Sacramental And Occasional Homilies:

Sacramental and Occasional Homilies David Q. Liptak, 1981-01 Helpful hints for preparing homilies on special occasions **Living in Christ** Charles Edward Miller, 1974 **Sermons on Scriptural Types and Sacraments** Edward Hawkins, 1851 Sermons on Scriptural Types and Sacraments ... with Observations Upon Some Recent Theories Edward Hawkins (D.D., Provost of Oriel College, Oxford.), 1851 **The Oxford Edition of the Sermons of John Donne, Volume VII** Peter McCullough, Erica Longfellow, 2024-12-11 Volume VII of The Oxford Edition of the Sermons of John Donne gathers sermons preached by Donne at different venues for the related liturgical occasions of marriages christenings and the churching of women after childbirth The volume contains ten sermons seven of them undated and in the case of the christening sermons also for parties unknown one of the two churching sermons survives only in an authorially revised state as two separate but obviously coeval sermons Longfellow and McCullough establish that these sermons were preached across almost the whole of Donne's preaching career from among his earliest ca 1615-16 to 1627 four years before his death In each case an authoritative text has been established by freshly collating multiple copies of the seventeenth century print editions as well as multiple manuscript copies which predate the print witnesses For the first time these sermons appear with full critical apparatus The Introduction provides the first dedicated account of the place of sermons in the social liturgical and theological contexts of these occasions in post Reformation England A headnote to each sermon describes its textual state and supplies local historical social and intellectual context and suggestions for further reading Extensive commentaries document Donne's use of sources both acknowledged and unacknowledged translate passages in foreign languages and gloss important and unfamiliar words Although largely neglected by previous scholarship these sermons emerge here as unique the only known sermons for churchings challenging for views on women and marriage more conservative than many of Donne's contemporaries and as evidence of Donne's Calvinist sacramental theology and his anti Catholicism They are also fine examples of Donne's skill in crafting emotionally compelling sermons suited to the unique demands of both occasion and auditory *Living in Christ* Charles Edward Miller (C.M.), 1970 *A Word in Season* William Maestri, 1984 Read these gems and your homilies will sparkle with added lustre **Pastoral Sermons and Occasional Sermons** Ronald Knox, Ronald Arbuthnott Knox, 2002 The highly esteemed Catholic convert writer and apologist Ronald Knox a master of the English language was well regarded for his gifts both of writing and preaching This volume combines both skills as it is a collection of his homilies on all the important themes of the spiritual and moral life and on his favorite saints men and women of history who were inflamed with the love of Christ In his always descriptive profound and witty style Knox covers a very wide variety of pastoral themes for Christian living and growth in spiritual perfection Themes such as The Fatherhood of God The Sermon on the Mount The Gifts of God The Triumph of Suffering The Divine Sacrifice and dozens more In his occasional sermons on saints and Christian heroes he shows how these heroes of history struggled with many of the same spiritual

battles that modern believers encounter daily and overcame them with faith courage character and virtue These are the shining witnesses of the truth and charity we all seek to emulate

The Oxford Handbook of Sacramental Theology Hans Boersma,Matthew Levering,2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church s practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope
