Shaping Modern Liberalism Herbert Croly And Progressive Thought:

Shaping Modern Liberalism Edward A. Stettner, 2021-10-08 American ideals liberty equality democracy national unity are bandied about by liberal politicians as a package deal inseparably intertwined But the words often flow together better as rhetoric than they mold together in theory But as Herbert Croly and his turn of the century contemporaries found jelling these appealing yet often conflicting concepts into a liberal philosophy was not nearly as easy as embracing them in a campaign speech In this first full length study of Herbert Croly s political theory Edward Stettner analyzes Croly s writings and examines the events experiences and people who influenced Croly s thinking In the process he reveals Croly s significant influence on modern liberalism as classical liberal theory merged with progressive philosophy Croly founder of The New Republic expounded on issues from the nationalization of railroads to the Espionage Act in his search for a middle way between socialism and capitalism Stettner illustrates how Croly s political theory influenced the editorial position of one of the leading liberal journals and how his thought in turn was modified in reaction to national and world events such as presidential elections and World War I Stettner portrays Croly as a modest and conscientious intellectual who wholeheartedly came to embrace the progressive movement and consequently helped establish the framework for modern liberalism In doing so Stettner emphasizes how Croly s philosophy evolved and how Croly was drawn to the conclusion that a strong national government and individual rights could indeed coexist if not always serenely in a democratic society

Shaping Modern Liberalism Edward A. Stettner, 1993 A well researched and pertinent discussion of one of American liberalism s most important exponents Choice A concise intelligent and highly readable study What is fresh and extremely valuable is the flesh that Stettner puts on the bones of the old generalization about Croly and liberalism This is a worthy addition to the literature on this important and influential American thinker American Historical Review History of American Political Thought Bryan-Paul Frost, Jeffrey Sikkenga, 2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection **Herbert Croly's The Promise of American Life at Its Centenary** John Allphin Moore, 2009-05-27 As of 2005 Herbert Croly s *The Promise of American Life* first published in 1909 had gone through eleven different printings from a variety of publishing houses suggesting its enduring stature as an American classic The book had an acknowledged influence on early to mid twentieth century American politics and political thought Theodore Roosevelt read the book after he left the White House and when he decided to run for another

term as president in 1912 used Croly's themes in his campaign. After Willard and Dorothy Straight read the book they contacted Croly and brought him together with Walter Lippmann and Walter Weyl to edit the journal they founded in 1914, *The New Republic*. In 1961 Charles Forcey announced in *The Crossroads of Liberalism* that Croly's *Promise of American Life* of 1909 has become the prevailing political faith of most Americans. Following Franklin Roosevelt's Croly inspired New Deal, the New Frontier, and the Great Society of John Kennedy and Lyndon Johnson seemed by the 1960s to have confirmed Forcey's assessment and thus Croly's ascendant place in American politics. While the rise of a notable conservative backlash to American liberalism dimmed Croly's reputation by the end of the century, his book has continued to be part of the canon, often studied in college seminars and even today his name surfaces in public policy discussions. This anthology analyzing *The Promise* at its 100th birthday presents essays by historians, political scientists, an economist, and an international relations scholar discussing the impact of Croly's book on twentieth century America and opining on the suitability of *The Promise*'s ideas for the twenty-first century.

Statesmanship and Progressive Reform: An Assessment of Herbert Croly's Abraham Lincoln J. Alvis, J. Jividen, 2013-08-01 A critical assessment of Herbert Croly's influential account of Abraham Lincoln in his 1909 book *The Promise of American Life* which argued that Progressivism was a continuation of the spirit of Lincoln's political thought. This book argues for the first time that Croly's praise of Lincoln is highly problematic.

A Pragmatist's Progress? John Pettegrew, 2000 In this volume a host of distinguished scholars examine Richard Rorty's influence on twentieth century American pragmatism and its commitment to achieving social democracy. Rorty's reclaiming of the pragmatist tradition and his contribution to the discipline of intellectual history are highlighted at the same time each essay finds Rorty's pragmatism most fully enunciated in *Contingency, Irony, and Solidarity*, lacking in its privatist vision of the good life. This criticism is drawn out through explicit comparisons between Rorty and his grandfather Walter Rauschenbusch, William James, John Dewey, Randolph Bourne, Richard J. Bernstein, and other twentieth century pragmatist thinkers. This volume offers the most complete historical treatment of this controversial intellectual to date.

Progressives, Pluralists, and the Problems of the State Marc Stears, 2002-06-13 In the first three decades of the twentieth century two groups of radical political theorists, one American and one British, were bound together in a unique ideological relationship. *Pluralists, Progressives, and the Problems of the State* provides the first comprehensive examination of the intellectual dialogue that constituted that bond. Drawing on extensive original archival research and employing conceptual, institutional, and historical analysis, the book examines the efforts of these two initially distinctive political movements to forge a single ideology capable of motivating far-reaching reform in both of their countries. In so doing it challenges traditional narratives emphasizing the exceptional development of American progressivism and British socialism, arguing instead that the intellectual aspirations and political programmes of both were constantly shaped and reshaped by international ideological exchange. Such an analysis transforms our understanding of the complex political demands of these movements and enables the works of their

leading protagonists including G D H Cole Herbert Croly Harold Laski and Walter Lippmann to emerge as rich and sophisticated contributions to modern political thought

The Lost History of Liberalism Helena Rosenblatt, 2020-02-04 The Lost History of Liberalism challenges our most basic assumptions about a political creed that has become a rallying cry and a term of derision in today's increasingly divided public square Taking readers from ancient Rome to today Helena Rosenblatt traces the evolution of the words liberal and liberalism revealing the heated debates that have taken place over their meaning In this timely and provocative book Rosenblatt debunks the popular myth of liberalism as a uniquely Anglo American tradition centered on individual rights It was only during the Cold War and America's growing world hegemony that liberalism was refashioned into an American ideology focused so strongly on individual freedoms

Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author

The Progressives' Century Stephen Skowronek, Stephen M. Engel, Bruce A. Ackerman, 2016-01-01 Chapter 20 How the Progressives Became the Tea Party's Mortal Enemy Networks Movements and the Political Currency of Ideas Chapter 21 What Is to Be Done A New Progressivism for a New Century List of Contributors Index A B C D E F G H I J K L M N O P R S T U V W Y Z

American Ideal Paul M. Rego, 2008-01-01 This book takes Theodore Roosevelt seriously as a man of ideas a thinker who was deeply committed to addressing the problems of his generation It also is a study of TR as a leader one who used rhetoric and example to convince his fellow citizens that it was possible to reconcile the American tradition of individualism with a Progressive inspired concern for the social good

The Long Gilded Age Leon Fink, 2014-12-10 From the end of the nineteenth century through the first decades of the twentieth the United States experienced unprecedented structural change Advances in communication and manufacturing technology brought about a revolution for major industries such as railroads coal and steel The still growing nation established economic political and cultural entanglements with forces overseas Local strikes in manufacturing urban transit and construction placed labor issues front and center in political campaigns legislative corridors church pulpits and newspapers of the era The Long Gilded Age considers the interlocking roles of politics labor and internationalism in the ideologies and institutions that emerged at the turn of the twentieth century Presenting a new twist on central themes of American labor and working class history Leon Fink examines how the American conceptualization of free labor played out in iconic industrial strikes and how freedom in the workplace became

overwhelmingly tilted toward individual property rights at the expense of larger community standards He investigates the legal and intellectual centers of progressive thought situating American policy actions within an international context In particular he traces the development of American socialism which appealed to a young generation by virtue of its very un American roots and influences The Long Gilded Age offers both a transnational and comparative look at a formative era in American political development placing this tumultuous period within a worldwide confrontation between the capitalist marketplace and social transformation

Theodore Roosevelt and the American Political Tradition Jean M. Yarbrough, 2014-01-31 Rough Rider hunter trust buster president and Bull Moose candidate Biographers have long fastened on TR as man of action while largely ignoring his political thought Now in time for the centennial of his Progressive run for the presidency Jean Yarbrough provides a searching examination of TR's political thought especially in relation to the ideas of Washington Hamilton and Lincoln the statesmen TR claimed most to admire Yarbrough sets out not only to explore Roosevelt's vision for America but also to consider what his political ideas have meant for republican self government She praises TR for his fighting spirit his love of country and efforts to promote republican greatness but faults him for departing from the political principles of the more nationalistic Founders he esteemed With the benefit of hindsight she argues that the progressive policies he came to embrace have over time undermined the very qualities Roosevelt regarded as essential to civic life In particular the social welfare policies he championed have eroded industry and self reliance the expansion of the regulatory state has multiplied the special interests seeking access to political power and the bureaucratic experts in whom he reposed such confidence have all too often turned out to be neither disinterested nor effective Yarbrough argues that TR's early historical studies inspired by Darwinian biology and Hegelian political thought treated westward expansion from an evolutionary and developmental perspective that placed race and conquest at the center of the narrative while relegating individual rights and consent of the governed to the sidelines Although his early career showed him to be a moderate Republican reformer Yarbrough argues that even then he did not share Hamilton's enthusiasm for the commercial republic and substituted an appeal to abstract duty for The Federalist's reliance on self interest As New York governor and first term president TR attempted to strike a just balance between democratic and oligarchic interests but by the end of his presidency he had tipped the balance in favor of progressive policies From the New Nationalism until his death in 1919 Roosevelt continued to claim the mantle of Washington and Lincoln even as he moved further from their political principles Through careful examination of TR's political thought Yarbrough's book sheds new light on his place in the American political tradition while enhancing our understanding of the roots of progressivism and its transformation of the founders Constitution

Whiggish International Law Christopher R. Rossi, 2019-03-25 International law's turn to history in the Americas receives invigorated refreshment with Christopher Rossi's adaptation of the insightful and inter disciplinary teachings of the English School and Cambridge contextualists to problems of hemispheric methodology and historiography Rossi sheds new

light on abridgments of history and the propensity to construct and legitimize whiggish understandings of international law based on simplified tropes of liberal and postcolonial treatments of the Monroe Doctrine Central to his story is the retelling of the Monroe Doctrine by its supreme early twentieth century interlocutor Elihu Root and other like minded internationalists Rossi s revival of whiggish international law cautions against the contemporary tendency to re read history with both eyes cast on the ideological present as a justification for misperceived historical sequencing

The Puritan Origins of American Patriotism George McKenna,2008-10-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation s patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism s role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era

Handbook of Organization Theory and Management Thomas D. Lynch,Peter L. Cruise,2005-11-01 Few subjects are more influenced by philosophy than the form of governance that guides and administers public affairs yet much of the literature about public administration remains silent about this connection Handbook of Organization Theory and Management The Philosophical Approach Second Edition identifies and discusses many of the mos

Sacred Discourse and American Nationality Eldon J. Eisenach,2012-07-16 In the current political climate it is impossible not to speculate about the correlation between American national identity and religious beliefs Sacred Discourse and American Nationality analyzes the role of religious rhetoric and politics Eldon J Eisenach explores this relationship along with the interrelationship of political theory political ideology and political change in the story of American political life By addressing sacred stories and American Progressivism Sacred Discourseand American Nationality provides historical and current views on American national identity This is the perfect book for scholars and students interested in American political development
