## Russians And Their Church:

**The Russians and Their Church, by Nicolas Zernov, ...** Nikolai Mikhaïlovitch Zernov, 1945     *The Russians and Their Church* Nicolas Zernov, 1978 This readable introduction to Russian church history covers its whole course the early beginnings among the pagan Slav communities the vital and touchy interaction of Church and State during the turbulent reigns of the Tsars and the Church's narrow escape from destruction after the Bolshevik Revolution For this edition Nicolas Zernov has revised and amplified the chapters dealing with the post Revolutionary Church     **The Russians and Their Church** Nicolas Zernov, 1968     **The Russians and Their Church** Nikolai Mikhailovich ZERNOV, Fellowship of St. Alban and St. Sergius (London), 1964     **A History of the Church of Russia** A.M. MOURAVIEFF, 1842     *A history of the Church of Russia* Andrej Nikolaevič Mouravieff, 1842     *A History of the Church of Russia* , 1842     **The Russians and Their Church. By Nicholas Zernov** Fellowship of St. Alban and St. Sergius (England), Nikolai Mikhailovich ZERNOV, 1945

**The Post-Soviet Russian Orthodox Church** Katja Richters, 2012 In recent years the Russian Orthodox Church has become a more prominent part of post Soviet Russia A number of assumptions exist regarding the Church's relationship with the Russian state that the Church has always been dominated by Russia's secular elites that the clerics have not sufficiently fought this domination and occasionally failed to act in the Church's best interest and that the Church was turned into a Soviet institution during the twentieth century This book challenges these assumptions It demonstrates that church state relations in post communist Russia can be seen in a much more differentiated way and that the church is not subservient very much having its own agenda Yet at the same time it is sharing the state's and Russian society's nationalist vision The book analyses the Russian Orthodox Church's political culture focusing on the Putin and Medvedev eras from 2000 It examines the upper echelons of the Moscow Patriarchate in relation to the governing elite and to Russian public opinion explores the role of the church in the formation of state religious policy and the church's role within the Russian military It discusses how the Moscow Patriarchate is asserting itself in former Soviet republics outside Russia especially in Estonia Ukraine and Belarus It concludes by re-emphasising that although the church often mirrors the Kremlin's political preferences it most definitely acts independently     **The American Church Monthly** , 1917     *The New American Church Monthly* , 1917 Includes section Book reviews     *Russia Abroad* Marc Raeff, 1990-04-19 The dramatic events of the twentieth century have often led to the mass migration of intellectuals professionals writers and artists One of the first of these migrations occurred in the aftermath of the Russian Revolution when more than a million Russians were forced into exile With this book Marc Raeff one of the world's leading historians of Russia offers the first comprehensive cultural history of the Great Russian Emigration He examines the social and institutional structure of the emigration and describes its rich cultural and intellectual life He points out that what distinguishes this emigration from other such episodes in European history is the extent to which the emigres succeeded in reconstituting and preserving their cultural creativity in the West The flourishing

Russian communities of Paris Berlin Prague and Kharbin not only enriched Russian arts and letters but also significantly influenced the culture of their Western hosts and Raeff concludes with an assessment of their impact on the development of modern Western and Soviet culture      **Global Tensions in the Russian Orthodox Diaspora** Robert Collins,2022-12-30

This book explores the tensions that have arisen in the diaspora as a result of large numbers of Russian migrants entering established overseas parishes following the collapse of the Soviet Union These tensions made more fervent by the increasing role of the Church as part of the expression of Russian identity and by the Church's entry into the global culture wars carry with them alternative views of a range of key issues cosmopolitanism versus reservation liberalism versus conservatism and ecumenism versus dogmatism The book focuses on particular disputes discusses the broader debates and examines the wider context of how the Russian Orthodox Church is evolving overall      **The Present State of the Greek Church in Russia; Or**

Pinkerton** Robert PINKERTON,1814      *The Church and the Churches* Johann Joseph Ignaz von Döllinger,1862      **Wooden Church Architecture of the Russian North** Evgeny Khodakovsky,2015-08-11 The book

presents a broad panoramic overview of church architecture in the Russian North between the fourteenth and nineteenth centuries While it is inevitably overshadowed by the imperial splendour of the country's capital cities this unique phenomenon is regarded as the most distinctive national expression of traditional Russian artistic culture and at the same time as a significant part of humanity's worldwide architectural heritage The chief intention of the book is to present the regionally specific features of the wooden churches of the Russian North which vary from area to area for local natural or historical reasons This approach touches upon the very important questions of the typology and classification of the multiplicity of architectural forms The regional view entails giving clear definitions of the ambiguous terms architectural school and tradition explaining the origins and shaping impulses for the different regional clusters of objects Structurally the book presents a history of the development of wooden church architecture in the Russian North and then follows the key points of the mediaeval Russian expansion along the waterways from Novgorod into the North the Svir River Lake Onega the town of Kargopol and the River Onega the White Sea the Rivers Dvina Pinega and Mezen those areas that still retain the most splendid pieces of Russian regional wooden church architecture The study is based on field research and provides an up to date multi faceted view of Russian wooden architecture      [Russia and the Russians, in 1842](#) Johann Georg Kohl,1843
