Russians How They Live And Work:

Towards a New Russian Work Culture Vladimir V Karacharovskiy, 2016-10-11 This innovative book offers a fresh perspective on the national work culture of Russia and the substantial role foreign institutional and cultural impact has had in shaping it Russia's contemporary work culture is understood as a national system supplemented by new values and attitudes that have been adopted through the mediation of foreign individuals and corporations or in response to the challenges of Western competition The book argues that the foreign factor triggers change in the landscape of Russia's work culture the scope of which depends on the type of influence However there is a certain core of the work culture that remains resistant to any external impact

Chinese Migrants in Russia, Central Asia and Eastern Europe Felix B. Chang, Sunnie T. Rucker-Chang, 2013-03-01 Much of the former Soviet bloc has become a destination for new Chinese migrants Throughout Russia Eastern Europe and Central Asia Chinese migrants are engaged in entrepreneurial activities primarily as petty merchants of consumer goods in unsteady economies This book situates these migrants within the broader context of Chinese globalization and China's economic rise It traces the origins of Chinese migration into the region as well as the conditions that have allowed migrants to thrive Furthermore it discusses the perception that Chinese globalization is purely economic and explores the relationship among petty merchants labourers and institutional investors Finally by examining the movement of China's minorities into Central Asia this book

challenges the ethnic construct of new Chinese migration **Statistical Business Profile for the Siberian Federal District of the Russian Federation** ,2008 An comprehensive look into the statistics underlying the economy of the Siberian District of the Russian Federation as of the year 2008 *Live & Work in Russia and Eastern Europe* Jonathan Packer,1998 Anyone hoping to work in the former Communist countries of Europe needs the very best up to date advice This new book shows where the best possibilities are for both the prospective employee and the enterprising entrepreneur hoping to start a business **Once Upon a Time in Russia and the United States** Serguei Blinov,2013-11-27 Author Serguei Blinov grew up in the former Union of Soviet Socialist Republics as the son of an engineer and a high school history teacher Early on in life he set his sights on becoming a medical doctor He also met the love of his life Lioudmila Vertiasheva She graduated before him as a pediatric medical doctor before getting a job at a maternity hospital Soon thereafter Blinov also found himself working in medicine In this his memoir Blinov recalls the hard work it took for him to succeed the good times and the badas well as what led him and his family to the United States of America His honest assessment of life in both the Soviet Union and the United States showcases cultural differences and the positives and negatives of communism and capitalism If youre interested in learning more about the former Soviet Union and what life there was really like this personal narrative offers firsthand accounts of villages agriculture the educational system and everyday life Whats more Blinov relives his experiences from his first memory to the present recounting in great detail each event that shaped him into the man he is today **Russian Life** ,2008 Migrant Resettlement in the Russian Federation Moya Flynn,2004-08-26 A book about restructuring homes and homelands in the context of the post Soviet era **The Russian Mind Since Stalin's Death** Yuri Glazov,2012-12-06 I have been working on this book since leaving Russia in April of 1972 It was my wish to write this book in English and there were what seemed to me to be serious reasons for doing so In recent years there has appeared a wealth of literature in Russian about Russia As a rule this literature has been published outside the USSR by authors who still live in the Soviet Union or who have only recently left it A fair amount of important literature is being translated into English but I believe it will be read main ly by specialists in Russian studies or by those who have a great interest in the subject already The majority of Russian authors write of course for the Russian reader or for an imagined Western public It is my feeling that Russian authors have serious difficulties in understanding the men tality of Westerners and that there still exists a gap between the visions of Russians and non Russians I have made my humble attempt to bridge his gap and I will be happy if I am even partly successful The Russian world is indeed fascinating Many people who visit Russia for a few days or weeks find it a country full of historical charm fantastic architecture and infinite mystery For many inside the country especial ly for those in conflict with the Soviet authorities **Truth** ,1925
