The Good Book Jawara D. King, 2017-05-08 In every life situation focus on all the positive outcomes. Destruction comes from focusing only on the negative. Whatever you focus on and give your attention to is what will manifest. Whatever you constantly think about is where you're focusing your energy. When you find yourself thinking in agreement with the dark side, direct your thinking to have your mind focus on anything positive. Ensure that your mind is nourishing you with its thoughts. By directing your thoughts you can choose your mindstate. Never let your mind think whatever it wants. You will become the essence of your constant thought. Watch your mind.

The Shadows and Echoes of Self - The False Self In Borderline Personality Disorder, **Earth Fever** Judy McAllister, Erik Van Praag, Jan Paul Van Soest, 2010-01-01 The human species is in a rather precarious situation. Poverty, the energy and financial crises and above all the challenge of climate change mean that our civilization has come to a dangerous edge. Our safety nets on both collective and individual levels have been removed. Can we create a future that allows for a dignified society and a peaceful world? With a change of consciousness and a new spirituality we may. Authors Judy McAllister, Erik van Praag and Jan Paul van Soest bring to bear their diverse experience in the fields of sustainability, leadership and entrepreneurialism on the challenge of building a radically different belief system about life. Such an endeavor will require. Along with the wisdom of international opinion leaders including management consultant Peter Senge, Jeroen van der Veer, the former CEO of Royal Dutch Shell, cultural creative Paul Ray, Herman Wijffels, former governor at the World Bank and others, *Earth Fever* delves into what is needed to bring about this essential new way of thinking. Links a crisp and clear explanation of the climate problem to a spiritual quest for solutions. *Earth Fever* is something special. Read it and subsequently do something. Pierre de Winter in Platform for Managers and Professionals. Ends with a positive, hopeful scenario. Living more consciously is not only good for our planet but also for ourselves. The fever can be decreased; we can become healthy again. Lisette Thooft in Happinez. Inspiring. The authors show that there is a third way, a path that weaves between doomsday thinking and unfounded optimism. Derk Hueting and Klaas van Egmond in Milieu.
