Russian Security After The Cold War Seven Views From Moscow:

Russian Security After the Cold War Aleksei Georgievich Arbatov, 1994 *Parameters*, 1996 **The Arms Production Dilemma** Randall Forsberg, 1994 The studies show how military strategy planned forces and the age of systems in the current inventory affect the domestic demand for new production how the recent drop in domestic demand affects arms industries and the extent to which governments and firms in the arms producing nations are turning to exports to sustain the industries In the shrinking arms market of the post Cold War era countries with advanced arms industries face difficult choices concerning force size arms production arms export and defense industrial capacity This book explores the links among these issues through a detailed study of the combat aircraft industries in the United States Russia Britain France Germany Italy and Sweden the seven countries that develop produce and export all of the world s technologically advanced weapon systems The studies show how military strategy planned forces and the age of systems in the current inventory affect the domestic demand for new production how the recent drop in domestic demand affects arms industries and the extent to which governments and firms in the arms producing nations are turning to exports to sustain the industries Stunning changes in Russia s combat aircraft forces industry and strategy are detailed here for the first time as are expected future Russian combat aircraft exports to China Newly compiled data also show that in the United States and Russia and globally arms production for export will exceed production for domestic use for the first time in history starting in 1995 Arms production is thus increasingly dominated by commercial rather than security interests Ultimately at issue is whether governments will exploit the opportunity offered by the dramatic post Cold War contraction of the world arms market to reduce their armed forces and constrain international arms trade while shrinking the arms industry or keep pushing arms exports that generate new threats and justify larger armed forces more arms production and bigger arms industries

Shaping Europe's Military Order Richard A. Falkenrath, 1995 The legal foundation of the contemporary European security order is the Treaty on Conventional Armed Forces in Europe CFE Negotiated by NATO and the Warsaw Pact states as the Cold War was ending and implemented as the new Europe took shape the CFE Treaty imposes strict limits on the armed forces of all the major European states This book takes a detailed look at the origins and evolution of the CFE negotiations and the impact of the CFE Treaty on European Security It draws extensively on interviews with participants in the CFE negotiations and offers a careful reconstruction of a process that contributed to the transformation of Cold War Europe a critical assessment of the treaty s contribution to security in post Cold War Europe and an evaluation of the lessons of CFE for future conventional arms control initiatives CSIA Studies in International Security No 6 [The Siberian Curse](#) Fiona Hill, Clifford G. Gaddy, 2003 Hill and Gaddy frame the problems of Siberia more clearly and offer policy recommendations which are more concrete and coherent than any previous analyses of Siberia from Russian or foreign sources of which I am aware Robert Cottrell New York Review of Books [Air University Library Index to Military](#)

Allison,1996 Nuclear materials have never been more plentiful or more accessible to rogue states and terrorists In this study the authors analyze the consequences of such nuclear leakage for United States national security and argue that it is possibly the nation s h *The Sanctions Paradox* Daniel W. Drezner,1999-08-26 Despite their increasing importance there is little theoretical understanding of why nation states initiate economic sanctions or what determines their success This book argues that both imposers and targets of economic coercion incorporate expectations of future conflict as well as the short run opportunity costs of coercion into their behaviour Drezner argues that conflict expectations have a paradoxical effect Adversaries will impose sanctions frequently but rarely secure concessions Allies will be reluctant to use coercion but once sanctions are used they can result in significant concessions Ironically the most favourable distribution of payoffs is likely to result when the imposer cares the least about its reputation or the distribution of gains The book s argument is pursued using game theory and statistical analysis and detailed case studies of Russia s relations with newly independent states and US efforts to halt nuclear proliferation on the Korean peninsula Publisher description **The Greek Paradox** Graham Allison,Kalypso Nicolaidis,1997-01-07 As a bridge between the East and West a pole of stability in the Balkans and a Mediterranean crossroads Greece could play a significant role in the post Cold War world But Greece s performance in domestic and international policy falls short of this promise The essays in *The Greek Paradox* look at some of the reasons for this gap and suggest possible political and economic reforms The contributors both scholars and policymakers examine a range of contemporary issues in the Balkans and on NATO s southern flank The essays shed light on nation building political and economic development modernization and post Cold War international relations Contributors Graham T Allison Gianna Angelopoulos Daskalaki P Nikiforos Diamandouros Michael S Dukakis Misha Glenny Dimitris Keridis F Stephen Larrabee Kalypso Nicola dis Joseph S Nye Jr Alexis Papahelas Elizabeth Prodromou Monteagle Stearns Constantine Stephanopoulos Stavros B Thomadakis Basilios E Tsingos Loukas Tsoukalis Susan Woodward CSIA Studies in International Security **Nuclear Weapons and Arms Control in the Middle East** Shai Feldman,1997 The political dimensions of the Arab Israeli relationship have changed dramatically in recent years Israel and its Arab neighbors have made remarkable progress toward resolving long standing conflicts In *Nuclear Weapons and Arms Control in the Middle East* Shai Feldman considers whether these political breakthroughs have set the stage for agreements on controlling nuclear weapons in the region He presents a richly detailed overview of the current situation and lays out an agenda for future efforts to reduce the risk of nuclear war in the Middle East Feldman whose background in strategic studies includes nearly two decades of research at Tel Aviv University s Jaffee Center for Strategic Studies provides a comprehensive analysis of the nuclear programs of Algeria Egypt Iran Iraq Israel Libya and Syria He presents a detailed picture of how Israel and the Arab states view nuclear weapons their utility and the threats they pose to regional security and explores the different approaches that Israel and the Arab states have adopted toward nuclear arms control Feldman concludes by

