Amy Lowell, Diva Poet Melissa Bradshaw, 2016-12-05 In her reassessment of Amy Lowell as a major figure in the modern American poetry movement Melissa Bradshaw uses theories of the diva and female celebrity to account for Lowell's extraordinary literary influence in the early twentieth century and her equally extraordinary disappearance from American letters after her death Recognizing Amy Lowell as a literary diva Bradshaw shows accounts for her commitment to her art her extravagant self promotion and self presentation and her fame which was of a kind no longer associated with poets It also explains the devaluation of Lowell's poetry and criticism since a woman's diva status is always short lived and the accomplishments of celebrity women are typically dismissed and trivialized In restoring Lowell to her place within the American poetic renaissance of the nineteen teens and twenties Bradshaw also recovers a vibrant moment in popular culture when poetry enjoyed mainstream popularity audiences packed poetry readings and readers avidly followed the honors exploits and feuds of their favorite poets in the literary columns of daily newspapers Drawing on a rich array of letters memoirs newspapers and periodicals but eschewing the biographical interpretations of her poetry that have often characterized criticism on Lowell Bradshaw gives us an Amy Lowell who could not be further removed from the lonely victim of ill health and obesity who appears in earlier book length studies Amy Lowell as diva poet takes her rightful place as a powerful writer of modernist verse who achieved her personal and professional goals without capitulating to heteronormative ideals of how a woman should act think or appear

Movement as Meaning in Experimental Cinema Daniel Barnett, 2017-08-10. Movement as Meaning in Experimental Cinema offers sweeping and cogent arguments as to why analytic philosophers should take experimental cinema seriously as a medium for illuminating mechanisms of meaning in language. Using the analogy of the movie projector, Barnett deconstructs all communication acts into functions of interval, repetition, and context. He describes how Wittgenstein's concepts of family resemblance and language games provide a dynamic perspective on the analysis of acts of reference. He then develops a hyper-simplified formula of movement as meaning to discuss with true equivalence the process of reference as it occurs in natural language, technical language, poetic language, painting, photography, music, and of course cinema. Barnett then applies his analytic technique to an original perspective on cine-poetics based on Paul Valéry's concept of omnivalence and to a projection of how this style of analysis, derived from analog cinema, can help us clarify our view of the digital mediasphere and its relation to consciousness. Informed by the philosophy of Quine, Dennett, Merleau-Ponty, as well as the later work of Wittgenstein, among others, he uses the film work of Stan Brakhage, Tony Conrad, A.K. Dewdney, Nathaniel Dorsky, Ken Jacobs, Owen Land, Saul Levine, Gregory Markopoulos, Michael Snow, and the poetry of Bashō, John Cage, John Cayley, and Paul Valéry to illustrate the power of his unique perspective on meaning.
