Levi Kamel, 1983-01-01 Sexual Knowledge, Sexual Science Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day **Sadomasochism** Peggy J. Kleinplatz, Charles Moser, 2014-01-09 A book that dispels the myths about those who prefer to go beyond vanilla sex Sadomasochism Powerful Pleasures is a comprehensive exploration of the entire sexual subculture that lies on the cutting edge of society The mental health professions and society have marginalized people who practice sadomasochism SM This interdisciplinary collection dispels myths surrounding SM bringing together leading scholars from the fields of sexology psychology sociology and medicine alongside queer studies and sexual minority advocacy Experts such as Thomas S Weinberg PhD Susan Wright MA Margaret Nichols PhD Odd Reiersol PhD Svein Skeid Rebecca F Plante PhD Niklas Nordling MPsych and N Kenneth Sandnabba PhD among other stellar authorities reveal research findings clinical data and critical thinking about sexuality that lies beyond vanilla To gain a broader understanding of human sexuality the study of SM is crucial for what it reveals about us as sexual beings The text discusses the results of research into practitioners behaviors and perspectives the prevalence of SM behaviors in today s culture and stresses the need for greater tolerance and understanding The realization of SM desires and their acceptance are explored in detail This unflinching look at the world and the people of SM will guide scholars and lay people alike into a more sensitive sex friendly viewpoint of the people society calls kinky Sadomasochism Powerful Pleasures answers questions such as What is the nature of SM relationships What are the values and motives of SM participants How do mental health professionals regard and treat SM practitioners Should sadomasochism continue to be classified as a mental illness What is the legal status of SM and what are the consequences of discrimination against SM practitioners Does increasing visibility of SM imagery decrease stigma or create added problems What can ordinary lovers learn from those we have marginalized about the farther reaches of human erotic potential Sadomasochism Powerful Pleasures is valuable insightful reading for mental health professionals students sex educators sex counselors sex therapists sex researchers sexual health workers sociologists sexual minority groups and anyone interested in learning more about the sexual pleasures that lie beyond the traditional *Sexualities and Communication in Everyday Life* Karen E. Lovaas, Mercilee M. Jenkins, 2007 Excerpts from foundational work recent journal articles and pieces written for this text about the role of communication in the construction and performance of sexualities in interpersonal contexts and public discourses Social Psychology and

Human Sexuality Roy F. Baumeister, 2001 Presents a selected group of influential articles dealing specifically with the social aspects of sexuality topics covered include differences between male and female sexuality virginity harassment rape and coercion and jealousy **If You Seduce a Straight Person, Can You Make Them Gay?** John Dececco, PhD, John Patrick Elia, 2014-05-01 The debate on whether or not people are born homosexual biological essentialist theory or become homosexual during the course of their lives social constructionist theory continues as each side claims to prove the truth through research and clinical findings This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity The editors present an alternative view sexual and gender expression is a product of complementary biological personal and cultural influences in *If You Seduce a Straight Person Can You Make Them Gay* Through theoretical analysis ethnographic and empirical data and case studies the editors show how the one sidedness of both biological essentialist and social constructionist versions of sexual and gender identity make it difficult if not impossible to conceptually determine the origin of an individual's sexual expression This thought provoking book covers many topics that are sure to cause readers to re evaluate their thinking about the origins of gay and lesbian identity Among the topics examined with this fresh perspective are Childhood Cross Gender Behavior and Adult Homosexuality Gay and Lesbian Teachers and Coming Out Homosexuality Marriage Fidelity and the Gay Community Case of Gay Husbands Can Seduction Make Straight Men Gay Gay and Lesbian Identities in Non industrialized Societies Surinam Dutch New Guinea Turkey Nicaragua and Argentina Political Economic Construction of Gay Male Identities Readers will clearly see that the controversy over the being born gay or becoming gay debate is far from resolved From the beginning the book explores how human beings are less constrained by biology than many would like to believe Social circumstances and economics cause some determination of identity but not exclusively Theoretical introductions to each chapter attempt to synthesize elements on both sides of this most contemporary debate

Human Sexuality and its Problems John Bancroft, 2008-12-29 Prepared by one of the world's leading authorities Human Sexuality and its Problems remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases Human Sexuality and its Problems fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality

Sexualities: Past Reflections, Future Directions Sally Hines,Yvette Taylor,2012-05-09 This collection examines recent theoretical and methodological debates shifts in law and policy and social and cultural changes around sexuality It sets out new ways of conceptualizing and researching sexuality and explores persistently marginalised and re traditionalised sexual practices subjectivities and identities *The Ashgate Research Companion to Queer Theory* Noreen Giffney,Michael O'Rourke,2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom

