism, and personal interaction through a loving spirit dedicated to social justice. Rod Bush was deeply convinced that Pan-European racism is the Achilles heel of the modern world system, and the demographic situation of the United States with its large strategically located populations of color is a key locus of struggle for a more just, democratic, and egalitarian world order. This book shows, by the example of Rod Bush, how one can be the change through a commitment to everyday practices and personal transformations that embody, enable, embrace, and engage global social change. This anthology provides deep reflections on the question of how one can live radical principles in contemporary times. What does it mean to be human? How does one embed love and justice in one's worldview and daily practice? Rod Bush: partner, colleague, teacher, mentor, comrade, and friend.

was well known as an activist scholar who incorporated his values into his teaching mentorship and everyday interactions. Therefore his theoretical interests and practical involvements in movements are intimately linked and simultaneous. In his foreword Robin D G Kelley shares his intimate views of Rod Bush's life and works. In his view Rod's commitment to study and struggle in the service of human liberation knew no boundaries. His vision was planetary. He wrote critically and brilliantly about Black radical movements here and abroad and about the destructive power of racism, colonialism, capitalism, the modern world system, all with the goal of transforming a society based on exploitation, subjugation, and war into a society rooted in mutual benefit, life, and love. At a historical moment when the political landscape is fraught with volatility and the Movement for Black Lives and other struggles for dignity and justice gain increasing momentum, Rod's life serves as an example providing many lessons that we can draw from and practice ourselves. Rod consistently asserted that it is critical to recognize the historical leadership of those involved in struggles for Black Liberation and justice writ large. For a vision for Black Lives is indeed a vision that benefits all humanity. The anthology is edited by Melanie E L Bush and co-edited by Rose M Brewer, Daniel Douglas, Loretta Chin, and Robert Newby. Contributors include Robin D G Kelley, Foreword, Angelo Taiwo, Bush, Chriss Sneed, Daniel Douglas, Godfrey Vincent, Matthew Birkhold, Loretta Chin, Latoya A Lee, Tatiana Chichester, A Kia Sinclair, Mojib Oluf, nk Okome, Natalie P Byfield, Komozi Woodard, Bob Barber, Rodney D Coates, Charles Cappy, Pinderhughes Jr, James V Fenelon, Walda Katz, Fishman, Jerome Scott, Rose M Brewer, Robert Newby, Roderick D Bush, and Melanie E L Bush. The anthology is a volume XII, 2019, in the Edited Collection Series of Human Architecture, Journal of the Sociology of Self Knowledge, edited by Mohammad H Tamdgidi. Endorsements: One look at the list of contributors to this compendium with its diverse assembly of scholars, and I knew that Rod Bush's lessons would be fully absorbed and explicated. I only wish I could have spent more time with him and been a beneficiary of his immense insights on love, liberation, and justice. Rod would be proud of the commentaries and the thoughtful devotion of the editors. Herb Boyd, writer, activist, and academic, most recently author of *Black Detroit: A People's History of Self-Determination* and the forthcoming *Black Panther Film Paradigm Shift or Not An Anthology*, co-edited with Haki Madhubuti. Though sadly not a household name when the history of his era is written, undoubtedly the immense intellectual and political contributions of Rod Bush will not only be acknowledged but also celebrated. The volume at hand gives an indication of why this is so. Gerald Horne, author *The Apocalypse of Settler Colonialism: The Roots of Slavery, White Supremacy, and Capitalism in 17th Century North America and the Caribbean*. This is a brilliant collection of essays by notable engaged scholars celebrating the life and work of Rod Bush as a whole, forming a textual critique of Bush's essential research, theory, and writing. It elucidates the most important decolonial movements of our time, including race, class, and gender. Black internationalism, Black nationalism, and Native American struggles, social justice, and more. Other essays reveal the beauty and ethical stance of the man himself. The book is a treasure that social science and humanities instructors will find invaluable as a teaching text. Roxanne Dunbar Ortiz, professor emerita, author of *An*
