Shaking The Foundations Japanese Architects In Dialogue

Fredinel Banaag

Shaking The Foundations Japanese Architects In Dialogue:

Shaking the Foundations Christopher Knabe, Joerg Rainer Noennig, 1999 Shaking the Foundations reveals the passions hidden behind the cool abstract exterior of the Japanese design scene Through a series of in depth interviews renowned architects such as Tadao Ando Arata Isozaki and Kazuo Shinohara speak out on issues ranging from the philosophies of Japanese Modernism to the politics of urban planning in Japanese cities Often contradictory but never dull these interviews offer compelling insights into contemporary Japanese culture

Faith and Power in Japanese Buddhist Art, 1600-2005 Patricia J. Graham, 2007-09-30 Faith and Power in Japanese Buddhist Art explores the transformation of Buddhism from the premodern to the contemporary era in Japan and the central role its visual culture has played in this transformation Although Buddhism is generally regarded as peripheral to modern Japanese society this book demonstrates otherwise Its chapters elucidate the thread of change over time in the practice of Buddhism as revealed in temple worship halls and other sites of devotion and in imagery representing the religion s most popular deities and religious practices It also introduces the work of modern and contemporary artists who are not generally associated with institutional Buddhism and its canonical visual requirements but whose faith inspires their art The author makes a persuasive argument that the neglect of these materials by scholars results from erroneous presumptions about the aesthetic superiority of early Japanese Buddhist artifacts and an asserted decline in the institutional power of the religion after the sixteenth century She demonstrates that recent works constitute a significant contribution to the history of Japanese art and architecture providing evidence of Buddhism s compelling presence at all levels of Japanese society and its evolution in response to the needs of new generations of supporters

Kenzo Tange and the Metabolist Movement Zhongjie Lin, 2023-08-31 Amid Japan s political turbulence in 1960 seven architects and designers founded Metabolism to propagate radical ideas of urbanism Kenz Tange s Plan for Tokyo 1960 further celebrated urban expansion as organic processes and pushed city design to an unprecedented scale Metabolists visionary schemes of the city gave birth to revolutionary design paradigms which reinvented the discourse of modern Japanese architecture and propelled it through the years of Economic Miracle to a global prominence Their utopian concepts which often envisaged the sea and the sky as human habitats of the future reflected fundamental issues of cultural transformation and addressed environmental crises of the postindustrial society This new edition expands Zhongjie Lin s pathbreaking account on Tange and Metabolism centered at the intersection of urbanism and utopianism The thorough historical survey from Metabolism s inauguration at the 1960 World Design Conference to the apex of the movement at Expo 70 and further to the recent demolition of Nakagin Capsule Tower leads to a definition of three Metabolist urban paradigms megastructure group form and ruins which continue to inspire experiments in architecture city design and conservation Kenz Tange and the Metabolist Movement is a key book for architectural and urban historians architects and all those interested in avant garde design Japanese architecture and contemporary urbanism

Project Japan Graham Cooper, 2009 Project Japan

is the product of a long journey by author Graham Cooper A sustained rolling programme relating to contemporary art and architecture in Japan this project involved over a decade of commitment more than a dozen research and documentation

Japan Christian Schittich,2012-12-17 Over a number of years the review Detail has been consistently documenting the construction activities which have taken place in Japan and this book draws on the best of their experience and connections to present and analyse with plans and details the most interesting buildings from various architectural trends in contemporary Japan Introductory essays discuss the developments and specific design principles in Japanese architecture This volume provides a stimulating discussion of current Japanese building in the context of traditional architecture Jacket

The Urbanism of Metabolism Raffaele Pernice,2022-03-16 This edited book explores and promotes reflection on how the lessons of Metabolism experience can inform current debate on city making and future practice in architectural design and urban planning More than sixty years after the Metabolist manifesto was published the author s original contributions highlight the persistent links between present and past that can help to re imagine new urban futures as well as the design of innovative intra urban relationships and spaces The essays are written by experienced scholars and renowned academics from Japan Australia Europe South Korea and the United States and expose Metabolism s special merits in promoting new urban models and evaluate the current legacy of its architectural projects and urban design lessons They offer a critical intellectual and up to date account of the Metabolism projects and ideas with regard to the current evolution of architectural and urbanism discourse in a global context The collection of cross disciplinary contributions in this volume will be of great interest to architects architectural and urban historians as well as academics scholars and students in built environment disciplines and Japanese cultural studies

Capture Japan Marco Bohr,2022-12-01 *Capture Japan* investigates the formation of visual tropes and how these have contributed to perceptions of Japan in the global imagination The book proposes that images are not incidental in the formation of such perceptions but central to notions about identity history and memory From a tentative western ally in 1952 to a soft power superpower with a huge global influence in the 21st century the book locates questions about Japan in the global imagination to the country s transforming geopolitical position By adopting an interdisciplinary approach with a multiplicity of perspectives from around the world *Capture Japan* goes beyond binarisms to uncover how images can also produce discourses that challenge subvert or even contradict each other The word capture in the title of the book recognises both the deeply problematic role that images have played in relation to colonialism as well as the potential dominance that visual spectacles can wield in a contemporary context Diverse essays from a wide range of perspectives investigate the institutional framework that has allowed certain types of images of Japan to be promoted while others have been suppressed In doing so the book points to a vast network of images that have shaped the perception of Japan both from within and from outside revealing how these images are inextricably linked to wider ideological political cultural or economic agendas

Architectural Design Exploration- Homage Pavilions as Experiential Memorials Fredinel

Banaag,2020-11-25 The Architectural Design Exploration Homage Pavilions as Experiential Memorials is an e book on various design explorations as expressed through a series of enterable non formal experiential memorial pavilions dedicated to the selected characters in the novels Noli Me Tangere and El Filibusterismo the Philippines most historically significant literary works *Cosmetic, Aesthetic, Prophetic: Beyond the Boundaries of Beauty* Alberto Ferreira, Lucy Moyse,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 The ever elusive field of Beauty Studies is one that often underappreciated yet it is a key concept across all spheres of knowledge transcending traditional and innovative epistemologies and providing provocative insights into fundamental aspects of human existence Here researchers from around the globe contribute rich and diverse ideas and perspectives from a multitude of disciplines to highlight explore and re evaluate the significance and infinite implications of this pervading topic within history science society culture new media mathematics art and literature *The Politics of American Actor Training* Ellen Margolis, Lissa Tyler Renaud,2011-01-13 This book strives to give a fair hearing to persistent questioning voices about our nation s acting training as it stands thereby contributing to the national dialogue the diverse perspectives and proposals needed to keep American actor training dynamic and germane both within the U S and abroad
