*Historical Dictionary of Socialism* Peter Lamb, 2024-02-20 Socialism has been an influential force for social change for almost two centuries Its philosophy and ideology have inspired millions while simultaneously arousing fear and revulsion in its enemies Having emerged after the French Revolution in the effort to build upon and develop the egalitarian ideas of the Enlightenment socialism has taken many forms It has furthermore sometimes been manipulated and reformulated by opportunists who have built authoritarianism and totalitarian dictatorships in its name Opponents seize on

such examples to frighten away people who may otherwise have found socialism attractive Socialism has survived such criticism and misrepresentation as its core principles have struck a chord with generations of people concerned with social justice Historical Dictionary of Socialism Fourth Edition contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 500 cross referenced entries on activists politicians political thinkers political parties and organizations and key topics concepts and aspects of socialist theory This book is an excellent access point for students researchers and anyone wanting to know more about socialism **AQA A-level History: Tsarist and Communist Russia 1855-1964** Chris Corin,Terry Fiehn,2015-07-31 Exam Board AQA Level AS A level Subject History First Teaching September 2015 First Exam June 2016 AQA approved Enhance and expand your students knowledge and understanding of their AQA breadth study through expert narrative progressive skills development and bespoke essays from leading historians on key debates Builds students understanding of the events and issues of the period with authoritative well researched narrative that covers the specification content Introduces the key concepts of change continuity cause and consequence encouraging students to make comparisons across time as they advance through the course Improves students skills in tackling interpretation questions and essay writing by providing clear guidance and practice activities Boosts students interpretative skills and interest in history through extended reading opportunities consisting of specially commissioned essays from practising historians on relevant debates Cements understanding of the broad issues underpinning the period with overviews of the key questions end of chapter summaries and diagrams that double up as handy revision aids

**Mandelstam's Worlds** Andrew Kahn,2020-07-28 Rightly appreciated as a poet s poet Mandelstam has been habitually read as a repository of learned allusion Yet as Seamus Heaney observed his work is as firmly rooted in both an historical and cultural context as real as Joyce s Ulysses or Eliot s Waste Land Great lyric poets offer a cross section of their times and Mandelstam s poems represent the worlds of politics history art and ideas about intimacy and creativity The interconnections between these domains and Mandelstam s writings are the subject of this book showing how engaged the poet was with the history social movements political ideology and aesthetics of his time The importance of the book also lies in showing how literature no less than history and philosophy enables readers to confront the huge upheaval in outlook can demand of us thinking with poetry is to think through the moral compromise and tension felt by individuals in public and private contexts and to create out of art experience in itself The book further innovates by integrating a new comprehensive discussion of the Voronezh Notebooks one of the supreme achievements of Russian poetry This book considers the full political dimension of works that explore the role of the poet as a figure positioned within society but outside the state caught between an ideal of creative independence and a devotion to the original ameliorative ideals of the revolution *Readings on the Russian Revolution* Melissa K. Stockdale,2020-09-03 Readings on the Russian Revolution brings together 15 important post Cold War writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and

contrasting methodological approaches to the Revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors Language Symbols War Revolution and the State Revolutionary Dreams and Identities and Outcomes and Impacts that explore the beginnings events and outcomes of the Russian Revolution as well as examinations of central figures critical topics and major historiographical battlegrounds Melissa Stockdale also provides translations of two crucial Russian language works published here in English for the first time and includes useful pedagogical features such as a glossary chronology and thematic bibliography to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution
