Sacred Changes Sacred Choices Meditations From The I Ching:

Sacred Changes, Sacred Choices Dante Jericho Schmoeker, 2004-07 The I Ching has ever been a powerful and ancient divination tool A Sacred Changes Sacred Choices directs the reader in using this tool to create a functional dialogue between life as ever present questions and her equally present Universal answers A Written in a clear direct language this daily practicum contains centuries old wisdom wrapped in the nurturing voice of a modern sage In this guidebook of daily meditations healer and mystic Dante Jericho Schmoeker offers a year's worth of guidance derived from the I Ching A Each entry offers a different meditation richly steeped in natural metaphor A In this way the author revitalizes classic interpretations offering the reader a broader lens from which he or she might witness and interpret the ever changing events of his or her life as well as navigate the choices these changes present This modern adaptation wedded with compelling daily affirmations provides the reader a potent avenue to reclaim his or her individual power and to connect intimately with his or her Divine purpose and path

Nature, Reality, and the Sacred Langdon Gilkey, 1993 Two partial apprehensions of nature vied for dominance in the past century religious void of any influence from science and scientific unable to admit any reality beyond the empirical Both views have led to the exploitation of nature and the scientific may prove even more devastating The fault Gilkey argues lies not in the scientific knowledge of nature but in the assumed philosophy of science that accompanies most scientific and technological practice Scientific knowing needs to be critiqued and brought into relationship with other complementary ways of knowing

Reconstructing the Confucian Dao Joseph A. Adler, 2014-03-27 Zhu Xi the twelfth century architect of the neo Confucian canon declared Zhou Dunyi to be the first true sage since Mencius This was controversial as many of Zhu Xi's contemporaries were critical of Zhou Dunyi's Daoist leanings and other figures had clearly been more significant to the Song dynasty Confucian resurgence Why was Zhou Dunyi accorded such importance Joseph A

Adler finds that the earlier thinker provided an underpinning for Zhu Xi's religious practice. Zhou Dunyi's theory of the interpenetration of activity and stillness allowed Zhu Xi to proclaim that his own theory of mental and spiritual cultivation mirrored the fundamental principle immanent in the natural world. This book revives Zhu Xi as a religious thinker challenging longstanding characterizations of him. Readers will appreciate the inclusion of complete translations of Zhou Dunyi's major texts. Zhu Xi's published commentaries and other primary source material.

The Hebrew Prophets, 2011-04-04. Fresh translation and facing page annotations bring the compelling wisdom of the Hebrew prophets to life. Hundreds of commentaries and dozens of Bible translations make the Hebrew prophets available to modern day readers, but most often these sources focus on history or apologetics, losing the reader who is searching for spiritual insight. *The Hebrew Prophets Selections Annotated Explained* makes the wisdom of these timeless teachers available to readers with no previous knowledge of the prophets. With fresh contemporary commentary, Rami Shapiro reveals the central themes covered by all the prophets: moving from ignorance to wisdom, injustice to justice, cruelty to compassion, and despair to joy. This unique look at the Hebrew Prophets sharpens the personal nature of their message and highlights their critique of the spiritual errors we all face in life, challenging readers to correct those errors and experience a life of awakening and joy.

The Hope, Andrew Harvey, Seymour Bernstein, 2009-08-01. Sacred Activism is compassion in action: the blending of physical work with spiritual intent to create a holy force and fusion of humankind's greatest achievements and principles. With over thirty years' experience living a lifestyle that promotes change through compassion, including under the guidance of the renowned Tibetan adept Thuksey Rinpoche, Andrew Harvey explains how to combine the foundations of wisdom with the power of love in action to create a better world of meaning, empathy, strength, and joy. *The Hope* will give the most practical possible help to all those who realise the urgent truth of our world: that these troubled times offer a gateway for dramatic and positive change, and who want to act as effectively as possible from wisdom and compassion.

Faces of Your Soul, Elise Dirlam Ching, Kaleo Ching, 2014-01-14. In *Faces of Your Soul*, Elise Dirlam Ching and Kaleo Ching combine art and archetypes, meditation and acupuncture, guided imagery, journaling, and many different creative processes in a collage of healing knowledge and wisdom. The authors start by stressing the balance of complementary opposites: left brain, right brain, challenge, comfort, practicality, the sacred, as crucial to beginning the journey. Then, through guided imagery, they lead readers through subconscious realms to connect with archetypal sources of inner wisdom. This process frees the creative and healing spirit, connecting explorers with the body's instinctive intelligence, which expresses itself through the creation of art. Central to this process is a detailed description of maskmaking, including how to work with a partner to mold each other's gauze mask, balanced with self-explorations of the inner experience of this event. Poetry, personal stories, photographs, and a gallery of Kaleo Ching's evocative totemic masks expand the reader's experience of this richly resonant journey to self.
