Sadats Strategy:

Sadat's Strategy Paul Eidelberg, 1979 Gift of Rabbi W Gunther Plaut Shaping Strategy Risa Brooks, 2018-06-05 Good strategic assessment does not guarantee success in international relations but bad strategic assessment dramatically increases the risk of disastrous failure The most glaring example of this reality is playing out in Iraq today But what explains why states and their leaders are sometimes so good at strategic assessment and why they are sometimes so bad at it Part of the explanation has to do with a state's civil military relations In Shaping Strategy Risa Brooks develops a novel theory of how states civil military relations affect strategic assessment during international conflicts And her conclusions have broad practical importance to anticipate when states are prone to strategic failure abroad we must look at how civil military relations affect the analysis of those strategies at home Drawing insights from both international relations and comparative politics Shaping Strategy shows that good strategic assessment depends on civil military relations that encourage an easy exchange of information and a rigorous analysis of a state's own relative capabilities and strategic environment Among the diverse case studies the book illuminates Brooks explains why strategic assessment in Egypt was so poor under Gamal Abdel Nasser prior to the 1967 Arab Israeli war and why it improved under Anwar Sadat The book also offers a new perspective on the devastating failure of U S planning for the second Iraq war Brooks argues that this failure far from being unique is an example of an assessment pathology to which states commonly succumb **Deterrence Theory** Elli Lieberman, 1995

Reconceptualizing Deterrence Elli Lieberman, 2013 This book offers a reconceptualisation of conventional deterrence theory and applies it to enduring rivalries in the Middle East The work argues that many of the problems encountered in the development of deterrence theory lay in the fact that it was developed during the Cold War when the immediate problem it had to address was how to prevent catastrophic nuclear wars The logic of nuclear deterrence compelled a preoccupation with the problem of stability over credibility however because the logic of conventional deterrence is different the solution of the tension between credibility and stability is achieved by deference to credibility due to the requirements of reputation and costly signaling This book aims to narrow the gap between theory and evidence It explores how a reconceptualization of the theory as a process that culminates in the internalization of deterrence within enduring rivalries is better suited to account for its final success a finding that has eluded deterrence theorists for long This interdisciplinary book will be of much interest to students of deterrence theory strategic studies international security Middle Eastern studies and IR in general Sadat's Jihad Lt. Col. (Ret.) Shimon Mendes, 2018-06-27 SADAT's JIHAD is the fruit of seven years research The author describes the real reasons in his opinion that led the Israel Defense Forces to be utterly surprised in the Yom Kippur War Israeli Intelligence had concluded with direct assistance of Sadat himself that he was illiterate politically and militarily impotent Admittedly Sadat ultimately showed himself as a political intellectual and military strategist a visionary leader who gazed back 7000 years yet stared forward into Eternal History The Egyptian surprise that carried out successfully conducted by the

