German Defense Tactics Against Russian Breakthroughs United States. Army. European Command. Historical Division,1988 *German Defense Tactics Against Russian Breakthroughs* Center of Military History,1951 By means of short narratives based on actual experience this study endeavors to describe the characteristics of Russian break throughs and countermeasures employed by the Germans Introduction **German Defense Tactics Against Russian Breakthroughs** Center of Military History,1988 *German Defence Tactics Against Russian Break-throughs* United States. Department of the Army,Military Library Research Service (Firm),2005 *Soviet Defensive Tactics At Kursk, July 1943* Colonel David M Glantz,2015-11-06 In his classic work *On War* Carl von Clausewitz wrote As we shall show defense is a stronger form of fighting than attack A generation of nineteenth century officers nurtured on the study of the experiences of Napoleon and conditioned by the wars of German unification had little reason to accept that view The offensive spirit swept through European armies and manifested itself in the regulations plans and mentality of those armiehe events of 1939 1940 and 1941 in Poland France and Russia respectively again challenged Clausewitz claim of the superiority of the defense and prompted armies worldwide to frantically field large armored forces and develop doctrines for their use While blitzkrieg concepts ruled

supreme it fell to that nation victimized most by those concepts to develop techniques to counter the German juggernaut The Soviets had to temper a generation of offensive tradition in order to marshal forces and develop techniques to counter blitzkrieg In essence the Soviet struggle for survival against blitzkrieg proved also to be a partial test of Clausewitz dictum In July 1943 after arduous months of developing defensive techniques often at a high cost in terms of men and material the Soviets met blitzkrieg head on and proved that defense against it was feasible The titanic grinding Kursk operation validated in part Clausewitz views But it also demonstrated that careful study of force organization and employment and application of the fruits of that study can produce either offensive or defensive victory While on the surface the events of Kursk seemed to validate Clausewitz view it is often forgotten that at Kursk the Soviets integrated the concept of counteroffensive into their grand defensive designs Thus the defense itself was meaningless unless viewed against the backdrop of the renewed offensive efforts and vice versa What Kursk did prove was that strategic operational and tactical defenses could counter blitzkrieg "We Made a Mistake" - Hitler Lucien Zacharoff,1941 **German Report Series** Anon,2018-05-23 By means of short narratives based on actual experiences this study describes the characteristics of Russian Breakthroughs and the countermeasures employed by the Germans A few combat narratives contain other than strictly tactical details to convey some of the emotional factors which affected the actions of troop commanders and their men
