Sacred Fictions:

Sacred Fictions Lynda L. Coon, 1997 Late antique and early medieval hagiographic texts present holy women as simultaneously pious and corrupt hideous and beautiful exemplars of depravity and models of sanctity In *Sacred Fictions* Lynda Coon unpacks these paradoxical representations to reveal the construction and circumscription of women's roles in the early Christian centuries Coon discerns three distinct paradigms for female sanctity in saints' lives and patristic and monastic writings Women are recurrently figured as repentant desert hermits wealthy widows or cloistered ascetic nuns and biblical discourse informs the narrative content rhetorical strategies and symbolic meanings of these texts in complex and multivalent ways If hagiographers made their women saints walk on water resurrect the dead or consecrate the Eucharist they also curbed the power of women by teaching that the daughters of Eve must make their bodies impenetrable through militant chastity or spiritual exile and must eradicate self-indulgence through ascetic attire or philanthropy The windows the sacred fiction of holy women open on the past are far from transparent driven by both literary invention and moral imperative the stories they tell helped shape Western gender constructs that have survived into modern times

The Sex Lives of Saints Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula *The Sex Lives of Saints* frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest *Lives of Saints* mostly dating to the late fourth and early fifth centuries Jerome's *Lives of Paul Malchus Hilarion and Paula* Gregory of Nyssa's *Life of Macrina* Augustine's portrait of Monica Sulpicius Severus's *Life of Martin* and the slightly later *Lives of so-called harlot saints* Queer's and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended

Women and Pilgrimage E. Moore Quinn, Alison T. Smith, 2022-03-08 Women and Pilgrimage presents scholarly essays that address the lacunae in the literature on this topic. The content includes well trodden domains of pilgrimage scholarship like sacred sites and holy places. In addition the book addresses some of the less well known dimensions of pilgrimage such as the performances that take place along pilgrims' paths, the ephemeral nature of identifying as a pilgrim and the economic, social and cultural dimensions of migratory travel. Most importantly the book's feminist lens encourages readers to consider questions of authenticity, essentialism and even what it means to be a woman pilgrim. The volume's six sections are entitled Questions of Authenticity, Performances and Celebratory Reclamations, Walking Out, Women Forging Their Own Paths, Women Saints, Their Influence and Their Power, Sacred Sites, Their Lineages and Their Uses and Different Migratory Paths. Each section will enrich readers' knowledge of the experiences of pilgrim women. The book will be of interest to scholars of pilgrimage studies in general as well as those interested in women travel, tourism and the variety of religious experiences.

The Experience of Education in Anglo-Saxon Literature Irina Dumitrescu, 2018-01-25 Anglo Saxons valued education yet understood how precarious it could be alternately bolstered and undermined by fear, desire and memory. They praised their teachers in official writing but composed and translated scenes of instruction that revealed the emotional and cognitive complexity of learning. Irina Dumitrescu explores how early medieval writers used fictional representations of education to explore the relationship between teacher and student. These texts hint at the challenges of teaching and learning: curiosity, pride, forgetfulness, inattention and despair. Still these difficulties are understood to be part of the dynamic process of pedagogy, not simply a sign of its failure. The book demonstrates the enduring concern of Anglo Saxon authors with learning throughout Old English and Latin poems, hagiographies, histories and schoolbooks.

Macbeth Harold Bloom, 2005 A collection of critical essays concerning Shakespeare's tragic play of tyranny, revenge and mental anguish.

Human Progress Amid Resistance to Change Joseph E. Pluta, 2011-04 In building their profession around carefully selected interpretations of the work of Adam Smith, Alfred Marshall and others, mainstream economists have embraced such concepts as the invisible hand, equilibrium, consumer rationality, the marginal productivity theory, the inevitability of diminishing returns and the fiction of pure competition. In contrast, the evolutionary economics of

Thorstein Veblen and Clarence Ayres challenges all of these concept as unproven and capable of telling us little or nothing about the actual operation of the economy Using the evolutionary framework Human Progress Amid Resistance to Change argues that all cultures since prehistory have faced two opposing forces technology including human knowledge and institutions rooted in ceremonialism The former is dynamic forward looking accepting of change cumulative one discovery builds on another and the major cause of human progress The latter is static and consists of all customs traditions superstitions rituals ceremonies taboos and past binding religious beliefs that resist change The book illustrates in detail how these competing forces have interacted throughout the history of the human race and how mainstream economics fails to grasp the significance of their combined effects The Cappadocian Mothers Carla D. Sunberg, 2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender

Saints and Role Models in Judaism and Christianity Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more Women Saints Lives in Old English Prose Leslie A. Donovan, 1999 Translations of eight saints lives giving an insight into women s religious culture in Anglo Saxon England Devout virtuous and independent the heroines of Old English saints lives one of the most popular literary genres of the middle ages provided exemplars of personal and public inspiration for medieval Christians The eight lives translated here are the earliest known vernacular accounts of the biographies of thelthryth Agatha Agnes Cecilia Eugenia Euphrosyne Lucy and Mary of Egypt They depict women escaping unwanted marriages communicating with male relatives acquiring an education living autonomously as hermits and achieving positions of leadership such lives document

not only the importance of spiritual faith to early Christian women but also testify to how these women and their audience employed faith as a tool for empowerment Each life is preceded by a brief description of the saint s cult from its early Christian origins to its presence in Anglo Saxon culture The translation is accompanied by an introduction establishing the general background for the genre the conventions of women saints lives and women s religious culture in Anglo Saxon England and an interpretive essay exploring the relationships between explicit presentations of the female body and the strength of spiritual authority as exhibited in these texts completes the volume