Egyptian President Nevertheless despite the sophisticated brilliant gambit that preceded the war Israel succeeded to turn the table on Egypt and Egypt almost suffered a crippling defeat again Shimon Mendes introduces Anwar al Sadat as The First Muslim Pharaoh Within the multiple stratagems that preceded his war Sadat had chosen to interlace Old and New Consequently Israeli Intelligence could not read him He started the war as a Moslem Caliph and ended the war as a Modern Pharaoh **Middle East, the Strategic Hub** Army Library (U.S.),1978 **The Egyptian Strategy for the Yom Kippur War** Dani Asher,2009-09-12 This volume examines the military strategy and issues that Egyptian war planners faced during the 1973 Yom Kippur War Of major interest is the relationship between the political and military leaders and how that affected the buildup and course of the conflict Taking this as a starting place the author concentrates on how Soviet military doctrinal changes presented themselves between the conclusion of the Six Day War and the Yom Kippur War *An American Political Scientist in Israel* Paul Eidelberg,2010-08-20 An American Political Scientist in Israel recounts the author's meetings with some of Israel's political and intellectual leaders after he immigrated to Israel in 1976 His book reveals for the first time the flawed mentality of these elites and how this affects their foreign policy As a political scientist and student of the America's Founding Fathers he provides a professional critique of Israel's ideological and institutional flaws Eidelberg also provides a detailed account of Israel's economic and technological contribution to the United States Contrary to conventional opinion dollar for dollar the United States receives more from Israel than Israel receives from the United States Finally Eidelberg offers a remedy for Israel's woes He first shows that although Israel is a democracy from a sociological perspective it is not a democracy from a political institutional perspective Not only does Israel lack a written Constitution with institutional checks and balances but members of the legislature are not individually accountable to the voters in constituency elections Operating in Israel is not representative government so much as multi party cabinet government dominated by the prime minister Eidelberg has therefore drafted a Constitution that empowers the people and is consistent with basic Judaic principles Sadat and After Raymond William Baker,1990 Most analyses of Egyptian politics present the limitations and failures of official political life as the complete story of politics in Egypt Raymond Baker's direct observation of Egyptian politics has convinced him that alternative political groups have sustained themselves and carved out spaces for promising political action despite official efforts at containment In this compelling study Baker recreates the public worlds of eight groups on the periphery of Egyptian politics They range in their political stances from Communists to the Muslim Brothers and include shifting clusters of critical intellectuals who gather around influential journals or in research centers as well as the quiescent aestheticists of the Wissa Wassef community Taken together the experiences of Egyptians in alternative groups reveal that Egyptians are more than the objects of diverse external pressures and more than the sufferers from multiple internal problems They are also creative political actors who have stories to tell about the human potential to struggle for humane values and goals in the modern world In examining Egypt from the margins rather than from the center

Baker proposes a new direction for Third World political studies He suggests a way out of the impasse in the current development literature which is fixed on a scientific study of causes and determinants by focusing on actual political struggles and alternative political visions

Jimmy Carter and the Middle East Daniel Strieff, 2015-08-05 Based on newly declassified documents this book offers a provocative new analysis of President Jimmy Carter's political role in Arab Israeli diplomacy It analyzes the reflexive relationship between domestic politics and foreign policy especially the roles played by the media public opinion and pro Israel lobby groups

Egypt (Routledge Revival) Middle East Research Institute, 2015-07-24 First published in 1985 this study focusing on Egypt looks at the underlying reasons why certain political economic and social events have taken place in the country's history It provides vital analysis of the political and economic issues of the country and those that have affected it as well as providing statistical material on all the key data of the political economy The book was originally published as part of the Middle East Research Institute MERI Reports on the Middle East which quickly established themselves as the most authoritative and up to date information on the state of affairs in the region

Middle East Research Institute Reports (Routledge Revivals) Middle East Research Institute, 2021-02-25 First published in 1985 the Middle East Research Institute MERI Reports on the Middle East quickly established themselves as the most authoritative and up to date information on the state of affairs in the region The books provide vital analysis of the political and economic issues affecting the countries involved at the time This reissue set covers topics including political structure risks to stability planning and public policy finance defence and agriculture in Israel Turkey Iran Egypt United Arab Emirates and Kuwait

Egypt And The Arabs Joseph P Lorenz, 2021-11-28 As the Arab states come to grips with new realities in the Middle East the shifts in political and economic power in the region the growing ascendancy of fundamentalist Islam over Nationalist and pan Arab ideologies of the past and the changing dynamics of the Palestinian problem the course that Mubarak charts for Egypt has become a factor of key importance In this book a career Foreign Service officer examines the changes that are taking place in Egyptian attitudes and policies toward the Arab world from three perspectives the ways in which Egypt pursued its regional interests under Nasser and Sadat the policy constraints imposed by political economic and social forces within Egypt and the dynamics of Egyptian Arab relations since the October War

