**Driftwood** Theodore Stryker, 2008 One writes out of one thing one's own experience Everything depends on how relentlessly one forces from this experience the last drop sweet or bitter it can possibly give So wrote the novelist James Baldwin True to Baldwin's observation the remarkable short stories of Theodore Ted Stryker are drawn entirely from his experiences during the last half of the volatile 20th Century Included in this unusual assortment are his childhood memories of World War II and its aftermath and his own troubled participation in three of the nation's later military conflicts In the last two of these he served not as a combatant but in a civilian support role His essays and commentaries address the critical issues of his time most of which remain very much with us today We sense immediately that he is passionate about what he writes yet he never ceases to surprise us Using persuasive argumentation he is often conservative when we expect him to be liberal and liberal when we expect him to be conservative We may not always agree with him but he certainly tempts us to reexamine our long standing beliefs

*Real Vampires, Night Stalkers and Creatures from the Darkside* Brad Steiger, 2009-09-01 Not only do vampires exist but they walk among us. Paranormal researcher extraordinaire and author of hundreds of books on the mysterious and unknown, Brad Steiger reveals that real vampires are not immortal, do not have fangs or sleep in coffins, and have no fear of sunlight or crucifixes. A chilling chronicle of the often ignored history of vampirism, *Real Vampires, Night Stalkers and Creatures from the Darkside* is a shocking account of occultist rituals and the inhuman forces that influence these immortal beasts. From spine tingling classic tales (Vlad the Impaler, the Countess of Blood) to stories of famous mass murderers and their shocking cannibalistic and vampire-like behavior (Jack the Ripper, the Zodiac Killer, Jeffrey Dahmer), to hair-raising testimony from ordinary people who've encountered vampires, and finally to interviews with modern vampires themselves, this frightening collection covers them all. Not for the faint of heart, you'll encounter 163 terrifying tales of the hideous wraiths and creatures that lurk in shadow, including the Mexican prostitute who mesmerized an entire village, convincing them she was an Incan goddess who required human sacrifice for her magic; the three teenagers who left a trail across the South as they conducted blood drinking rituals with animals; the mysterious Lady in Black who draws psychic energy from men who dare approach her as she wanders through city streets and parks; the young bride to be possessed by an evil spirit pretending to be her recently deceased uncle; the college student who thought that he had gotten lucky when he was invited to a party by a gorgeous woman until he found out that the other partygoers seemed to want blood in return for their beer. Shining a light on the horrifying truth, *Real Vampires, Night Stalkers and Creatures from the Darkside* dispels many myths but also confirms the truth behind several traits of real vampires. You'll encounter loathsome slashers, rippers, and murderers who do not promise immortality with their bite; only a painful death. The numerous photos and illustrations bring the text to life.
