**Aquinas Among the Protestants** Manfred Svensson, David VanDrunen, 2017-09-25  
AQUINAS AMONG THE PROTESTANTS This major new book provides an introduction to Thomas Aquinas's influence on Protestantism. The editors, both noted commentators on Aquinas, bring together a group of influential scholars to demonstrate the ways that Anglican, Lutheran, and Reformed thinkers have analyzed and used Thomas through the centuries. Later chapters also explore how today's Protestants might appropriate the work of Aquinas to address a number of contemporary theological and philosophical issues. The authors set the record straight and disavow the widespread impression that Aquinas is an irrelevant figure for the history of Protestant thought. This assumption has dominated not only Protestant historiography but also Roman Catholic accounts of the Reformation and Protestant intellectual life. The book opens the possibility for contemporary reception, engagement, and critique and even intra-Protestant relations and includes information on the fruitful appropriation of Aquinas in Anglican, Lutheran, and Reformed theologians over the centuries. Important essays from leading scholars on the teachings of Aquinas. New perspectives on Thomas Aquinas's position as a towering figure in the history of Christian thought. *Aquinas Among the Protestants* is a ground-breaking and interdenominational work for students and scholars of Thomas Aquinas and theology more generally.

**Sacra Doctrina** Per Erik Persson, 1970 *That All May Believe* Carl E. Braaten, 2018-10-11  
Karl P. Donfried, Smith College. A penetrating analysis of western Christianity in crisis as well as an incisive and compelling guide for course correction. Written with clarity, insight, and conviction. *That All May Believe* is Braaten at his very best. A must read for Christians in the northern hemisphere. Gabriel Fackre, author of *The Church Who Else But*. Carl Braaten could show us an ecumenical vision of theology as evangelical but not simply Protestant, catholic but not just Roman, orthodox but not only Eastern. Here is a needed call to share our ecclesial gifts with mutual affirmation on classical convictions and mutual admonition regarding teachable differences. Yet all this is done with a well-known Braaten edge: indictment of conventional Christianity and a drifting academic theology. We are in the author's debt for charting the right course toward visible unity and full communion for a church solid in its centralities and passionate about its mission. Frank C. Senn, Immanuel Lutheran Church, Evanston, Illinois. Employing his gift for incisive analysis of theological movements and trends according to the criterion of the saving gospel of Jesus Christ, Braaten affirms the catholic tradition with its canon of Scripture and historic dogmas as the indispensable bearer of the gospel. With evangelical passion for the missionary enterprise, he shows how the church must move toward ecumenical unity in order to bring the world to belief. He does not ignore the reality of the powers of evil that strive against the mission of the gospel. Nor does he shrink from saying that dialogue with the religions must not blunt the apostolic imperative to proclaim the gospel and bring converts into the community of faith in the crucified and risen Christ. This timely book, confessionally anchored and ecumenically hopeful, will engage theological readers from beginning to end. Carl E. Braaten is one of the leading theologians in American Lutheranism.

He taught Systematic Theology for a generation at Lutheran School of Theology at Chicago and was founding editor of the popular theological journal *Dialog*. He has written or edited many foundational works in Lutheran theology among them is a two volume *Christian Dogmatics* 1985 edited with Robert Jenson and *Justification The Article by Which the Church Stands or Falls* 1990. For thirteen years Braaten has been director of the Center for Catholic and Evangelical Theology and editor of its journal *Pro Ecclesia*. **The British National Bibliography** Arthur James Wells, 1970 **Selected Essays, Volume II**

Andrew Louth, 2023-07-18 Taken together these two volumes collect seventy five essays written by Professor Andrew Louth over a forty year period. Louth's contribution to scholarship and theology has always been significant and these essays have been collected from journals and edited collections many of which are difficult to access and are here made available over two thought provoking and wide ranging volumes. Volume II collects essays on a variety of theological topics arranged chronologically showing the development of Louth's thought since 1978. Throughout this collection the nature of theology as it is understood within Orthodox tradition is a constant concern. These essays offer distinctive reflections on categories such as development of doctrine that have become foundational in modern western thought but which must be viewed rather differently from an Orthodox perspective. The legacy of modern Russian Orthodox thought especially the key figures of the twentieth century Russian diaspora is under constant consideration and forms a constant dialogue partner. *Heavenly Bodies* Sigurdson, 2016 Deep and wide study of 2 000 years of Christian thought on the human body. Does Christianity scorn our bodies. Friedrich Nietzsche thought so and many others since him have thought the same. Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment. Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation. He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus. Finally he weaves these strands into a contemporary Christian theology of embodiment. Sigurdson's profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging.
