to foresee the face of the man with whom she will bear the dynastic heir but it is not her husband's image. She is shocked upon arriving at Palenque to recognize that face as her husband's older brother Kan Bahlam. They are immediately attracted, sharing deep interest in astronomy. Though she resists the magnetic force of their attraction, it propels them into forbidden embraces until Kan Bahlam designs a bold plan that would solve his inability to produce a son if he can gain his brother's cooperation. Set in the splendor of Lakam Ha's artistic and scientific zenith, royal family conflicts and ambitions play out in a tapestry of brilliant Mayan accomplishments in calendars, astronomy, architecture, arts, and secret language codes that will astound people centuries later. As K'inu'w Mat contends with explosive emotions, she must answer the Goddess's mandate to preserve Mayan culture for future generations. Her passion with Kan Bahlam leads to a pale daughter and bold son who carry this out as their civilization begins the decline and eventual collapse. Her prophetic vision foresees one great cycle roll into the next. Contemporary Mexican archeologist Francesca and her partner Charlie, a British linguist, venture into Chiapas jungles to a remote Maya village seeking to unravel her grandmother's secrets. The hostile village shaman holds the key but refuses to share with outsiders the scandal that leads to foreign blood and ancient Palenque lineages. Only by reclaiming her own shamanic heritage can Francesca learn the truth of who she is and bring her dynasty into the present.

The Mayan Red Queen Leonide Martin, 2015-08-07

The ancient Maya city of Lakam Ha has a new young ruler K'inich Janaab Pakal. His mother and prior ruler Sak K'uk has selected his wife, the next queen. Lalak is a shy and homely young woman from a nearby city who relates better to animals than people. She is chosen as Pakal's wife because of her pristine lineage to B'aakal dynasty founders but also because she is no beauty. Arriving at Lakam Ha, she is overwhelmed by its sophisticated complex society and expectations of the royal court. Her mother-in-law Sak K'uk is critical and hostile, resenting any intrusion between herself and her son. She chose Lalak to avoid being displaced in Pakal's affections and does everything she can to keep it this way. The official name she confers on Lalak exposes her view of the girl as a breeder of future rulers: Tz'aabk'u Ahau, the Accumulator of Lords, who sets the royal succession. Lalak struggles to learn her new role and prove her worth facing challenges in her relationship with Pakal, for he is enamored of a beautiful woman banished from Lakam Ha by his mother. Pakal's esthetic tastes and love of beauty affect his view of his homely wife. Lalak, however, is fated to play a pivotal role in Pakal's mission to restore the spiritual portal to the Triad Gods that was destroyed in a devastating attack by archenemy Kan. Through learning sexual alchemy, Lalak brings the immense creative force of sacred union to rebuild the portal, but first Pakal must come to view his wife in a new light. In modern times, ten years after the discovery of the Red Queen's tomb, archeologist Francesca is studying new research about this mysterious royal woman in Mrida, Mexico. She teams up with British linguist Charlie to decipher an ancient manuscript left by her deceased grandmother. It provides clues about her grandmother's secrets that propel them into exploring her family history in a remote Maya village.
