

# RUSSIA UNDER THE BOLSHEVIK REGIME 1919-1924

## RICHARD PIPES

"A tremendously distinguished work of revisionist history... It is rare that a book is both completely revisionist and liable to become the standard text on its subject. This is one"

ANDREW ROBERTS, DAILY TELEGRAPH

# Russia Under The Bolshevik Regime 1919 1924

**Colin Darch**

## **Russia Under The Bolshevik Regime 1919 1924:**

**Russia Under the Bolshevik Regime** Richard Pipes, 1993 This is the final volume in Richard Pipes magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin's death in 1924 *Russia Under the Bolshevik Regime, 1919-1924* Richard Pipes, 1994 This is the second of two volumes covering the origins and progress of the Bolshevik Revolution They provide a complete account of the Russian Revolution which made a large impact on the 20th century subjecting a large part of the Earth's population to the Communist experiment **The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24** Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s **The "Russian" Civil Wars, 1916-1926** Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow European Communism Ronald Kowalski, 2017-09-16 The course of modern European History has been influenced greatly by the challenge of Communism In theory it promised equality and freedom for all In practice it spawned inegalitarian authoritarian and in some instances monstrous regimes in the former Soviet Union and East Europe This study re examines the history of European Communism from its theoretical origins in the work of Marx and Engels in the mid

nineteenth century until the dramatic collapse of the Soviet Union in 1991 Ronald Kowalski reappraises Marx's thinking and points out that his intellectual legacy was open to a variety of interpretations often at odds with his own views Kowalski also questions Lenin's professed Marxist credentials and the extent to which his additions to Marxist theory were central to the key issue in the history of Communism why did the egalitarian and libertarian dreams raised by the Russian Revolution degenerate into Stalinist authoritarianism and terror Furthermore why did Communism fail in West Europe while it was able to come to power in East Europe Concluding with an analysis of the revolutions which swept away the Communist regimes in East Europe and two years later in the Soviet Union itself this is an essential introduction to the history of a political force that dominated parts of Europe until the end of the twentieth century Communism and the Emergence of Democracy

Harald Wydra, 2007-02-08 Before democracy becomes an institutionalised form of political authority the rupture with authoritarian forms of power causes deep uncertainty about power and outcomes This book connects the study of democratisation in eastern Europe and Russia to the emergence and crisis of communism Wydra argues that the communist past is not simply a legacy but needs to be seen as a social organism in gestation where critical events produce new expectations memories and symbols that influence meanings of democracy By examining a series of pivotal historical events he shows that democratisation is not just a matter of institutional design but rather a matter of consciousness and leadership under conditions of extreme and traumatic incivility Rather than adopting the opposition between non democratic and democratic Wydra argues that the communist experience must be central to the study of the emergence and nature of democracy in post communist countries *Historical Dictionary of the Russian Civil Wars, 1916-1926* Jonathan D.

Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

**Mastering Twentieth-Century Russian History** Norman Lowe, 2020-08-29 Mastering Twentieth Century Russian History presents a vivid and informative account of the events which befell the Russian people during the course of the twentieth century Explores the major developments of the last century from the revolution of 1905 to the First and Second

World Wars to the Cold War and the rise and fall of the USSR Examines key figures and their actions from Nicholas II Lenin Trotsky Stalin Khrushchev Brezhnev Gorbachev and Yeltsin to Putin Deals with events right up to 2000 enabling the Soviet experiment to be placed in context a decade after its collapse Incorporates the latest research from British American and Russian historians examining key controversies and debates Includes primary source material maps photographs posters and a full chronology of events This text is the ideal companion for anyone seeking a clear yet detailed introduction to the fascinating events of twentieth century Russian history

On Violence in History Philip Dwyer, Mark S. Micale, 2020-01-10 Is global violence on the decline Scholars argue that Harvard psychologist Steven Pinker's proposal that violence has declined dramatically over time is flawed This highly publicized argument that human violence across the world has been dramatically abating continues to influence discourse among academics and the general public alike In this provocative volume a cast of eminent historians interrogate Pinker's thesis by exposing the realities of violence throughout human history In doing so they reveal the history of human violence to be richer more thought provoking and considerably more complicated than Pinker claims From the introduction Not all of the scholars included in this volume agree on everything but the overall verdict is that Pinker's thesis for all the stimulus it may have given to discussions around violence is seriously if not fatally flawed The problems that come up time and again are the failure to genuinely engage with historical methodologies the unquestioning use of dubious sources the tendency to exaggerate the violence of the past in order to contrast it with the supposed peacefulness of the modern era the creation of a number of straw men which Pinker then goes on to debunk and its extraordinarily Western centric not to say Whiggish view of the world Complex historical questions as the essays in this volume clearly demonstrate cannot be answered with any degree of certainty and certainly not in a simplistic way Our goal here is not to offer a final definitive verdict on Pinker's work it is rather to initiate an ongoing process of assessment that in the future will incorporate as much of the history profession as possible