Israel, Palestinians and the Intifada Geoffrey Aronson, 2024-11-01 First published in 1987 and this edition in 1990 Israel Palestinians and the Intifada is a comprehensive book covering the dynamics of interaction between Israeli policies and Palestinian responses Concentrating on the West Bank it was written from firsthand observation and original sources by Oxford trained scholar and journalist Geoffrey Aronson Hebrew and Arabic accounts have been used almost exclusively in the preparation of this book On the Israeli side the author explores the push and pull of competing factions and personalities and their impact on occupation policies On the Palestinian side he chronicles the evolution of the Palestinian reaction to these policies from the angry passivity of early stages of the occupation to the increasing politicization and growing popularity of

the PLO This is an important historical reference work for the scholars and researchers of West Asian studies Middle East politics international relations peace and conflict resolution and political history **Bridging the Gap** Cindy R. Jebb,2004-01-01 In *Bridging the Gap* scholar and military officer Cindy R Jebb asks why the United States with its considerable diplomatic economic and military resources vested in the Middle East has not been able to successfully implement plans to quell unrest in the region To find an answer Jebb specifically focuses on the factors that drive United States foreign policy decisions in Egypt and Syria in a Cold War and post Cold War context The epilogue brings forward the post Cold War findings to a post 9 11 world providing insights on the changing legitimacy formulas for both states Using comparative politics literature to answer the international relations question of why states behave as they do this searching study builds an important foundation for further research in other critical areas of current scholarly interest including democratization consensus building multilateral institutions and ethnic studies *Bridging the Gap* will be indispensable to scholars in the international comparative and security fields and Jebb s insights will be of particular value to Middle East regional experts and policy makers Economic Crisis And The Politics Of Reform In Egypt Ray Bush,2019-04-10 This book examines the character and consequences of Egypt s economic reform and structural adjustment programme of 1991 along with the second stage of reforms in 1996 It contributes to the debates underpinning the political economy of economic reform and agricultural reform *Loved Egyptian Night* Hugh Roberts,2024-02-27 *Loved Egyptian Night* fundamentally reassesses the Arab Spring refuting the stories the Western powers fed to the world There is no doubt that the toppling of Ben Ali in Tunisia in January 2011 and what it led to amounted to a political revolution But the uprisings in Egypt Libya and Syria countries with quite different histories and political traditions were never revolutions As Hugh Roberts explains the bitter ends of these episodes were inscribed in their misunderstood beginnings To celebrate these uprisings as revolutions preempts and inhibits critical analysis and expresses an abdication of intellectual responsibility After so much wishful thinking what remains is the debris of a cynical pretension Outside interference ostensibly on behalf of these revolutions reduced Libya to anarchy and condemned Syria to a devastating proxy war now in its twelfth year In Egypt the Free Officers state was re booted in its most brutal ever form The Americans and Europeans did not vainly try to help the Egyptians or anyone else escape from authoritarian rule Instead they contrived to seal them up in it The long oppression of these societies Kipling s *Loved Egyptian night* is not going to be ended by the Western powers these days it is guaranteed by them Scars of War, Wounds of Peace Shlomo Ben-Ami,2007 An Oxford trained historian who became Israeli Foreign Minister Shlomo Ben Ami was a key figure in the Camp David negotiations and many other peace talks He offers here an unflinching account of the Arab Israeli conflict informed by his firsthand knowledge **Doctor, Teacher, Terrorist** Sajjan M. Gohel,2023-12-12 Ayman al Zawahiri co founder of al Qaeda and successor to bin Laden was one of the most influential terrorists of the modern era In the first in depth biography of the Egyptian doctor and ideologue Sajjan M Gohel meticulously unpacks al Zawahiri s

long career which spanned over 50 years in the growth and evolution of transnational terrorism From an illustrious Egyptian family al Zawahiri chose to rebel against his own society and the international order Through his travels across multiple continents the Egyptian found himself in many of the places where history was made A pioneer of terrorist strategies and tactics al Zawahiri left an indelible legacy for al Qaeda and other terrorists to build upon

Conflict Management In The Middle East Steven L Spiegel, 2019-03-07 This book explores efforts being made to create Russian American cooperation in managing recurrent conflict in the Middle East Theoretical historical and policy sections provide the framework for chapters that represent the most current multinational thinking on issues of war prevention crisis avoidance and conflict resolution
