**Russia's Top Guns**, 1990      **WINGS OF GOLD: TOP GUN** T. E. Cruise, 2009-09-26 The Gold family learns that the relatively peaceful period of the seventies is just as dangerous as wartime when they face industry changes that threaten the existence of the powerful Gold Aviation empire      **Top Gun Performance** Ted Carter, Jack A. Stark, *Close Protection* David J. Cox, 2000-10-30 The evolution of elite personal protection units also known as close protection units within the former Soviet Union is one of the least examined yet crucial political developments in this region Due to the often violent environment in which the political leaders of this region now operate the need for these special military units is obvious This study examines the similarities between these the current units and those of the Soviet past and finds that in spite of the highly unstable nature of politics in post communist Russia these elite units have not intervened to the degree that many might have expected They have however played a significant political role throughout the region These close protection forces may very well determine the success or failure of the democratization process now underway On the other hand establishing a Praetorian Guard within the very walls of the Kremlin may in itself portend an end to democracy Ultimately a complete understanding of future politics in the former Soviet Union is impossible without acknowledging the role that these modern Praetorians play in the civil military balance      **Civil-Military Relations in Russia and Eastern Europe** David Betz, 2004-07-31 This book examines how civil military relations have been transformed in Russia Poland Hungary and Ukraine since the collapse of the Soviet Union and the Warsaw Pact in 1991 It shows how these countries have worked to reform their obsolete armed forces and bring them into line with the new economic and strategic realities of the post Cold War world with new bureaucratic structures in which civilians play the key policy making roles and with strengthened democratic political institutions which have the right to oversee the armed forces      George Anthony Coriaty, 2011-12 Creative author George Anthony Coriaty s exciting new adventure will catapult you on a thrill packed ride through twists and turns at the most unexpected places This wild and gripping odyssey will take you face to face with the most intelligent and hateful terrorists in the world It will propel your mind s eye to dangerous places and spark your imagination Plunge into the middle of dark and deadly places and find yourself pitted against malevolent entities that lurk in the shadows Colonel Tony Collins of Army Military Intelligence evolved into a NSA powerhouse and became well known and respected in the international intelligence community The Cryptography System that he developed is now legendary in combating terrorism and crushing crime and has been adopted by all of the American Intelligence agencies His awesome and uncanny ability to decrypt the most sophisticated communications of al Qaeda and the top Russian criminal mastermind has damaged the fabric of their dangerous and powerful organizations Tony s strategies have been responsible for derailing their nefarious plans The NSA has just received photos of a man who had been training al Qaeda insurgents to build Improvised Explosive Devices to kill American troops No outsiders knew what this elusive killer looked like he kept his face hidden from view A Mossad agent

paid for these photos with his life Much to Tony s amazement he is a striking mirror image to this high ranking leader of al Qaeda As a result of this revelation Tony is trained for his first undercover mission Now that al Qaeda possesses nuclear bombs and is preparing to unleash them on American shores Tony must be inserted replacing his Doppelgänger who is the number four man in al Qaeda Using this mysterious resemblance he must glean their attack plan and safely escape to try to stop them During his mission Tony discovers an unthinkable truth The noble victories that he orchestrated were brilliant and were performed more smoothly than the maneuvers of a chess master He was the guardsman at the gate watching listening and waiting Tony s victories were achieved at a high price The hunter will soon become the hunted Both he and his family have been marked for revenge as he faces his enemies relentless forces in a battle to the death [International Warbirds](#)
