Russian Policy In The Middle East From Messianism To Pragmatism:

Russian Policy in the Middle East Alekseĭ Mikhaĭlovich Vasil'ev, 1993 Russia's Middle East Policy Alexey Vasiliev, 2018-03-19 This extraordinary book charts the development of Russia's relations with the Middle East from the 1950s to the present. It covers both high and low points: the closeness to Nasser's Egypt followed by reversal; the successful invasion of Afghanistan which later turned into a disaster; the changing relationship with Israel which was at some time surprisingly close; the relationship with Syria which continues to be of huge significance and much more. Written by one of Russia's leading Arabists who was himself involved in the formation and implementation of policy, the book is engagingly written, extremely insightful, telling us things which only the author is in a position to tell us and remarkably frank, not sparing senior Soviet and Russian figures from criticism. The book includes material based on the author's conversations with other leading participants.

Towards Strategic Pragmatism in Foreign Policy Charles Chao Rong Phua, 2021-10-31 What is pragmatism? Is it a means to an end or an end in itself? Is it antithetical to ideology or morality? Arguing that pragmatism is a skill much more than an attribute, Phua examines how viewing it in this way can help achieve better foreign policy outcomes. He examines and contrasts the ways in which the United States, China, and Singapore have incorporated pragmatism into their approaches to foreign policy. In doing so, he debunks dualistic myths around pragmatism and ideology and promotes the view of pragmatism as a skill that can be developed. An essential primer for students, analysts, and policymakers with a fresh and practical approach to pragmatism.

Geopolitics of the New Middle East Şaban Kardaş, Bülent Aras, 2023-06-26 This edited book takes a critical look at the geopolitics of the broader Middle East and North Africa (MENA) region. It scrutinizes some of the perennial issues shaping the regional security agenda as well as the emerging geopolitical trends in the wake of a decade of turmoil triggered by the demands for political and economic reforms. The contributors explore the geopolitical implications of the structural transformation process in the MENA region and beyond, which has unleashed destabilizing forces and multifaceted conflicts with the involvement of many local, regional, and global actors. They also look at how some of the regional actors have reacted to the risks and security challenges produced by the wave of instability and conflicts and conducted their foreign policy in this volatile period of fluid alliances. Other contributors explore the roles and perspectives of major extra-regional actors, delving deeper into how they have adjusted their policies towards the emergence of a new order and reshuffling of alignments. This book will be of interest to researchers and advanced students of politics, international relations, and political geography. It was originally published as a special issue of the *Journal of Balkan and Near Eastern Studies*.

The International Relations of the Middle East in the 21st Century Tareq Y. Ismael, 2017-03-02 A comprehensive and timely survey of Middle Eastern international relations, Tareq Ismael provides in-depth analysis of the interrelated dimensions of confrontation that have entangled almost every aspect of life in the region, transforming it into a penetrated political system. Essential for readers interested in the Middle East international relations, politics, history, and public policy.

Beyond Syria's Borders Emma Lundgren Jörum, 2014-12-03 Lebanon together with the province of Hatay in Turkey containing Antakya and the Golan Heights were all part of French mandate Syria but are now all outside the boundaries of the modern Syrian state. The policies and reactions of Syria both to the loss of these territories and to the states that have either absorbed, annexed or emerged from them Lebanon, Turkey and Israel are the focus of Emma Jörum's book. Jörum uses the differences in policy and discourse when it comes to each of these three cases to highlight the nature of territorial dispute in the region and the processes of state building and nationalism more generally. Through the examination of Syria's policies concerning these lost territories, Jörum plots and analyses Syrian-Turkish, Syrian-Lebanese and Syrian-Israeli relations, explaining why some losses have been pushed to one side and others remain at the forefront in Syria's international relations and diplomacy efforts.

Foreign Policy as Nation Making Reem Abou-El-Fadl, 2019 A comparison of Turkey's and Egypt's diverging foreign policies during the Cold War in light of their leaderships' nation making projects.

Russia and Islam Roland Dannreuther, Luke March, 2010-06-24 Since the collapse of the Soviet Union, both the Russian state and Russia's Muslim communities have struggled to find a new *modus vivendi* in a rapidly changing domestic and international socio-political context. At the same time as Islamic religious belief and practice have flourished, the state has become increasingly concerned about the security implications of this religious revival, reflecting and responding to a more general international concern over radicalised political Islam. This book examines contemporary developments in Russian politics, how they impact on Russia's Muslim communities, how these communities are helping to shape the Russian state and what insights this provides to the nature and identity of the Russian state both in its inward and outward projection. The book provides an up-to-date and broad-ranging analysis of the opportunities and challenges confronting contemporary Muslim communities in Russia that is not confined in scope to Chechnya or the North Caucasus and which goes beyond simplistic characterisations of Muslims as a threat. Instead, it engages with the role of political Islam in Russia in a nuanced way, sensitive to regional and confessional differences, highlighting Islam's impact on domestic and foreign policy and investigating sources of both radicalisation and de-radicalisation.

