Shanghai And The Yangtze Delta Vol Iii A City Reborn:

Southern China Marco R. Di Tommaso, Lauretta Rubini, Elisa Barbieri, 2013-05-07 By concentrating on one of the key locations of global manufacturing this volume offers a contribution to contemporary industry studies The rates of growth that have characterized the southern Guangdong province in the last three decades are unique even with respect to the more general and often cited Chinese experience But what role have governments played in these decades of growth What are the aims and tools of industrial policies promoted in this core location of contemporary manufacturing And what are the implications of the Guangdong experience of growth for the international debate on contemporary industry Referencing the international debate on industrial development specialized Chinese academic literature official government documents statistics and in depth fieldwork this book offers unique view on the complex set of long term national and local government plans and policies that have gone hand in hand with the last three decades of impressive change in this highly industrialized region In this framework local industrial development policy innovation policy and migration policy are carefully analyzed as three of the main strategic interventions selected by government authorities to promote the desired gradual structural change and technological upgrading in industry This book will be of interest to students and scholars of Chinese studies economics and business development policy and industrial policy Furthermore the volume presents stimulating material for both policy makers and entrepreneurs

Emergent Architectural Territories in East Asian Cities Peter G. Rowe, 2012-12-12 This book presents current developments in city planning and architecture in East Asia It describes the many neighborhoods in which the region's large cities are modernizing or expanding with innovative structures and advanced construction projects It combines a typology of public structures with an analysis of the compositional principles of urban environments Thus it finally connects new developments in city planning with new developments in architecture and considers examples such as CCTV Lujiazui Kansai Airport Xinyi Taipei 101 Chek Lap Kok Cheonggyecheon Roppongi Hills Da Shanzi Shahe Omotesando and Marina Bay from a new perspective And the new perspectives presented here are not just theoretical some forty full page bird's eye views prepared especially for this volume show these future urban settings in highly detailed images of breathtaking beauty The result is a rich portrait of the coming together of global and local influences in non Western countries With its systematic approach this presentation by one of the leading international experts in the field is a reference work on a topic of central importance to the world of construction today

Success for All Yanyu Zhou, 2008-11-01 This book provides a detailed account of an educational experiment in a middle school in Shanghai China The school called Zhabei No 8 Middle School hereafter No 8 School is located in a run down lower working class district Since the mid 1980s the school has experimented on an educational reform program called success education aiming to help those at risk students to be successful in school This book illustrates how this educational experiment has been carried out and to identify experiences that could be learned by the international educational community The book analyzes the critical role played by Principal Liu

Jinghai and particular attention is paid to the strategies adopted by the school to help enhance students self esteem through integrating love and care throughout the school s curriculum and activities The pivotal roles played by teachers called class directors are meticulously studied and efforts the school has made to collaborate with parents and the local community are examined An ethnographic approach was used to gather data in this study A combination of interviews participant observation and document analysis was applied to arrive at a systematic and complex understanding of this educational endeavor in China

Emerging Urbanity Richard Marshall,2013-09-05 Emerging Urbanity provides a critical reading of urban transformations throughout the world and in particular in Asia Includes case studies of detailed design analysis of the largest urban developments in the Pacific Rim

Fast Boat to China Andrew Ross,2006-04-04 Most Americans today are aware that jobs are being outsourced to China India and other nations at an alarming rate From factory jobs to white collar high tech positions the exporting of labor is one of the most controversial issues in America Yet few people know much about the other end about the people who are actually working these jobs and how their own lives have been throw into tumult by these new economic forces Andrew Ross spent a year in China interviewing local employees and their managers in Taiwan Shanghai and the far western provinces In this engaging and informative book he shows how the Chinese workforce has inherited many of the same worries as American workers such as job instability long hours and awareness of their own expendability He reports on the daily reality of corporate free trade and explores the growing competition between China and India This is an eye opening exploration of an unseen side of our globalized world

Journal of Economic Literature,1998

China's Regions, Polity, and Economy Si-ming Li,Wing-shing Tang,2000 This book is organized around different spatial scales It investigates how the Chinese socialist state under reform affects influences and controls the activity spaces of different members of society thereby transforming the economy and society at the regional province and its larger spatial unit the city the village the factory and the individual levels This way of addressing China s spatial development is new to the literature The book accomplishes this task by drawing on a variety of experts from different disciplines including geography sociology economics anthropology political science and urban and regional studies Different in approaches these experts enrich the volume by providing many in depth analyses of thc development problems of China

Shanghai Peter G. Rowe,Seng Kuan,2004 The rise of Shanghai over the past decade is a story of superlatives The city s skyline has been totally transformed It now boasts some of world s tallest buildings and longest bridges This volume presents portfolios of more than thirty design projects recently completed or currently underway along with expert essays offering pointed analyses from urban design to conservation confirming Shanghai s preeminent position in the global network

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

World Cities Alan Balfour,Zheng Shiling,2002-05-23 This change from a monumental relic of colonial ambition and Chinese confusion into one of the most aggressively international mercantile cities in the world has seen Shanghai emerging not as some naive representation of Western reality

but out of the 3000 year history of urban culture in China a culture whose rational administrative and financial structure has in many past ages managed human populations in a state of harmony and prosperity unmatched in the West The dynastic capitals of China from Xian to Beijing have until the last two centuries been the power centres of the nation reinforcing the absolute divine power of the Emperor The emergence of a commercial capital able to rival Beijing in power and influence creates an as yet unresolved disturbance in the deep structure of Chinese culture **Rivers and Streams** Britannica Educational Publishing,2010-10-01 Winding their way through the planet s landscapes and supplying some of its most prosperous cities with fresh water food and transportation conduits rivers and streams have critical ecological and economic significance As they carve out waterfalls valleys canyons deltas and a host of other landforms they also support a diversity of organisms and connect disparate regions Accompanied by extraordinary color photographs this volume examines the characteristics of these captivating channels as well as their greatest threats and profiles some of the world s prominent rivers