*The Secret History of Soviet Russia's Police State* Martyn Whittock, 2020-07-23 Readable and thoughtful does an excellent job of exploring how the murderous political police in all its incarnations defined the Soviet Union and left a poisonous legacy still with us today Professor Mark Galeotti author of *The Vory* and *A Short History of Russia* Repression control manipulation and elimination of enemies assisted in the establishment of the Soviet state and helped maintain it in power but could not in the end prevent its collapse Citizens of the West have for the most part been told a very simplified story of the repressive totalitarian state that was the USSR In fact it was sustained by more than just policing and force No amount of revisionist history can erase the reality of millions controlled imprisoned and killed but there was much more to the USSR's one party state than this Whittock tells a more complex story of the combination of cruelty co operation and compromise required to build and run a one party state Much of this is the story of the role played by the secret police in creating and sustaining such a form of government but it is much more than simply a history of the secret police This is because the police state which emerged in which dissent both real and

imaginary was undoubtedly policed threatened and ruthlessly eliminated was more than just the product of the arrests interrogations executions and imprisonments carried out by the secret police The USSR was also made possible by a battle for hearts and minds which led millions of people to feel that they really had benefited from the system and had a stake in the new society

*Non-Democratic Regimes* Paul Brooker,2013-12-04 A comprehensive assessment of the nature and evolving character of authoritarian regimes their changing character and the main theoretical explanations of their incidence character and performance The third edition covers the rise of new forms of disguised dictatorship and semi competitive democracy in the 21st Century

Plato's Dreams Realized Aleksandr Vladimirovich Avakov,2006 In this study of the philosophical and political nature of law morality rights and security a Russian dissident shares his experience with the KGB and then with the US national security state and details the history of political surveillance in the US

*States of Obligation* Yanni Kotsonis,2014-01-01 Beginning in the 1860s the Russian Empire replaced a poll tax system that originated with Peter the Great with a modern system of income and excise taxes Russia began a transformation of state fiscal power that was also underway across Western Europe and North America States of Obligation is the first sustained study of the Russian taxation system the first to study its European and transatlantic context and the first to expose the essential continuities between the fiscal practices of the Russian Empire and the Soviet Union Using a wealth of materials from provincial and local archives across Russia Yanni Kotsonis examines how taxation was simultaneously a revenue raising and a state building tool a claim on the person and a way to produce a new kind of citizenship During successive political wartime and revolutionary crises between 1855 and 1928 state fiscal power was used to forge social and financial unity and fairness and a direct relationship with individual Russians State power eventually overwhelmed both the private sector economy and the fragile realm of personal privacy States of Obligation is at once a study in Russian economic history and a reflection on the modern state and the modern citizen

*Nestor Makhno and Rural Anarchism in Ukraine, 1917-1921* Colin Darch,2020-09-20 Histories of the Russian Revolution often present the Bolshevik seizure of power in 1917 as the central event neglecting the diverse struggles of urban and rural revolutionaries across the heartlands of the Russian Empire This book takes as its subject one such struggle the anarcho communist peasant revolt led by Nestor Makhno in left bank Ukraine locating it in the context of the final collapse of the Empire that began in 1914 Between 1917 and 1921 the Makhnovists fought German and Austrian invaders reactionary monarchist forces Ukrainian nationalists and sometimes the Bolsheviks themselves Drawing upon anarchist ideology the Makhnovists gathered widespread support amongst the Ukrainian peasantry taking up arms when under attack and playing a significant role in temporary alliance with the Red Army in the defeats of the White Generals Denikin and Wrangel The Makhnovist movement is often dismissed as a kulak revolt or a manifestation of Ukrainian nationalism here Colin Darch analyses its successes and its failures emphasising its revolutionary character Over 100 years after the revolutions this book reveals a lesser known side of 1917 contributing both to histories of the period and