The Six Day War Guy Laron, 2017-02-21 The author of *Origins of the Suez Crisis* makes us look afresh at the events that led to conflict between Israel and its neighbors. Financial Times. One fateful week in June 1967 redrew the map of the Middle East. Many scholars have documented how the Six Day War unfolded, but little has been done to explain why the conflict happened at all. Now historian Guy Laron refutes the widely accepted belief that the war was merely the result of regional friction, revealing the crucial roles played by American and Soviet policies in the face of an encroaching global economic crisis and restoring Syria's often overlooked centrality to events leading up to the hostilities. The Six Day War effectively sowed the seeds for the downfall of Arab nationalism, the growth of Islamic extremism and the animosity between Jews and Palestinians. In this important new work, Laron's fresh interdisciplinary perspective and extensive archival research offer a significant reassessment of a conflict and the trigger-happy generals behind it that

continues to shape the modern world Challenging well worth reading Moment A penetrating study of a conflict that although brief helped establish a Middle Eastern template that is operational today The author looks beyond Cold War maneuvering to examine the conflict in other lights Readers with an interest in Middle Eastern geopolitics will find much of value Kirkus Reviews The United States, the Soviet Union and the Arab-Israeli conflict, 1948-67 Joseph Heller, 2016-11-14 Israel's relations with each of the superpowers was determined by global factors The dilemma facing Israel was how to reconcile its interests with those of the United States having failed to do so with the Soviet Union Moreover throughout the cold war the United States considered Israel a burden rather than an asset and had to accommodate support for Israel with keeping the Arab states within the western orbit Partisan policy could have dealt a mortal blow to the fundamental assumption of American global strategy Namely that the Middle East should not be allowed to become a cold war arena The book shows how the fledgling state of Israel had to manoeuvre between the superpowers to survive The Columbia Guide to the Cold War Michael Kort, 2001-03-08 The Cold War was the longest conflict in American history and the defining event of the second half of the twentieth century Since its recent and abrupt cessation we have only begun to measure the effects of the Cold War on American Soviet post Soviet and international military strategy economics domestic policy and popular culture The Columbia Guide to the Cold War is the first in a series of guides to American history and culture that will offer a wealth of interpretive information in different formats to students scholars and general readers alike This reference contains narrative essays on key events and issues and also features an A to Z encyclopedia a concise chronology and an annotated resource section listing books articles films novels web sites and CD ROMs on Cold War themes **Islam in Russia: The Politics of Identity and Security** Shireen Hunter, 2016-09-16 This richly detailed study traces the shared history of Russia and Islam in expanding compass from the Tatar civilization within the Russian heartland to the conquered territories of the Caucasus and Central Asia to the larger geopolitical and security context of contemporary Russia on the civilizational divide The study's distinctive analytical drive stresses political and geopolitical relationships over time and into the very complicated present Rich with insight the book is also an incomparable source of factual information about Russia's Muslim populations religious institutions political organizations and ideological movements **Nasser's Gamble** Jesse Ferris, 2013 Nasser's Gamble draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle

between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011 **Nasser's Peace** Michael Sharnoff,2017-05-23 Gamal Abdel Nasser was arguably one of the most influential Arab leaders in history As President of Egypt from 1956 to 1970 he could have achieved a peace agreement with Israel yet he preferred to maintain his unique leadership role by affirming pan Arab nationalism and championing the liberation of Palestine a common euphemism for the destruction of Israel In that era of Cold War politics Nasser brilliantly played Moscow Washington and the United Nations to maximize his bargaining position and sustain his rule without compromising his core beliefs of Arab unity and solidarity Surprisingly little analysis is found regarding Nasser's public and private perspectives on peace in the weeks and months immediately after the 1967 War Nasser's Peace is a close examination of how a developing country can rival world powers and how fluid the definition of peace can be Drawing on recently declassified primary sources Michael Sharnoff thoroughly inspects Nasser's post war strategy which he claims was a four tiered diplomatic and media effort consisting of his public declarations his private diplomatic consultations the Egyptian media's propaganda machine and Egyptian diplomatic efforts Sharnoff reveals that Nasser manipulated each tier masterfully providing the answers they desired to hear rather than stating the truth that he wished to maintain control of his dictatorship and of his foothold in the Arab world **Preserving the Saudi Monarchy** Samuel E. Willner,2023-06-19 This book provides a new perspective on the study of the Kingdom of Saudi Arabia and its monarchy its political leadership and decisions Moreover it analyzes how that decision making evolved before during and after the Arab Israeli War of 1973 and the subsequent Arab oil embargo that followed the run up to and aftermath of the 1975 murder of King Faysal discussions over the oil weapon and Saudi responses to the Carter presidency in the United States Through the prism of tribal decision making this book sheds new light on a number of important political events which have shaped the political leadership in Saudi Arabia and explores the behind the scenes workings of the Saudi royal family

