Bone Collector the serial killer who terrorized New York more than a decade ago Lincoln Rhyme and Amelia Sachs are immediately drawn into the case Rhyme Sachs and the NYPD must race against time to answer the many questions the investigation uncovers Whom will the killer attack next What is the message behind the victims tattoos Does the killer s own inking a fanged centipede sporting a woman s face hold any significance And what is his ultimate mission As time runs out Rhyme discovers that the past has returned to haunt him in the most troubling way imaginable Primary Education ,1908

Soundtracked Books from the Acoustic Era to the Digital Age Justin St. Clair,2022-06-15 Offering both a short history and a theoretical framework this book is the first extended study of the soundtracked book as a media form A soundtracked book is a print or digital publication for which a recorded musical complement has been produced Early examples were primarily developed for the children s market but by the middle of the twentieth century ethnographers had begun producing book and record combinations that used print to contextualize musical artifacts The last half century has witnessed the rapid expansion of the adult market including soundtracked novels from celebrated writers such as Ursula K Le Guin Kathy Acker and Mark Z Danielewski While often dismissed as gimmicks this volume argues that soundtracked books represent an interesting case study in media consumption Unlike synchronous multimedia forms the vast majority of soundtracked books require that audience activity be split between reading and listening thus defining the user experience and often shaping the content of singing books as well Mapping the form s material evolution this book charts a previously unconsidered pathway through more than a century of recording formats and packaging strategies emphasizing the synergies and symbioses that characterize the marriage of sound and print As such it will be of value to scholars and postgraduate students working in media studies literary studies and sound studies *The Kill Room* Jeffery Deaver,2013-06-04 It was a million dollar bullet a sniper shot delivered from over a mile away Its victim was no ordinary mark he was a United States citizen targeted by the United States government and assassinated in the Bahamas The nation s most renowned investigator and forensics expert Lincoln Rhyme is drafted to investigate While his partner Amelia Sachs traces the victim s steps in Manhattan Rhyme leaves the city to pursue the sniper himself As details of the case start to emerge the pair discovers that not all is what it seems When a deadly knife wielding assassin begins systematically eliminating all evidence including the witnesses Lincoln s investigation turns into a chilling battle of wits against a cold blooded killer **The Philosophy of English Poetry** David Russell McAnally,1883
