

Russia In Revolution

Ralph Brownell Dennis

Russia In Revolution:

Russia in Revolution Stephen Anthony Smith, 2017 The Russian Revolution of 1917 transformed the face of the Russian empire politically economically socially and culturally and also profoundly affected the course of world history for the rest of the twentieth century Now to mark the centenary of this epochal event historian Steve Smith presents a panoramic account of the history of the Russian empire from the last years of the nineteenth century through the First World War and the revolutions of 1917 and the establishment of the Bolshevik regime to the end of the 1920s when Stalin simultaneously unleashed violent collectivization of agriculture and crash industrialization upon Russian society Drawing on recent archivally based scholarship *Russia in Revolution* pays particular attention to the varying impact of the Revolution on the various groups that made up society peasants workers non Russian nationalities the army women and the family young people and the Church 0In doing so it provides a fresh way into the big perennial questions about the Revolution and its consequences why did the attempt by the tsarist government to implement political reform after the 1905 Revolution fail why did the First World War bring about the collapse of the tsarist system why did the attempt to create a democratic system after the February Revolution of 1917 not get off the ground why did the Bolsheviks succeed in seizing and holding on to power why did they come out victorious from a punishing civil war why did the New Economic Policy they introduced in 1921 fail and why did Stalin come out on top in the power struggle inside the Bolshevik party after Lenin s death in 1924 A final chapter then reflects on the larger significance of 1917 for the history of the twentieth century and for all its terrible flaws what the promise of the Revolution might mean for us today *Russia in Revolution* John Robertson, 1982 *Russia in Revolution* S. A. Smith, 2016-12-01 The Russian Revolution of 1917 transformed the face of the Russian empire politically economically socially and culturally and also profoundly affected the course of world history for the rest of the twentieth century Now to mark the centenary of this epochal event historian Steve Smith presents a panoramic account of the history of the Russian empire from the last years of the nineteenth century through the First World War and the revolutions of 1917 and the establishment of the Bolshevik regime to the end of the 1920s when Stalin simultaneously unleashed violent collectivization of agriculture and crash industrialization upon Russian society Drawing on recent archivally based scholarship *Russia in Revolution* pays particular attention to the varying impact of the Revolution on the various groups that made up society peasants workers non Russian nationalities the army women and the family young people and the Church In doing so it provides a fresh way into the big perennial questions about the Revolution and its consequences why did the attempt by the tsarist government to implement political reform after the 1905 Revolution fail why did the First World War bring about the collapse of the tsarist system why did the attempt to create a democratic system after the February Revolution of 1917 not get off the ground why did the Bolsheviks succeed in seizing and holding on to power why did they come out victorious from a punishing civil war why did the New Economic Policy they introduced in 1921 fail and why did

Stalin come out on top in the power struggle inside the Bolshevik party after Lenin's death in 1924. A final chapter then reflects on the larger significance of 1917 for the history of the twentieth century and for all its terrible flaws what the promise of the Revolution might mean for us today

Russia in Revolution 1890-1918 Lionel Kochan, 1966 Documented study that traces the gradual transition of Russia's near feudal society to one of open civil war and a totalitarian communist state

Russia in Revolution George Herbert Perris, 2023-07-19 This book provides an insightful account of the Russian Revolution of 1917 including the conditions that led to it the major players involved and the outcomes Perris draws from numerous primary sources and his own experiences to paint a vivid picture of this pivotal historical period This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Russia in Revolution George Herbert Perris, 1905

Russia in Revolution Lionel Kochan, 1966

Russia in Revolution Ernest Milton Halliday, 1967 Horizon caravel book A history of the Russian Revolution from its origin in the 19th century to the death of Lenin Lavish use is made of contemporary drawings and photographs

The Russian Revolution Sheila Fitzpatrick, 2017 This updated new edition of Sheila Fitzpatrick's classic short history of the Russian Revolution takes into account the centenary of the Revolution in 2017 and what it means today

Making War, Forging Revolution Peter Holquist, 2002-12-30 Reinterpreting the emergence of the Soviet state Holquist situates the Bolshevik Revolution within the continuum of mobilization and violence that began with World War I and extended through Russia's civil war thereby providing a genealogy for Bolshevik political practices that places them clearly among Russian and European wartime measures

Russia: From Revolution To Counter-Revolution Ted Grant, *Revolutionary Russia* Rex A. Wade, 2004-07-31 This collection presents the major recent writings on the Russian Revolution and its context It brings together key texts to illustrate new interpretive approaches and covers the central topics and themes Together the chapters in this volume form a coherent representation of both the events and the theories and debates that relate to them

Russia in Revolution, 1900-1930 Harrison Evans Salisbury, 1978 A narrative and pictorial portrait of the political and artistic upheaval that changed the course of Russian history and culture during the first three decades of the century

The Dawn in Russia Henry Woodd Nevins, 1906

Russia in Revolution and Its Lesson to America Ralph Brownell Dennis, 1919

Revolution in Russia Edith Rogovin Frankel, Jonathan Frankel, Baruch Knei-Paz, 1992-01-30 The Russian Revolution of 1917 continues to be a subject of most intense controversy Eighteen leading specialists from different generations countries and schools of thought accordingly re-examine the key issues and events of

that crucial year *The Bolsheviks Come to Power* Alexander Rabinowitch, 2004 For generations in the West Cold War animosity blocked dispassionate accounts of the Russian Revolution This history authoritatively restores the upheaval's primary social actors workers soldiers and peasants to their rightful place at the center of the revolutionary process **The Spirit of Change** Margot Morcombe, 2007 **The Challenge of Revolution** Vladimir Mau, Irina Starodubrovskaya, 2001-02-22 This volume provides an challenging and controversial explanation of the recent events in Russia It examines the causes processes and consequences of Russia's recent political development Drawing on and criticizing the existing literature the book also shows how the recent Russian experience casts light on general theories of revolution and comparative political developments The transformation in Russia is usually compared with transformations in other post communist countries The authors argue that the Russian transformation should be explained in the logic of the great revolutions of the past such as the English Civil War the French Revolution and the Bolshevik Revolution The difficulties and inconsistency of Russian reforms are usually explained as a result of mistakes made by reformers This book argues however that these problems should be considered as a natural consequence of the weak state In revolution the weakness of state power is inevitable resulting from social fragmentation property rights transformation changes in the interests of different social groups Hence the authors argue that most of the transitional problems in Russia were unavoidable The authors go on to argue that revolutions are usually considered as rapid change made through violence However the spontaneous character of change in the situation of a weak state is a much more important feature of any revolution than violence The book contains unique interviews with four leaders of the Russian transformation Mikhail Gorbachev Alexander Yakovlev Yegor Gaidar and Gennadii Burbulis as well as the personal experience of the authors who were deeply involved in the practical process of Russian transformation **Russia, 1917** Jonathan Sanders, 1989
