Weaver,2016-04-08 Ferdinand III played a crucial role both in helping to end the Thirty Years War and in re establishing Habsburg sovereignty within his hereditary lands and yet he remains one of the most neglected of all Habsburg emperors The underlying premise of *Sacred Music as Public Image for Holy Roman Emperor Ferdinand III* is that Ferdinand s accomplishments came not through diplomacy or strong leadership but primarily through a skillful manipulation of the arts through which he communicated important messages to his subjects and secured their allegiance to the Catholic Church An important locus for cultural activity at court especially as related to the Habsburgs political power was the Emperor s public image Ferdinand III offers a fascinating case study in monarchical representation for the war necessitated that he revise the image he had cultivated at the beginning of his reign that of a powerful victorious warrior Weaver argues that by focusing on the patronage of sacred music rather than the more traditional visual and theatrical means of representation Ferdinand III was able to uphold his reputation as a pious Catholic reformer and subtly revise his triumphant martial image without sacrificing his power while also achieving his Counter Reformation goal of unifying his hereditary lands under the Catholic church Drawing upon recent methodological approaches to the representation of other early modern monarchs as well as upon the theory of confessionalization this book places the sacred vocal music composed by imperial musicians into the rich cultural political and religious contexts of mid seventeenth century Central Europe The book incorporates dramatic productions such as opera oratorio and Jesuit drama as well as works in other media but the primary focus is the more numerous and more frequently performed Latin texted paraliturgical genre of the motet which has generally not been considered by scholars as a vehicle for monarchical representation By examining the representation of this little studied emperor during a crucial time in European history this book opens a window into the unique world view of the Habsburgs allowing for a previously untold narrative of the end of the Thirty Years War as seen through the eyes of this important ruling family     **Shakespeare Made Easy - Twelfth Night** William Shakespeare,2014-11 Modern version side by side with full original text     *The Art of Music* Daniel Gregory Mason,1917     *New-York Musical Review and Gazette* ,1855     *Musical Gazette* ,1846     **'To fill, forbear, or adorne'** Rebecca Herissone,2017-07-05 This is the first study to provide a systematic and thorough investigation of continuo realization styles appropriate to Restoration sacred music an area of performance practice that has never previously been properly assessed Rebecca Herissone undertakes detailed analysis of a group of organ books closely associated with the major Restoration composers Purcell Blow and Humfrey and

the London institutions where they spent their professional lives By investigating the relationship between the organ books two stave arrangements and full scores of the same pieces Herissone demonstrates that the books are subtle sources of information to the accompanist not just short or skeleton scores Using this evidence she formulates a model for continuo realization of this repertory based on the doubling of vocal parts an approach that differs significantly from that adopted by most modern editors and which throws into question much of the accepted continuo practice in modern performance of this repertory
