*Sacred Ground* Ron Zeilinger, 1987      **Path of the Sacred Pipe** Jay Cleve, 2012-11-27 In these days of global crisis thoughtful seekers increasingly turn to Native Americans for healing wisdom The Sacred Pipe is the medicine says Jay Cleve in this informative and practical guide to a key practice of Native American spirituality The Hopi and other ancient cultures predicted our present age as one of transition into a New World The galactic alignment ending the Mayan calendar on December 21 2012 occurs only every 26 000 years and is thought to be a critical time for raising consciousness to align with the radical expansion of Earth energies Cleve shows how the Pipe can facilitate transformation on both the personal and planetary levels He explains its use in rituals such as the sweat lodge the vision quest and the sun dance and in relation to the Medicine Wheel He also provides practical information on obtaining and caring for a Pipe and on preparing for and performing the Pipe ceremony      *When the Dead Speak* S. *Religion, Culture and Politics in the Twentieth-Century United States* Mark Hulsether,2007-05-31 Anyone who seeks to understand the dynamics of culture and politics in the United States must grapple with the importance of religion in its many diverse and contentious manifestations With conservative evangelicals forming the base of the Republican Party racial ethnic communities often organised along religious lines and social political movements on the left including major religious components many of the country s key cultural political debates are carried out through religious discourse Thus it is misleading either to think of the US as a secular society in which religion is marginal or to work with overly narrow

understandings of religion which treat it as monolithically conservative or concerned primarily with otherworldly issues In this volume Mark Hulsether introduces the key players and offers a select group of case studies that explore how these players have interacted with major themes and events in US cultural history Students in American Studies and Cultural Studies will appreciate how he frames his analysis using categories such as cultural hegemony race and gender contestation popular culture and empire Key Features Provides a concise introduction to the field Balances a stress on religious diversity with attention to power conflicts within multiculturalism Dramatizes the internal complexity and dynamism of religious communities Brings religious issues into the field of cultural studies building bridges that can enable more informed and constructive discussion of religion in these fields Provides an integrated view of religion and its importance in recent US history     Encyclopedia of Religion and Nature Bron Taylor,Jeffrey Kaplan,2005-01-01 No Marketing Blurb     *Every Day Is a Good Day* Wilma Mankiller,Gloria Steinem,2016-11-16 A rare and often intimate glimpse at the resilience and perserverance of Native women who face each day positively and see the richnes in their lives