Cinema, Pain and Pleasure Steven Allen,2013-03-28 From Tattoo to Saw this book considers mainstream cinema s representation of the viscerally dominated and marked body Examining a shift in the late twentieth century to narratives that highlight subjection endurance and willed acquiescence it probes the confluence of pain pleasure and consent to analyse the implications of the change *Public Sex* Patrick Califia,2000 A chronicle of the radical sex movement in the United States covers sexual practices gay and lesbian activism feminism censorship and other important issues Original

Sexuality and Its Discontents Jeffrey Weeks,2002-05-03 Few topics evoke so much anxiety and pleasure pain and hope discussion and

silence as sexuality Throughout the Christian era it has been a major moral preoccupation Since the eighteenth century it has also been the focus of scientific exploration and political activity But despite this obsessive concern we are still as baffled as our predecessors about the true meaning of sex In this book Jeffrey Weeks unravels the dense web of historical theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values The book begins with a powerful evocation of our present discontents and their potent signs the rise of the New Right the retreat of progressive forces and a wave of moral panics around sex It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality whilst claiming a privileged access to truth The author then examines radical debates of recent years and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality From this analysis emerges a controversial radical pluralist approach to sexuality built on an acceptance of diversity and choice By linking our present discontents to a clear understanding of the past Jeffrey Weeks presents a rational optimistic and challenging vision of a realizable future

Cuts and Criminality Theodore Bennett, 2016-03-09 This book investigates how and why the criminal law differentiates between different types of body alterations with particular reference to how they are conceptualised within legal discourse By drawing connections between types of body alteration that have traditionally been considered separately and discretely the book allows analytical conclusions to be made about the law's treatment of the general category of body alteration rather than merely about specific types of body alteration Taking legal discourse as its analytical focus the author critically examines a number of case studies to determine the techniques and processes by which some body alterations are discursively constructed as legitimate and legally approved and by which other body alterations are discursively constructed as illegitimate and legally sanctioned Specifically the body alterations that are addressed include sadomasochistic injuries female genital modification and male circumcision cosmetic surgery body modification and healthy limb amputation and sex reassignment surgery and genital normalisation surgery International in scope the discursive analysis in the book will be of interest to academics and researchers working in the areas of socio legal and cultural studies

Masochism and the Self Roy F. Baumeister, 2014-02-04 This volume provides an integrative theory firmly grounded in current psychology of the self and offers a fresh compelling account of one of psychology's most enigmatic behavior patterns Professor Baumeister provides comprehensive coverage of historical and cross cultural theories and empirical data on masochism and presents recent original data drawn from a large data set of anonymous masochistic scripts of fantasies and favorite experiences Drawn from the latest social psychological research and theories Professor Baumeister returns the emphasis to the original and prototypical form of masochism sexual masochism and explains these phenomena as a means of releasing the individual from the burden of self awareness It is the first volume to present a psychological theory compatible with the mounting evidence that most masochists are not mentally ill nor does masochism derive from sadism Instead Professor Baumeister finds that masochism emerges as an escapist response to the problematic nature of selfhood and he attempts to foster an

understanding of sexual masochism that emphasizes both escape from self and construction of meaning hypotheses The book is directed at all those interested in the self and identity in paradoxical behavior patterns and in the construction of meaning presenting specific clinical recommendations

Dominatrix Danielle J. Lindemann, 2022-12-22 Our lives are full of small tensions our closest relationships full of struggle between woman and man artist and customer purist and commercialist professional and client and between the dominant and the submissive In *Dominatrix* Danielle Lindemann draws on extensive fieldwork and interviews with professional dominatrices in New York City and San Francisco to offer a sophisticated portrait of these unusual professionals their work and their clients Prior research on sex work has focused primarily on prostitutes and most studies of BDSM absorb pro domme client relationships without exploring what makes them unique Lindemann satisfies our curiosity about these paid encounters shining a light on one of the most secretive and least understood of personal relationships and unthreading a heretofore unexamined patch of our social tapestry Upending the idea that these erotic laborers engage in simple exchanges and revealing the therapeutic and analytic nature of their work Lindemann makes a major contribution to cultural studies anthropology and queer studies with her analysis of how gender power sexuality and hierarchy shape all of our social experiences

