Shamanism and the Mystery Lines Paul Devereux,1992-01-01 Shamanism and the Mystery Lines Paul Devereux,2001

All archaic landscape lines are in essence spirit lines Within us all we hold a blueprint of this spiritual earth and of the ancient shamanic power of magical flight If we could only find the wellsprings of the psyche and translate these timeless patterns from our minds to the physical earth then we too could learn to experience the reality behind the straight line mystery Once again we would allow the spiritual earth to lead the way in our personal growth and transformation We need to bring this out of body state from its cultural exile and give it the much greater attention it deserves **The to Z of**

Bynum,2012-06-19 How to awaken the Ureus the serpent power of spiritual transcendence within each of us and connect to the superconscious of the universe Reveals the biochemistry of how the body's melanin provides the template for the subtle energy body or light body Shows how embracing the dark light consciousness of the awakened Ureus opens a portal to the sacred darkness of the superconscious Provides illustrated instructions for meditation practices breathing exercises and yoga postures to safely awaken Ureus Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious Called Ureus in ancient Egyptian texts and Kundalini in ancient Hindu yoga traditions our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state When awakened it unfurls along the spinal column to the brain connecting individual consciousness to the consciousness of the universe enfolded within the

dark matter of space At the root of creativity and spiritual genius across innumerable cultures and civilizations this intelligent force reveals portals that enfold time space and the luminous matrix of reality itself Combining physics neuroscience and biochemistry with ancient traditions from Africa and India Edward Bruce Bynum Ph D explores the ancient Egyptian science of the Ureus and reveals how it is intimately connected to dark matter and to melanin a light sensitive energy conducting substance found in the brain nervous system and organs of all higher life forms He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body just as dark matter together with gravity holds the galaxies and constellations together With illustrated instructions he shows how to safely awaken and stabilize the spiritual energy of the Ureus through meditation practices breathing exercises and yoga postures as well as how to prepare the subtle body for transdimensional soul travel By embracing the dark light of the shining serpent within we overcome our collective fear of the vast living darkness without By embracing the dark we transcend reality to the dimension of light

Notes from a Diviner in the Postmodern World Theresa C. Dintino, 2016-06-16 What does it mean to bring indigenous wisdom to the postmodern world How do divination and ritual fit into modern society How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning Notes from a Diviner in the Postmodern World A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition In this book Dintino describes what she calls the landscape of the otherworld revealed to her through spirits ancestors archangels elemental and light beings in her divinations Whatever your spiritual tradition there s always a shared landscape of the otherworld Understanding the landscape will help you navigate your own spiritual terrain Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live which includes learning from all living things including mountains and water This powerful handbook teaches you how to heal your world by exploring inter dimensional realms and ultimately becoming a spiritual steward of the Earth When I became a diviner I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily as I continued to divine I am still exploring this landscape but wanted to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing What I have included in this book is not meant to be rigid it is a conversation and a guide
