The Book Of The Sacred Magic Of Abramelin The Mage ,2025-05-15 The Book of Abramelin tells the story of an Egyptian mage named Abraham or Abra Melin who taught a system of magic to Abraham of Worms a Jew from Worms Germany presumed to have lived from c 1362 to c 1458 The system of magic from this book regained popularity in the 19th and 20th centuries partly due to Samuel Liddell MacGregor Mathers translation The Book of the Sacred Magic of Abramelin the Mage The story involves Abraham of Worms passing his magical and Kabbalistic secrets on to his son and tells how he acquired his knowledge Abraham recounts how he found Abramelin the Mage living in the desert outside an Egyptian town Arachi or Araki which borders the Nile Abramelin s home sat atop a small hill surrounded by trees He was an Egyptian mage and taught a powerful form of Kabbalistic magic to Abraham The book presents an autobiography written in the form of an epistolary novel The character of Abraham of Worms narrates his travel to the Egyptian desert and to a town bordering the Nile An elderly Egyptian mage offers him two manuscripts containing knowledge of Kabbalistic magic but extracts an oath that bounds Abraham in the service of God and the divine law The practical magic of Abramelin found in both Book III of the French text and Book IV of the German original centres around a set of talismans composed of magic word squares These are similar to traditional magic squares though the latter are usually composed of numbers while Abramelin s squares contain letters Commonly word squares are used as puzzles or as teaching aids for students In the context of Abramelin the focus becomes mystical so that each square should contain words or names that relate to the magical goal of the square A parallel is found in the famous Sator Arepo Tenet Opera Rotas word square an altered version of which is also found among Abramelin s squares

Sacred Magic Health Research,2004-03 Many well meaning but misinformed people associate magic with something evil or forbidden But as we enter the long

awaited aquarian age people are returning to magic During childhood William Oribello had many mystical experiences which guided him to firsthand encounters with both inner plane and living adepts of the secret wisdom Since 1965 he has taught magic and true religion and how to use this twofold unity as a tool to make a better person and a better world *Sacred Magic Of Abramelin The Mage* S. L. MacGregor Mathers, 2021-06-24 The particular scheme or system of Magic advocated in the present work is to an extent sui generis but to an extent only It is rather the manner of its application which makes it unique In Magic that is to say the Science of the Control of the Secret Forces of Nature there have always been two great schools the one great in Good the other in Evil the former the Magic of Light the latter that of Darkness the former usually depending on the knowledge and invocation of the Angelic natures the latter on the method of evocation of the Demonic races Usually the former is termed White Magic as opposed to the latter or Black Magic The invocation of Angelic Forces then is an idea common in works of Magic as also are the Ceremonies of Pact with and submission to the Evil Spirits The system however taught in the present work is based on the following conception That the Good Spirits and Angelic Powers of Light are superior in Power to the Fallen Spirits of Darkness That these latter as a punishment have been condemned to the service of the Initiates of the Magic of Light This Idea is to be found also in the K ran or as it is frequently and perhaps more correctly written Q r an As a consequence of this doctrine all ordinary material effects and phenomena are produced by the labour of the Evil Spirits under the command usually of the Good That consequently whenever the Evil Demons can escape from the control of the Good there is no evil that they will not work by way of vengeance That therefore sooner than obey man they will try to make him their servant by inducing him to conclude Pacts and Agreements with them That to further this project they will use every means that offers to obsess him That in order to become an Adept therefore and dominate them the greatest possible firmness of will purity of soul and intent and power of self control is necessary That this is only to be attained by self abnegation on every plane That man therefore is the middle nature and natural controller of the middle nature between the Angels and the Demons and that therefore to each man is attached naturally both a Guardian Angel and a Malevolent Demon and also certain Spirits that may become Familiars so that with him it rests to give the victory unto the which he will That therefore in order to control and make service of the Lower and Evil the knowledge of the Higher and Good is requisite The Book of the Sacred Magic of Abra-Melin the Mage Abraham ben Simeon, The Book of the Sacred Magic Abramelin the Mage, 2020-09-28 Owing perhaps to the circumstance that the indispensable B deker accords only a three or four line notice to the Biblioth que de l Arsenal but few English or American visitors to Paris are acquainted with its name situation or contents though nearly all know at least by sight the Biblioth que Nationale and the Biblioth que Mazarin This Library of the Arsenal as it is now called was founded as a private collection by Antoine Ren Voyer D Argenson Marquis de Paulny and was first opened to the public on the 9th Flor al in the fifth year of the French Republic that is to say on 28th April 1797 or just a century ago This Marquis de Paulny was born in the year 1722 died in 1787 and was successively

Minister of War and Ambassador to Switzerland to Poland and to the Venetian Republic His later years were devoted to the formation of this Library said to be one of the richest private collections known It was acquired in 1785 by the Comte D Artois and to day belongs to the State It is situated on the right bank of the Seine in the Rue de Sully near the river and not far from the Place de la Bastille and is known as the Biblioth que de l Arsenal In round numbers it now possesses 700 000 printed books and about 8000 manuscripts many of them being of considerable value Among the latter is this Book of the Sacred Magic of Abra Melin as delivered by Abraham the Jew unto his son Lamech which I now give to the public in printed form for the first time Many years ago I heard of the existence of this manuscript from a celebrated occultist since dead and more recently my attention was again called to it by my personal friend the well known French author lecturer and poet Jules Bois whose attention has been for some time turned to occult subjects My first mentioned informant told me that it was known both to Bulwer Lytton and liphaz L vi that the former had based part of his description of the Sage Rosicrucian Mejnour on that of Abra Melin while the account of the so called Observatory of Sir Philip Derval in the Strange Story was to an extent copied from and suggested by that of the Magical Oratory and Terrace given in the Eleventh Chapter of the Second Book of this present work Certainly also the manner of instruction applied by Mejnour in Zanoni to the Neophyte Glyndon together with the test of leaving him alone in his abode to go on a short journey and then returning unexpectedly is closely similar to that employed by Abra Melin to Abraham with this difference that the latter successfully passed through that test while Glyndon failed It would also be especially such experiments as those described at length in the Third Book which the author of the Strange Story had in view when he makes Sir Philip Derval in the MS history of his life speak of certain hooks describing occult experiments some of which he had tried and to his surprise found succeed

The Book of the Sacred Magic of Abramelin the Mage Samuel L MacGregor Mathers,2010-01-01 The Book of the Sacred Magic of Abramelin the Mage originally published in 1900 translated by Samuel Mathers from a 15th century French document was purportedly written by Abraham for his son Lamech Within this volume are three books The first book is Abraham s autobiography in which he speaks to his son The second book is an explanation of the purification rituals necessary to bring the magician s personal demon under his control And the third book details what feats can be accomplished once the practitioner is able to use a form of magic controlled and directed through sigils of magic words written on a grid Anyone with an interest in the occult will find this an interesting though perhaps impractical guide for exploring mystic arts