Sexual Partnering, Sexual Practices, and Health Sana Loue, 2007-07-03 Sexual risk behaviors have inspired profound ideas and effective teamwork But as the early history of AIDS demonstrates when sexual practice is part of the equation the same bold thinkers may be stymied or just silent Safe sex and monogamy have been proposed as answers to a gamut of social problems but there is frequently little consensus on what these terms mean *Sexual Partnering Sexual Practices and Health* replaces myth and stereotype with meticulously documented findings on real people and their behaviors in their social environmental and individual contexts Author Sana Loue examines the range of partnerships not only in the U S but also Europe and the developing world focusing on both consenting relationships and exploitative sexual interactions Varieties of monogamy between consenting adults Relationships involving multiple adult partners Incest pedophilia and child marriage Sex work trafficking and pornography Fetishes and related behaviors All chapters cogently address the health issues that arise from these arrangements concluding with implications for research prevention and intervention Throughout Loue argues for a common language across disciplines and challenges her readers therapists health care providers and policymakers alike to rethink their assumptions about clients their health needs and the communities they represent Dr Loue's work is a truly significant scholarly contribution to a topic too often characterized by pseudo science and ideological distortions *Sexual Partnering Sexual Practices and Health* should prove an invaluable resource for researchers and community practitioners alike in helping understand dimensions of sexual practice and designing more effective approaches to sexual health and violence prevention Earl Pike Executive Director AIDS Taskforce of Greater Cleveland

Same-Sex Cultures and Sexualities Jennifer Robertson, 2008-04-15 This book demonstrates the centrality of sex gender and sexuality to theories of human behaviors and practices Moves beyond other

lesbian and gay studies readers by presenting a broader view of the significance of studying same sex cultures and sexualities across cultures Offers readings from all four subfields of anthropology cultural biological linguistic and archaeological along with historical and applied anthropology Includes discussion of biotechnology and bioethics health and illness language ethnicity identity politics post colonialism kinship development and policymaking

The Mastery of Submission John K. Noyes, 2018-09-05 Individuals sometimes derive sexual pleasure from submission to cruel discipline While that predilection was noted as early as the sixteenth century masochism was not codified as a concept until 1890 According to John K Noyes its invention reflected a crisis in the liberal understanding of subjectivity and sexuality which continues to inform discussions of masochism today In essence it remains a political concept Viennese physician Richard von Krafft Ebing coined the term masochism based on the work of Leopold von Sacher Masoch Noyes analyzes the social and political problems that inspired the concept suggesting for example that the triumphant expansion of European colonialism was in part animated by an ambivalence in masculine sexuality Noyes documents the evolution of the concept of masochism with scenes in literature from John Cleland's Fanny Hill through Sacher Masoch's Venus in Furs and Pauline Reage's Story of O Analysis of Freud's vastly influential rereading of masochism precedes an exploration of the work of his successors including Wilhem Reich Theodor Reik Helene Deutsch and Karen Horney Noyes suggests that the thematics of feminine masochism emerged only gradually from an exclusively male concept

concrete damage plasticity material model parameters identification - Apr 01 2023

web dec 30 2021 the procedure for identifying concrete damage plasticity material model parameters is presented in this paper concrete damage plasticity material model represents a constitutive

numerical analysis of reinforced concrete corbels using concrete damage - Feb 16 2022

web 2 days ago the concrete damage plasticity cdp model is a widely used constitutive model to represent the non linear behavior of concrete in numerical analysis however a limited number of studies compared the level of accuracy of numerical models with the main code provisions from the literature in addition the influence of cdp material parameters

pdf identification of parameters of concrete damage plasticity - Oct 07 2023

web jun 28 2013 identification of parameters of concrete damage plasticity constitutive model authors tomasz jankowiak poznan university of technology tomasz Łodygowski poznan university of technology abstract

pdf calibration of a new concrete damage plasticity - Jan 30 2023

web feb 1 2022 concrete damage plasticity cdp was chosen to simulate the behavior of the concrete material as it was the most recommended option from previous studies 28 29 30 31 in abaqus cae the

identification of parameters of concrete damage plasticity - Aug 05 2023

web concrete damage plasticity cdp is one of the possible constitutive model in this paper the typical laboratory tests of concrete that are necessary to identify the process have been

identification of parameters of concrete damage plasticity - May 02 2023

web identification of parameters of concrete damage plasticity constitutive model t jankowiak t Łodygowski published 2005 engineering physics foundations of civil and environmental engineering the paper presents a method and requiremens of the material parameters identification for concrete damage plasticity constitutive model

elastic plastic model of concrete damage and its main design parameters - Sep 25 2022
