Russia Negro:

American Girls in Red Russia Julia L. Mickenberg, 2017-04-25 If you were an independent adventurous liberated American woman in the 1920s or 1930s where might you have sought escape from the constraints and compromises of bourgeois living Paris and the Left Bank quickly come to mind But would you have ever thought of Russia and the wilds of Siberia This choice was not as unusual as it seems now As Julia L Mickenberg uncovers in *American Girls in Red Russia* there is a forgotten counterpoint to the story of the Lost Generation beginning in the late nineteenth century Russian revolutionary ideology attracted many women including suffragists reformers educators journalists and artists as well as curious travelers Some were famous like Isadora Duncan or Lillian Hellman some were committed radicals though more were just intrigued by the Soviet experiment But all came to Russia in search of social arrangements that would be more equitable just and satisfying And most in the end were disillusioned some by the mundane realities others by horrifying truths Mickenberg reveals the complex motives that drew American women to Russia as they sought models for a revolutionary new era in which women would be not merely independent of men but also equal builders of a new society Soviet women after all earned the right to vote in 1917 and they also had abortion rights property rights the right to divorce maternity benefits and state supported childcare Even women from Soviet national minorities many recently unveiled became public figures as African American and Jewish women noted Yet as Mickenberg's collective biography shows Russia turned out to be as much a grim commune as a utopia of freedom replete with economic social and sexual inequities *American Girls in Red Russia* recounts the experiences of women who saved starving children from the Russian famine worked on rural communes in Siberia wrote for Moscow or New York newspapers or performed on Soviet stages Mickenberg finally tells these forgotten stories full of hope and grave disappointments

Blacks, Reds, and Russians Joy Gleason Carew, 2008 One of the most compelling yet little known stories of race relations in the twentieth century is the account of blacks who chose to leave the United States to be involved in the Soviet Experiment in the 1920s and 1930s In *Blacks Reds and Russians* Joy Gleason Carew offers insight into the political strategies that often underlie relationships between different peoples and countries Interviews with the descendents of figures such as Paul Robeson and Oliver Golden offer rare personal insights into the story of a group of emigrants who confronted by the daunting challenges of making a life for themselves in a racist United States found unprecedented opportunities in communist Russia

white European response to blacks in their countries the black experiences and impact there and the major interactions between Europe and Africa the Caribbean and the United States that resulted in the settling of blacks in Europe The range of information presented is impressive with entries on noted European political literary and cultural figures of black descent from ancient times to the present major literary works that had a substantial impact on European perceptions of blacks black holidays and festivals the struggle for civil equality for blacks the role and influence of blacks in contemporary European popular culture black immigration to Europe black European identity and much more Offered as well are entries on organizations that contributed to the development of black political and social rights in Europe representations of blacks in European art and cultural symbols and European intellectual and scientific theories on blacks Individual entries on Britain Spain Portugal France Italy Germany the Netherlands Russia Central Europe Scandinavia and Eastern Europe include historical overviews of the presence and contributions of blacks and discussion of country s role in the African slave trade and abolition and its colonies in Africa and the Caribbean Suggestions for further reading accompany each entry A chronology resource guide and photos complement the text

Red International and Black Caribbean Margaret Stevens,2017-10-20 Selected as one of openDemocracy s Best Political Books of 2017 This is the history of the black radicals who organised as Communists between the two imperialist wars of the twentieth century It explores the political roots of a dozen organisations and parties in New York City Mexico and the Black Caribbean including the Anti Imperialist League and the American Negro Labour Congress and the Haiti Patriotic League and reveals a history of myriad connections and shared struggle across the continent This book reclaims the centrality of class consciousness and political solidarity amongst these black radicals who are too often represented as separate from the international Communist movement which emerged after the Russian Revolution in 1917 Instead it describes the inner workings of the Red International in relation to struggles against racial and colonial oppression It introduces a cast of radical characters including Richard Moore Otto Huiswoud Navares Sager Grace Campbell Rose Pastor Stokes and Wilfred Domingo Challenging the great men narrative Margaret Stevens emphasises the role of women in their capacity as laborers the struggles of peasants of colour and of black workers in and around Communist parties

Impacts of Large Dams: A Global Assessment Cecilia Tortajada,Dogan Altinbilek,Asit K. Biswas,2012-01-10 One of the most controversial issues of the water sector in recent years has been the impacts of large dams Proponents have claimed that such structures are essential to meet the increasing water demands of the world and that their overall societal benefits far outweigh the costs In contrast the opponents claim that social and environmental costs of large dams far exceed their benefits and that the era of construction of large dams is over A major reason as to why there is no consensus on the overall benefits of large dams is because objective authoritative and comprehensive evaluations of their impacts especially ten or more years after their construction are conspicuous by their absence This book debates impartially

comprehensively and objectively the positive and negative impacts of large dams based on facts figures and authoritative analyses These in depth case studies are expected to promote a healthy and balanced debate on the needs impacts and relevance of large dams with case studies from Africa Asia Australia Europe and Latin America *Pan-Africanism* Hakim Adi, 2018-08-23 The first survey of the Pan African movement this century this book provides a history of the individuals and organisations that have sought the unity of all those of African origin as the basis for advancement and liberation Initially an idea and movement that took root among the African Diaspora in more recent times Pan Africanism has been embodied in the African Union the organisation of African states which includes the entire African Diaspora as its sixth region Hakim Adi covers many of the key political figures of the 20th century including Du Bois Garvey Malcolm X Nkrumah and Gaddafi as well as Pan African culture expression from N gritude to the wearing of the Afro hair style and the music of Bob Marley