Cultural Pragmatism for US-China Relations Charles Chao Rong Phua,2022-10-25 The Thucydides trap and a US China face off are not structurally inevitable US China relations are what the US and China make of them Phua focuses on the ability to see US as US and China as China to trigger both countries cultural tendencies towards pragmatism Phua examines China's arduous journey to fit in the Westphalian system the deep cultural misunderstandings by the West of Sunzi's The Art of War and attempts to offer an inside out cultural synthesis of classical and modern Chinese thought as a proxy of their operational code beyond the standard clichés about Confucian and Daoist thought He builds on Jervis perception and misperception as well as Alastair Johnston's cultural realism Readers will benefit from a culturally Chinese western educated and politically neutral understanding of China as China An essential primer for academics practitioners and students of

international relations diplomacy and Chinese culture Turkey-Syria Relations Özlem Tür,2016-02-17 In 1997 Turkey and Syria were on the brink of war engaged in a very real power struggle Turkey was aligned with Syria's main enemy Israel and there were seemingly intractable differences on the issues of borders the sharing of river waters and trans border communities In less than a decade relations were transformed from enmity to amity Border issues and water sharing quarrels were moving towards amicable settlement and the two states policies toward the Kurdish issue converging Turkey undertook to mediate the Syrian Israeli conflict and close political and economic relations were developing rapidly between the two states Yet with the Syrian Uprising relations returned to enmity What explains these remarkable changes Given that Turkey and Syria are two pivotal states in the region what are the implications of this changing relationship for the international politics of the Middle East the balance of power and regional stability In this internationally collaborative work co edited by Raymond Hinnebusch and Özlem Tür British Syrian and Turkish scholars address these questions and examine the various domestic and international drivers in this key regional relationship They discuss what theories best help us understand these seismic realignments and explore the impact of economic interdependence identity changes and power balances on the evolving relationship between these two key regional powers **Russia in Africa** Samuel Ramani,2023-05-01 Three decades after the Soviet Union's collapse Russia has transformed from a fringe player to a resurgent great power in Africa The October 2019 Russia Africa Summit in Sochi highlighted the appeal of Russia's normative agenda the ubiquity of Russian military technology and the breadth of Moscow's presence on the continent Beneath the pageantry a darker side of Russia's African resurgence looms large From Libya to Madagascar Russia has used sinister tactics to expand its influence such as private military contractors shadowy mining and energy deals with authoritarian regimes and election interference campaigns This book presents a chronological examination of Russia's post Cold War foreign policy towards Africa and outlines the factors that have enabled and impeded the growth of its influence It pays special attention to the non material factors behind this rising power the domestic drivers of Russian decision making Moscow's relationships with fellow external powers and African perspectives on Russia's geopolitical role Samuel Ramani's analysis cites extensively both Russian language media and academic sources and his own interviews with Russian and African elites His fascinating study challenges popular depictions of Russia as an opportunistic anti Western actor instead emphasizing Moscow's strategic commitment to Africa and the endurance of historical memory The Iron Wall Avi Shlaim,2015-07-30 Avi Shlaim's *The Iron Wall* Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel's most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal

of new material and interviews with many key participants Shlaim places Israel's political and military actions under an uncompromising lens His analysis will bring scant comfort to partisans on both sides but it will be required reading for anyone interested in this fascinating and troubled region of the world The Iron Wall is strikingly fair minded scholarly cogently reasoned and makes enthralling reading Philip Ziegler Daily Telegraph Anyone wanting to understand the modern Middle East should start by reading this elegantly written and scrupulously researched book Trevor Royle Sunday Herald A milestone in modern scholarship of the Middle East Edward Said Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history Ethan Bronner The New York Times Book Review Avi Shlaim is Professor of International Relations at St Antony's College Oxford His previous books include Collusion Across the Jordan 1988 and War and Peace in the Middle East 1995

The Soviet Union and the June 1967 Six Day War Yaacov Ro'i, Boris Morozov, 2008

Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources The Soviet Union and the June 1967 Six Day War answers this controversial question more fully than ever before Directly opposing the thesis of the recently published Foxbats over Dimona by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union's reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR's relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union's actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events

Russian Policy In The Middle East From Messianism To Pragmatism Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change.
