artists of the Organic School of the Russian avant garde found inspiration as well as a model for artistic growth in the creative principles of nature Isabel Wünsche analyzes the artistic influences intellectual foundations and scientific publications that shaped the formation of these artists Particular emphasis is given to the holistic worldviews and organic approaches prevalent among artists of the pre revolutionary avant garde and the emergence of the concept of Organic Culture     Acrobatic Modernism from the Avant-Garde to Prehistory Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound s slogan Make It New became the generic rallying cry of

renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both

2023 Günter Berghaus, Dalila Colucci, Tim Klähn, 2023-12-04 This thirteenth volume of the International Yearbook of Futurism Studies explores some of the many facets of Neo Futurism from the second half of the twentieth century to the present day It looks both at the revival and the continuation of Futurist aesthetics whether in explicit or palimpsest form in a variety of media literature visual art design music architecture theatre and photography The essays delve into the broad spectrum of artistic research and offer a good dozen case studies that document with a transnational and interdisciplinary orientation the manifold forms of Neo Futurism in various parts of the world They investigate how historical Futurism's intellectual and artistic perspective was appropriated and developed further in a more or less conscious faithful and original way all the while confronting its progenitor's cultural social and political misconceptions Interdisciplinary contributions to neo futurism as a global phenomenon

**The Institutions of Russian Modernism** Jonathan Stone, 2017-10-15 The Institutions of Russian Modernism illuminates the key role of Symbolism as the earliest form of modernism in Russia emerging seemingly ex nihilo at the end of the nineteenth century Combining book history periodical studies and reception theory Jonathan Stone examines the poetry and theory of Russian Symbolism within the framework of the institutions that organized published and disseminated the works to Russian readers Surveying a wealth of examples of books journals and almanacs Stone traces how publishers of Symbolist works marketed the movement and fashioned a Symbolist reader His persuasive argument that after its eclipse Symbolism's legacy remained embedded in the heart of Russian modernism will be of interest to scholars and general readers

*Children and Yiddish Literature From Early Modernity to Post-Modernity* Gennady Estraiikh, Kerstin Hoge, Krutikov Mikhail, 2016-05-20 Children have occupied a prominent place in Yiddish literature since early modern times but children's literature as a genre has its beginnings in the early 20th century Its emergence reflected the desire of Jewish intellectuals to introduce modern forms of education and promote ideological agendas both in Eastern Europe and in immigrant communities elsewhere Before the Second World War a number of publishing houses and periodicals in Europe and the Americas specialized in stories

novels and poems for various age groups Prominent authors such as Yankev Glatshteyn Der Nister Joseph Opatoshu Leyb Kvitko made original contributions to the genre while artists such as Marc Chagall El Lissitzky and Yisakhar Ber Rybak also took an active part In the Soviet Union meanwhile children s literature provided an opportunity to escape strong ideological pressure Yiddish children s literature is still being produced today both for secular and strongly Orthodox communities This volume is a pioneering collective study not only of children s literature but of the role played by children in literature

Word Play Ainsley Morse,2021-03-15 Word Play traces the history of the relationship between experimental aesthetics and Soviet children s books a relationship that persisted over the seventy years of the Soviet Union s existence From the earliest days of the Soviet project children s literature was taken unusually seriously its quality and subject matter were issues of grave political significance Yet it was often written and illustrated by experimental writers and artists who found the childlike aesthetic congenial to their experiments in primitivism minimalism and other avant garde trends In the more repressive environment following Stalin s rise to power experimental aesthetics were largely relegated to unofficial and underground literature but unofficial writers continued to author children s books which were often more appealing than adult literature of the time Word Play focuses on poetry as the primary genre for both children s and unofficial literature throughout the Soviet period Five case studies feature poets cum children s writers Leonid Aronzon Oleg Grigoriev Igor Kholin Vsevolod Nekrasov and Dmitri Prigov whose unpublished work was not written for children but features lexical and formal elements abundant humor and childlike lyric speakers that are aspects of the childlike aesthetic The book concludes with an exploration of the legacy of this aesthetic in Russian poetry today Drawing on rich primary sources Word Play joins a growing literature on Russian children s books connecting them to avant garde poetics in fresh surprising ways **The**

*Esfir Shub* Ilana Shub Sharp, 2021-12-30 Esfir Shub was the only prominent female director of nonfiction film present at the dawning of the Soviet film industry She was in fact the first woman both to write critical texts on cinema and then practically apply these theorisations in her own films As such her syncretism of cinema theory and praxis inspired her to ask questions regarding both the nature of nonfiction film such as the problem of authenticity and reality and the function of the artist in society issues which are still relevant in contemporary discussions about the documentary Accordingly this book demonstrates Shub s position not only as a significant filmmaker and recognised member of the early Soviet avant garde but also as a key figure in global cinema history Shub deserves recognition both as the founder and ardent promoter of the compilation film genre and as a pioneer of the theory and practice of documentary filmmaking