suggesting interim measures that might help bridge the gap between these different perspectives BCSIA Studies in International Security Challenging America's Global Preeminence Thomas Ambrosio, 2017-07-05 Examining the shifts in Russian foreign policy and their potential impact on the status and influence of the United States in the international system this outstanding volume examines why the Kremlin initially sought an alliance with the United States and the internal and external reasons why such a policy was unsustainable In particular it looks for an explanation for the post Cold War vacillations in Russian foreign policy Russia made several decisions which were perceived domestically as being unacceptable capitulations to American interests Consequently a pro Western foreign policy became incompatible with Russian political culture The rapprochement following 9 11 was destined to be temporary due to the decision by the Bush administration to invade Iraq Contributing to the fields of international relations and comparative foreign policy this study provides a fresh approach to the balance bandwagon issue and takes into account the global repercussions of the recent war in Iraq It will be of particular value to specialists in Russian foreign policy international relations theory and US foreign policy Russia and the Challengers H. Belopolsky, 2015-12-11 An examination of why Russia chose to jeopardize its embryonic partnership with the West in favour of alignment with states like China Iran and Iraq and what this means for the stability of the emerging international system **Dismantling the Cold War** John M. Shields, William C. Potter, 1997 The Nunn Lugar Cooperative Threat Reduction CTR program has since authorized more than 1 5 billion for a wide array of weapons destruction demilitarization nuclear security and nonproliferation activities in the Newly Independent States NIS of the former Soviet Union **Soviet Strategic Thought, 1917-91** Andrei A. Kokoshin, 1998-01-15 During the Cold War Westerners were obsessed with the military policies of the Soviet Union Until the demise of the Soviet Union however few details of Moscow's thinking on military matters were available In this book Andrei Kokoshin reveals how Soviet military theorists developed and debated the concepts that provided the basis for the Kremlin's defense policies Drawing on Soviet era archives and unpublished materials he sheds light on this important chapter in the history of Russia and the world The book covers three main themes the relationship between politics and military strategy in the Soviet Union how the Soviet political and military leadership assessed threats to Soviet security the nature of future wars and methods of warfare and the relationship between offense and defense in Soviet military strategy Kokoshin places the strategic concepts behind Moscow's military policies in the context of internal and international struggles for power and assesses the future role of military power in Russia's national security strategy *U.S. intervention policy in the post-cold war world* , Russian civil-military relations and the origins of the second Chechen war Sz&aszdi, Lajos F., 2008-08-29 This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin Also

studied is Putin's origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister. The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations. The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government. The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invade Chechnya for a second time in a decade. Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined. This book will help the reader understand Russia's current and future distribution of power in the Caucasus, the Balkans and the world at large. Moscow's search for a multipolar world and its opposition to U.S. hegemony. **Mortal Friends, Best Enemies** Celeste A.

Wallander, 2018-05-31. Several hundred thousand members of the Red Army were stationed in East Germany when that state was reunited with its western counterpart. The peaceful transfer of these soldiers to their homeland produced a welcome outcome to a potentially explosive situation. Through an investigation of the strategies of German and Russian decision makers, Celeste A. Wallander explores what conditions facilitate or hinder international cooperation in security matters. Wallander spent the months and years after the fall of the Berlin Wall interviewing officials and politicians from Germany and Russia. She reveals how these individuals assessed and responded to potential flashpoints: the withdrawal of Russian military forces from Germany, the implementation of arms control treaties, the management of ethnic and regional conflicts. She also examines the two states' views on the enlargement of NATO. The first detailed account from both countries' perspectives of the extraordinary contraction of Russian power and the implications of German unification. *Mortal Friends, Best Enemies* clearly depicts the important role European and global institutions played making the military disengagement possible. Wallander draws on these findings to develop a new institutional theory of security relations. In it, she defines the techniques that international institutions can use to help states solve obstacles to security. 1994 Massimo Mastrogregori, 2013-05-08.

Annually published since 1930, the *International Bibliography of Historical Sciences* (IBOHS) is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times. The works are arranged systematically according to period, region or historical discipline and within this classification alphabetically. The bibliography contains a geographical index and indexes of persons and authors. **The Social Construction of Russia's Resurgence** Anne L. Clunan, 2009-06. A concluding chapter discusses the policy implications of aspirational constructivism for Russia and other nations and a methodological appendix lays out a framework for testing the theory. U.S. Intervention Policy in the Post-cold War World Frances K. Scott, 1994.
