Sacred Games Vikram Chandra, 2008-05-14 WINNER OF THE HUTCH CROSSWORD BOOK AWARD 2006 FOR BEST WORK IN ENGLISH FICTION Seven years in the making Sacred Games is an epic of exceptional richness and power Vikram Chandra's novel draws the reader deep into the life of Inspector Sartaj Singh and into the criminal underworld of Ganesh Gaitonde the most wanted gangster in India This is a sprawling magnificent story of friendship and betrayal of terrible violence of an astonishing modern city and its dark side Drawing on the best of Victorian fiction mystery novels Bollywood movies and Chandra's years of first hand research on the streets of Mumbai Sacred Games reads like a potboiling page turner but resonates with the intelligence and emotional depth of the best of literature Hindu Pluralism Elaine M. Fisher, 2017-02-24 Much has been written about the historical origins of the unity of Hinduism Hindu difference has been read through the lens of the term sectarianism a concept that translates devotion as dissent and community as a potential precursor to communalism In Hindu Pluralism Elaine M Fisher argues that it is the plurality of Hindu religious identities and their embodiment and contestation in public space that first reveals the emergence of Hinduism as a unified religion in south India and an integral feature of a distinctively Indic early modernity prior to British Colonialism Provided by publisher Search of the Greeks James Renshaw, 2008-05-16 Offers an introduction to the societies of Classical Greece This book introduces six key areas of ancient Greece Greek religion the Olympic Games Athenian drama Athenian society Athenian democracy and Sparta It reflects on some of the social political and cultural issues of classical Greece Sport and Spectacle in Greek and Roman Antiquity Paul Christesen, Donald G. Reclaiming the Hopewellian Ceremonial Sphere A. Martin Byers,2015-11-24 Multiple Hopewellian monumental earthwork sites displaying timber features mortuary deposits and unique artifacts are found widely distributed across the North American Eastern Woodlands from the lower Mississippi Valley north to the Great Lakes These sites dating from 200 b c to a d 500 almost define the Middle Woodland period of the Eastern Woodlands Joseph Caldwell treated these sites as

defining what he termed the Hopewell Interaction Sphere which he conceptualized as mediating a set of interacting mortuary funerary cults linking many different local ethnic communities In this new book A Martin Byers refines Caldwell s work coining the term Hopewell Ceremonial Sphere to more precisely characterize this transregional sphere as manifesting multiple autonomous cult sodalities of local communities affiliated into escalating levels of autonomous cult sodality heterarchies It is these cult sodality heterarchies regionally and transregionally interacting and not their autonomous communities to which the sodalities also belonged that were responsible for the Hopewellian assemblage and the heterarchies took themselves to be performing not funerary but world renewal ritual ceremonialism mediated by the deceased of their many autonomous Middle Woodland communities Paired with the cult sodality heterarchy model Byers proposes and develops the complementary heterarchical community model This model postulates a type of community that made the formation of the cult sodality heterarchy possible But Byers insists it was the sodality heterarchies and not the complementary heterarchical communities that generated the Hopewellian ceremonial sphere Detailed interpretations and explanations of Hopewellian sites and their contents in Ohio Illinois Indiana and Georgia empirically anchor his claims A singular work of unprecedented scope Reclaiming the Hopewellian Ceremonial Sphere will encourage archaeologists to re examine their interpretations **History of Greece** George Grote, 1854 Family Relationships in Contemporary Crime Fiction Bill Phillips, 2019-04-23 Behind every crime novel there is a family The author s the hero s or the heroine s and that of the villains themselves Some families organise themselves into crime syndicates controlling drugs prostitution and illegal gambling Others are simply dysfunctional tearing themselves apart fathers against sons mothers against daughters sisters against brothers husbands against wives Not everyone escapes alive However families do not exist in a vacuum They are an important part of our society for many one of its most essential building blocks That being said society itself can impinge disastrously on personal relationships War that greatest of crimes leaves children bereft of parents Generations of children are stolen by cynical racist administrators in supposedly civilised countries Religion requires its followers to flourish and multiply while abandoning all including family for their faith All of these issues and more are explored in this collection of essays about crime fiction and the family The Numismatic journal ,1837 The Numismatic Journal John Akerman, 2025-07-27 Reprint of the original first published in 1837 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **History of Greece** Grote, 1854 The Numismatic Journal John Yonge Akerman, 1837 Includes transactions of the Numismatic Society Romæ Antiquæ Notitia: or, the Antiquities of Rome ... The third edition, revised and corrcted. [With plates.] Basil KENNET,1703 Romae Antiquae Notitia Or, The Antiquties of Rome in Two Parts Basil Kennett, 1822 Romæ Antiquæ Notitia Basil Kennett, 1822 Romæ antiquæ notitia: or, The antiquities of Rome ... To which are prefixed two essays, concerning the Roman learning,

and the Roman education ... The sixteenth edition, corrected and improved Basil KENNET, 1820 The Educated Elite in 1 Corinthians Robert Dutch, 2005-06-04 This book examines the educated elite in 1 Corinthians through the development and application of an ancient education model The research reads Paul's text within the social world of early Christianity and uses social scientific criticism in reconstructing a model that is appropriate for first century Corinth Pauline scholars have used models to reconstruct elite education but this study highlights their oversight in recognising the relevancy of the Greek Gymnasium for education Topics are examined in 1 Corinthians to demonstrate where the model advances an understanding of Paul's interaction with the elite Corinthian Christians in the context of community conflict This study demonstrates the important contribution that this ancient education model makes in interpreting 1 Corinthians in a Graeco Roman context This is Volume 271 of ISNTS Jesus and the Temple Simon J. Joseph, 2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus arrest but the precise relationship between Jesus and the Temple's administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system Simon J Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death
