Sg Criminal Justice:

Gangs and Minorities in Singapore Narayanan Ganapathy, 2023-12-21 This book is a unique ethnographic study of a racially exclusive Malay Muslim gang Omega which has its roots in Singapore's prisons and controls much of the illicit drug trade in the state. Similar to indigenous peoples elsewhere, Singapore Malays are disproportionately represented in the criminal justice system and can respond to structural marginalization and colonization through gang involvement. In demonstrating that gang membership can be an adaptive strategy for minority groups, this book promotes a more inclusive and restorative justice model for people with repeat convictions. LEAA United States. Law Enforcement Assistance Administration, **A History of Human Rights Society in Singapore** Jiyoung Song, 2017-05-08 To celebrate Singapore's fiftieth anniversary for its independence from Malaysia in 2015, 35 students, academics, and activists came together to discuss and write about pioneering Singaporean human rights activists and their under-reported stories in Singapore. The city state is known for its remarkable economic success while having strict laws on individual freedom in the name of national security, public order, and racial harmony. Singapore's tough stance on human rights, however, does not negate the long and persistent existence of a human rights society that is little known to the world until today. This volume, composed of nine distinctive chapters, records a history of human rights activists, their campaigns, main contentions with the government, survival strategies, and other untold stories in Singapore's first 50 years of state building. Do Exclusionary Rules Ensure a Fair Trial? Sabine Gless, Thomas Richter, 2019-04-17 This open access publication discusses exclusionary rules in different criminal justice systems. It is based on the findings of a research project in comparative law with a focus on the question of whether or not a fair trial can be secured through evidence exclusion. Part I explains the legal framework in which exclusionary rules function in six legal systems: Germany, Switzerland, People's Republic of China, Taiwan, Singapore, and the United States. Part II is dedicated to selected issues identified as crucial for the assessment of exclusionary rules. These chapters highlight the delicate balance of interests required in the exclusion of potentially relevant information from a criminal trial and discusses possible approaches to alleviate the legal hurdles involved. *Social Policy in Post-Industrial Singapore* Kwen Fee Lian, Chee-Kiong Tong, 2008-03-31 Notwithstanding the lean years that followed 1986 and 1997, sustained economic growth since the late 1970s has propelled Singapore into the post-industrial age and reproduced the demographic and social structure of advanced western societies. The rapid shift to a knowledge-intensive economy requiring highly skilled services has resulted in a two-speed society consisting of a highly competitive but rewarding sector and a marginalized population that is increasingly at risk. Being avowedly anti-welfarist, the state, for ideological reasons, has resisted pressures to introduce a comprehensive welfare regime for its risk population, preferring to privilege its productive citizenry. Is Singapore a counter-factual to the convergence thesis by preferring to put in place a social policy driven by the belief of its leaders that the more successful a society is, the more it is able to care for those who fall behind? Issues of Law

and Justice in Singapore Daniel Koh, Kiem-Kiok Kwa, 2009 *Approaches to Offender Rehabilitation in Asian Jurisdictions* Chi Meng Chu, Michael Daffern, 2024-04-04 This book aims to understand how Asian jurisdictions conceptualise rehabilitation within both the correctional and forensic mental health sectors Little has been written about rehabilitation practices for people in criminal justice and forensic mental health services in Asia Although there is some recognition of the need to develop and or adjust rehabilitation practices for non white non western peoples in Western jurisdictions the extent to which Western derived practices have been considered adjusted or adopted in Asian countries is not well known This book includes contributions from an international team who explore the ways in which history culture religion and resources impact how rehabilitation is conceptualised and offered in multiple Asian countries It aims to provide an understanding of the relative merits of contemporary Western practices across different Asian countries and consider how these practices have been adopted and adapted within correctional and forensic mental health sectors This book is essential for administrators who are developing rehabilitation strategies and for practitioners working with people who have a history of offending behaviour

The Law on Corruption in Singapore Boon Gin Tan, 2007 This monograph examines how the law of corruption in Singapore has evolved from its paradigm involving a breach of duty to include the perversion of justice and most recently marriages of convenience This book also deals with practical evidential issues including the indicia that the courts have looked to in determining the existence of a corrupt element in law and in fact The author has sought to reconcile the myriad cases by ordering the relevant extracts and linking them through explanatory notes to give the practitioner a clear and accessible guide to the law Correctional Rehabilitation & Psychological Interventions In Singapore: Practitioners' Experiences In Singapore Prison Service Xiang Long Cheng, Gabriel Ong, 2023-03-20 Psychologists and correctional rehabilitation specialists in the Psychological and Correctional Rehabilitation Division of the Singapore Prison Service have been instrumental in designing and delivering the rehabilitation work with offenders This book seeks to capture these experiences in the area of rehabilitation and the anecdotal experiences working with different groups of offenders on the ground It provides a first hand look at the application of offender rehabilitation principles in practice It also provides details on the experiences and challenges of working in a correctional context through the anecdotal sharing To this end the book aims to provide a practical and practitioner lens overlaid with theoretical concepts to the practice of correctional rehabilitation While there have been experiences and insights documented this will be the first book that documents the anecdotal experiences in Singapore Prison Service

Regulating Judges Richard Devlin,Adam Dodek,2016-12-30 Regulating Judges presents a novel approach to judicial studies It goes beyond the traditional clash of judicial independence versus judicial accountability Drawing on regulatory theory Richard Devlin and Adam Dodek argue that judicial regulation is multi faceted and requires us to consider the complex interplay of values institutional norms procedures resources and outcomes Inspired by this conceptual framework the book invites scholars from 19 jurisdictions to describe and critique the regulatory regimes for a variety of countries from around the world

Judiciary-led Reforms in Singapore Waleed Haider Malik,2007-01-01 While each countrys judiciary is unique in its individual needs capabilities and contexts the lessons learned from Singapores success can help guide judicial reform initiatives regionally as well as globally No one would suggest that Singapores strategy is a magic formula that if followed can erase the inefficiencies of all judiciaries But it would be wise to examine the strategies used and lessons learned from Singapores experience as a potential guide towards successful and sustainable judicial reform
