Russians And Others Conversations With 12 Soviet Citizens About Change:

Russians and Others Lawrence Lyonhardt, John Howells, 1991 **Continuity**, 1996 *The Gorbachev Bibliography, 1985-1991* Joseph L. Wiczynski, 1996 *The Russian-speaking Populations in the Post-Soviet Space* Ammon Cheskin, Angela Kachuyevski, 2021-05-13 In the wake of Russia's annexation of Crimea this volume examines the relationship Russia has with its so called compatriots abroad Based on research from Belarus Estonia Kazakhstan Latvia and Ukraine the authors examine complex relationships between these individuals their home states and the Russian Federation Russia stands out globally as a leading sponsor of kin state nationalism vociferously claiming to defend the interests of its so called diaspora especially the tens of millions of ethnic Russians and Russian speakers who reside in the countries that were once part of the Soviet Union However this volume shifts focus away from the assertive diaspora politics of the Russian state towards the actual groups of Russian speakers in the post Soviet space themselves In a series of empirically grounded studies the authors examine complex relationships between Russians their home states and the Russian Federation Using evidence from Belarus Estonia Kazakhstan Latvia and Ukraine the findings demonstrate multifaceted levels of belonging and estrangement with spaces associated with Russia and the new independent states in which Russian speakers live By focusing on language media politics identity and quotidian interactions this collection provides a wealth of material to help understand contemporary kin state policies and their impact on group identities and behaviour The chapters in this book were originally published as a special issue of *Europe Asia Studies* *Intermarriage and the Friendship of Peoples* Adrienne Edgar, 2022-05-15 Co winner of the Central Eurasian Studies Society's prize for best book in History and the Humanities in 2022 and 2023 and winner of the The Joseph Rothschild Prize in Nationalism and Ethnic Studies of the Association for the Study of Nationalities *Intermarriage and the Friendship of Peoples* examines the racialization of identities and its impact on mixed couples and families in Soviet Central Asia In marked contrast to its Cold War rivals the Soviet Union celebrated mixed marriages among its diverse ethnic groups as a sign of the unbreakable friendship of peoples and the imminent emergence of a single Soviet people Yet the official Soviet view of ethnic nationality became increasingly primordial and even racialized in the USSR's final decades In this context Adrienne Edgar argues mixed families and individuals found it impossible to transcend ethnicity fully embrace their complex identities and become simply Soviet Looking back on their lives in the Soviet Union ethnically mixed people often reported that the official nationality in their identity documents did not match their subjective feelings of identity that they were unable to speak their own native language and that their ambiguous physical appearance prevented them from claiming the nationality with which they most identified In all these ways mixed couples and families were acutely and painfully affected by the growth of ethnic primordialism and by the tensions between the national and supranational projects in the Soviet Union *Intermarriage and the Friendship of Peoples* is based on more than eighty in depth oral history interviews with members of mixed families in Kazakhstan and Tajikistan along with published and unpublished Soviet

The Russian Quest for Peace and Democracy Metta Spencer, 2012-07-10 In *The Russian Quest for Peace and Democracy* Metta Spencer recounts the political and military changes that have occurred in Russia up to mid 2010 Using hundreds of interviews she conducted with officials dissidents and liberal intellectuals she describes the various groups forces and individuals that worked to liberalize the totalitarian Soviet Union and its fellow nations behind the Iron Curtain and which ultimately brought about the dissolution of those repressive governments Spencer identifies four political orientations to describe Soviet society Sheep ordinary citizens who accepted the undemocratic regime they lived in without challenging it Dinosaurs hard line Communist officials Termites including Mikhail Gorbachev and his advisers and government and Barking Dogs a few hundred dissidents who made a lot of noise protesting hoping to awaken a grass roots demand for democracy The strange rivalry between the Termites and Barking Dogs would ultimately doom perestroika Spencer s research dispels the widely held perception that US President Ronald Reagan won the Cold War by standing firm until the Soviet Union blinked first There are vitally important lessons to be learned from the Soviet period about how to assist citizens of totalitarian and authoritarian regimes around the world The irony is that transnational civil society organizations major sources of the progress in Soviet Russia are still needed today in authoritarian Russia under Vladimir Putin and Dmitry Medvedev for totalitarianism remains a potential social trap In *The Russian Quest for Peace and Democracy* Metta Spencer suggests new ways of building urgently needed social capital in today s Russia where democracy has yet to flourish