broadening the narrative of 1917 whilst enriching the lineage of anarchist history      **Lenin** Beryl Williams,2014-06-17  
Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin's years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin's life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period      **Revolutionary Europe** Gavin Murray-Miller,2020-02-06 CHOICE Outstanding Academic Title 2021 Revolutionary Europe is an original examination of radical political movements during Europe's long 19th century It employs both national and transnational contexts incorporating new debates in Atlantic history empire studies and cultural history to give a comprehensive narrative of the period from 1775 to 1922 Rather than assessing revolution as a purely theoretical socially driven force or a structural phenomenon the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis Taking into account various moments of political upheaval during the 19th century including the French Russian and 1848 revolutions it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism      *Europeans* Åke Daun,Sören Jansson,2012-01-02 Social scientists a rehabilitation researcher a folklorist a political commentator and other contributors survey some of the differences in European culture and discuss the complex topic of national identity in Europe This volume forms a fascinating mosaic of European diversity revealing idiosyncrasies such as that it is rude to interrupt in Sweden that acting normal is quite silly enough in the Netherlands how Poles banter about heroes how Icelandic national identity fits into a Nordic and international context why reunified Germany is one country and two cultures and whether there is such a thing as a Belgian national identity  
"Enemies of the People" Under the Soviets Peter Julicher,2015-03-27 The Soviet era was a time of social and economic upheaval in Russia's history as the Bolsheviks strove to build a socialist utopia based on the theories of Karl Marx Central to this endeavor was the 25 year dictatorship of Josef Stalin whose determination to make the Soviet Union a dominant industrial and military power created misery on a grand scale and caused the deaths of millions of people Stalin arbitrarily invoked the specter of enemies of the people to destroy anyone who opposed the new socialist order Millions of Soviet citizens were executed in continuous purges and millions more perished in the slave labor camps of the Gulag This book describes the fate of those citizens who were declared enemies of the people not because of what they had done but because of who they were Stalin's repression not only destroyed the best and brightest it prevented the development of a civil society

in the Soviet Union which would have promoted economic justice the rule of law and basic human rights for all

**Borderland** Anna Reid, 2023-02-07 A beautifully written evocation of Ukraine's brutal past and its shaky efforts to construct a better future Financial Times Borderland tells the story of Ukraine A thousand years ago it was the center of the first great Slav civilization Kievan Rus In 1240 the Mongols invaded from the east and for the next seven centuries Ukraine was split between warring neighbors Lithuanians Poles Russians Austrians and Tatars Again and again borderland turned into battlefield during the Cossack risings of the seventeenth century Russia's wars with Sweden in the eighteenth the Civil War of 1918 1920 and under Nazi occupation Ukraine finally won independence in 1991 with the collapse of the Soviet Union Bigger than France and as populous as Britain it has the potential to become one of the most powerful states in Europe In this finely written and penetrating book Anna Reid combines research and her own experiences to chart Ukraine's tragic past Talking to peasants and politicians rabbis and racketeers dissidents and paramilitaries survivors of Stalin's famine and of Nazi labor camps she reveals the layers of myth and propaganda that wrap this divided land From the Polish churches of Lviv to the coal mines of the Russian speaking Donbass from the Galician shtetlekh to the Tatar shantytowns of Crimea the book explores Ukraine's struggle to build itself a national identity and identity that faces up to a bloody past and embraces all the peoples within its borders *Revolution, Counterrevolution and Assassination Through World War II* Robert C.

Cottrell, 2024-12-13 Since the French Revolution the quest for revolutionary transformation and the fear of such change became deeply ingrained in the global landscape through World War II Modern revolutions inspired counterrevolutions that strove to turn back time to an allegedly purer finer more moral period than the upheaval and anarchy linked to a revolutionary epoch Revolutions often occurred through violence and entailed a disruption of existing social economic and political orders Counterrevolutions were equally guilty and frequently more so of horrific bloodletting in the name of restoring law and order often by shredding legal and ethical norms Drawing from a vast array of sources both primary and secondary this first of a two volume set presents a highly detailed narrative of an unholy trinity revolution counterrevolution and assassination Combining intellectual political social and cultural history this book highlights international protagonists movements and ideas supporting the radical or reactionary upheaval of society and the means that have been used to do so

## Russia Under The Bolshevik Regime 1919 1924 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russia Under The Bolshevik Regime 1919 1924 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russia Under The Bolshevik Regime 1919 1924 has opened up a world of possibilities. Downloading Russia Under The Bolshevik Regime 1919 1924 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russia Under The Bolshevik Regime 1919 1924 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russia Under The Bolshevik Regime 1919 1924. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russia Under The Bolshevik Regime 1919 1924. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russia Under The Bolshevik Regime 1919 1924, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russia Under The Bolshevik Regime 1919 1924 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Russia Under The Bolshevik Regime 1919 1924 Books

**What is a Russia Under The Bolshevik Regime 1919 1924 PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Russia Under The Bolshevik Regime 1919 1924 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russia Under The Bolshevik Regime 1919 1924 PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russia Under The Bolshevik Regime 1919 1924 PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Russia Under The Bolshevik Regime 1919 1924 PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
