Subversive Meals Streett R Alan, 2016-11-24 In *Subversive Meals* Alan Streett follows on from James C Scott's idea of a hidden transcript to argue that the Lord's Supper was a subversive non violent act against the Roman Empire Primarily through exegesis of the writings of Luke and Paul Streett examines the political nature of the meal in the context of first century Roman domination In his widely researched argument Streett illuminates for the reader why understanding the Lord's Supper as a purely symbolic act overlooks the political significance it would have had in the first century CE *Subversive Meals* analyses how the structure of the Lord's Supper followed that of a Roman banquet by having a deipon and a symposium the latter being the time when anti resistance discussions would take place Streett examines several aspects of the history context and theological significance of the Lord's Supper He discusses such topics as the identification of Passover as an anti imperial meal against the Pharaoh's rule the Roman domination system the meal practices of Jesus the eschatological meaning of the Last Supper the practice of this anti imperial work ethic in the early church and the gift of prophecy as a symposium activity By seeing the Lord's Supper as a political act readers will be able to study Scriptural passages more closely and precisely

fascinating aspect of Roman religious life The Gospel of John Rudolf Bultmann,2014-08-15 As the first volume in the Johannine Monograph Series The Gospel of John A Commentary by Rudolf Bultmann well deserves this place of pride Indeed this provocative commentary is arguably the most important New Testament monograph in the twentieth century perhaps second only to The Quest of the Historical Jesus by Albert Schweitzer In contrasting Bultmann s and Schweitzer s paradigms however we find that Bultmann s is far more technically argued and original commanding hegemony among other early Christianity paradigms Ernst Haenchen has described Bultmann s commentary as a giant oak tree in whose shade nothing could grow and indeed this reference accurately describes its dominance among Continental Protestant scholarship over the course of several decades **Fundamentals of Early Christianity** George Luther Clark,1928 *St. Paul and the Mystery-Religions* H. A. A. Kennedy,2017-03-10 Ours is an age of new things In no province is this more apparent than in that of New Testament interpretation And no section of the New Testament continues to stimulate more revolutionary theories than the Pauline Epistles It is true that discussions of authenticity have lost the importance assigned to them by scholars of the earlier time like Baur or by later critical investigators like Van Manen The emphasis has been shifted The primary question at issue is the essential nature of St Paul s view of the Christian faith From Chapter One **New Testament Tools and Studies** Bruce Manning Metzger,1962 *Historical and literary studies* Bruce M. Christian churches to expand the borders of hospitality Engaging several critical lenses around the notion of the sacrament namely Greco Roman meals Calvin s theology and feminist and Latin American theologies the author challenges theological and liturgical understandings of the Eucharist He fosters an interreligious dialogue around the table and ends up using ritual theory to expand the circles of traditions vocabularies and practices around the sacrament Proposing a borderless border eucharistic hospitality the author encourages readers to ask who and where we are when we get together to eat and drink and how this liturgical act around Jesus table meal can transform the lives of the poor our communities societies and the world T&T Clark Handbook of Sacraments and Sacramentality Martha Moore-Keish,James Farwell,2022-12-29
