Rustlers Hide A Way:

Westerns Victoria Lamont,2016-08-01 At every turn in the development of what we now know as the western women writers have been instrumental in its formation Yet the myth that the western is male authored persists *Westerns A Women s History* debunks this myth once and for all by recovering the women writers of popular westerns who were active during the late nineteenth and early twentieth centuries when the western genre as we now know it emerged Victoria Lamont offers detailed studies of some of the many women who helped shape the western Their novels bear the classic hallmarks of the western cowboys schoolmarms gun violence lynchings cattle branding while also placing female characters at the center of their western adventures and improvising with western conventions in surprising and ingenious ways In *Emma Ghent Curtis s The Administratrix* a widow disguises herself as a cowboy and infiltrates the cowboy gang responsible for lynching her husband Muriel Newhall s pulp serial character Sheriff Minnie comes to the rescue of a steady stream of defenseless female victims B M Bower Katharine Newlin Burt and Frances McElrath use cattle branding as a metaphor for their feminist critiques of patriarchy In addition to recovering the work of these and other women authors of popular westerns Lamont uses original archival analysis of the western fiction publishing scene to overturn the long standing myth of the western as a male dominated genre

Range Rustlers G Mitchell,2017-04-01 Tad Strong had made a bold attempt to capture the outlaw king in his own domain Everything had gone dreadfully wrong Now he was pinned down surrounded and hopelessly outnumbered Tad retreated to the wall propping himself against it He was suddenly overwhelmed with the constant barrage of bullets splintering wood shattering objects pounding a relentless cacophony of his certain and impending doom He realized with a rush the enormous stupidity of thinking he could slip into Bligh s stronghold take him out and escape At least he would die thinking of Becky and the feel of her lips against his There was no further sense in even trying to prolong the inevitable There were too many Bligh was dead but in everything else he had failed He sighed in resignation leaned his head back against the wall and waited for the bullet that would end it

Reading The Virginian in the New West Melody Graulich,Stephen Tatum,2003-01-01 Although the origins of the western are as old as colonial westward expansion it was Owen Wister s novel *The Virginian* published in 1902 that established most of the now familiar conventions of the genre On the heels of the classic western s centennial this collection of essays both re examines the text of *The Virginian* and uses Wister s novel as a lens for studying what the next century of western writing and reading will bring The contributors address Wister s life and travels the novel s influence on and handling of gender and race issues and its illustrations and various retellings on stage film and television as points of departure for speculations about the new West as indeed Wister himself does at the end of the novel The contributors reconsider the novel s textual complexity and investigate *The Virginian* s role in American literary and cultural history Together their essays represent a new western literary studies comparable to the new western history

Saul Chadron's plan to hire Mark Thorn to kill the rustler Alan MacDonald goes awry with his own daughter falling for his enemy. On top of it, he couldn't have anticipated the huge backlash the rustlers would put up against him and his mighty band of settlers. Who will have the last word or say the last bullet? Excerpt: When a man came down out of the mountains looking dusty and gaunt as the stranger did, there was no marvel in the matter of his eating five cans of oysters. The one unaccountable thing about it was that Saul Chadron, president of the Drovers Association, should sit there at the table and urge the lank, lean starveling to go his limit. Usually Saul Chadron was a man who picked his companions and was a particular hand at the choosing. He could afford to do that, being of the earth's exalted in the Northwest where people came to him and put down their tribute at his feet.
