Russias Alternative Prose:

Russia's Alternative Prose Robert Porter, 1994-09-30 This book is an up to date examination of the major works of some of the Russian writers who have come to prominence since 1985 when Gorbachev rose to power and effectively abolished all literary controls The title of the book is taken from articles in the Soviet Russian literary press that sought to address this new and often outrageous type of literature The author contends that alternative prose in Russia deserves serious critical attention and that in discarding the civic mindedness of a former era it is aligning itself more with Western literature and is re discovering pre Stalinist literary trends

text offers a critical study of postmodernism in Russian literature. It takes some of the central issues of the critical debate to develop a conception of postmodern poetics as a dialogue with chaos and places Russian literature in the context of an enriched postmodernism. *Encyclopaedia of Contemporary Russian* Tatiana Smorodinskaya, Karen Evans-Romaine, Helena Goscilo, 2013-10-28 The Encyclopedia is an invaluable resource on recent and contemporary Russian culture and history for students, teachers and researchers across the disciplines. **Historical Dictionary of Russian Literature** Jonathan Stone, 2013 The Historical Dictionary of Russian Literature contains a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 100 cross-referenced entries on significant people, themes, critical issues and the most significant genres. Locating Exiled Writers in Contemporary Russian Literature L. Wakamiya, 2009-12-21 This innovative study examines the work of exiles from the Soviet Union who returned to a reformed post-Soviet Russia to initiate narrative processes of self-definition oriented toward a readership and nation seeking self-identity all at a time of social, political and cultural transition within Russia itself. *Twentieth-Century Russian Poetry* Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union. A multi-authored study of changing cultural memory and identity, this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval. Literary canon and national identity are inextricably tied together, the composition of a canon being the attempt to single out those literary works that best express a nation's culture. This process is of course fluid and subject to significant shifts, particularly at times of epochal change. This volume explores changes in the canon of twentieth-century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008. In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy, the way was open for wholesale reinterpretation of twentieth-century poets such as Iosif Brodskii, Anna Akhmatova and Osip Mandelstam, their works and their lives. In the last twenty years, many critics have discussed the possibility of various coexisting canons rooted in official and non-official literature and suggested replacing the term Soviet literature with a new definition: Russian literature of the Soviet period. Contributions to this volume explore the multiple factors involved in reshaping the canon, understood as a body of literary texts given exemplary or representative status as classics. Among factors which may influence the composition of the canon are educational institutions, competing views of scholars and critics, including figures outside Russia, and the self-canonising activity of poets themselves. Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre-revolutionary cultural traditions through a narrative of the past which foregrounds continuity. Despite persistent nostalgic yearnings in some quarters for a single canon, the current situation is defiantly diverse, balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground. Required reading for students, teachers and lovers of Russian literature. Twentieth
