Shakespeare's Curse Bjoern Quiring, 2020-11-25 Conceptualizing the curse as the representation of a foundational mythical violence that is embedded within juridical discourse Shakespeare's Curse pursues a reading of Richard III King John and King Lear in order to analyse the persistence of imprecations in the discourses of modernity Shakespeare wrote during a period that was transformative in the development of juridical thinking However taking up the relationship between theatre theology and law Bjoern Quiring argues that the curse was not eliminated from legal discourses during this modernization of jurisprudence rather it persisted and to this day continues to haunt numerous speech acts Drawing on the work of Derrida Lacan Walter Benjamin and Giorgio Agamben among others Quiring analyses the performativity of the curse and tracks its power through the juristic themes that are pursued within Shakespeare's plays such as sovereignty legitimacy succession obligation exception and natural law Thus this book provides an original and important insight into early modern legal developments as well as a fresh perspective on some of Shakespeare's best known works A fascinating interdisciplinary study this book will interest students and scholars of Law Literature and History **The Living Church**, 1998 **Jesus and the Temple** Simon J. Joseph, 2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus' arrest but the precise relationship between Jesus and the Temple's administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system Simon J. Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus' enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus' conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death
