Shaping Society Through Dance Mestizo Ritual Performance In The Peruvian Andes:

Shaping Society Through Dance Zoila S. Mendoza, 2000-08 Considers the way that the comparsas Peruvian dance troupes exert influence on Peruvian society and hasten social change Contains several excerpts of comparsas performances

Shaping Society Through Dance Zoila S. Mendoza, 2011-02 During the patron saint fiesta in the Andean town of San Jerónimo Peru crowds gather at sunset in the town square eagerly awaiting the entrance of the colorful dance troupes or comparsas With their masks music and surprising interpretations of contemporary events the comparsas of the Cusco region are the focus of this multifaceted work At the crossroads of folklore and ritual mass media and local preferences and regional and national identity the comparsas recorded here on video and compact disc have become a powerful way for the local people to make sense of their place in Peru and in the world As Zoila Mendoza shows they do more than reflect societal changes they actively transform society In this fluid world she argues racial and ethnic identities are shaped more by notions of what is decent elegant and modern rather than by skin color or status As the different troupes vie for the townspeople's recognition as the most authentic group these notions are challenged and reworked A fascinating look at a rich tradition this innovative work is also a compelling example of the critical anthropology of performance *Shaping Society Through Dance*

Zoila Silvia del Rosario Mendoza Beoutis, University of Chicago. Faculty of the Division of the Social Science. Department of anthropology, 1993 *Shaping Society Through Dance* Zoila S. Mendoza, 1993 **Lines in the Water** Ben

Orlove, 2002-06-13 This beautifully written book weaves reflections on anthropological fieldwork together with evocative meditations on a spectacular landscape as it takes us to the remote indigenous villages on the shore of Lake Titicaca high in the Peruvian Andes Ben Orlove brings alive the fishermen reed cutters boat builders and families of this isolated region and describes the role that Lake Titicaca has played in their culture He describes the landscapes and rhythms of life in the Andean highlands as he considers the intrusions of modern technology and economic demands in the region *Lines in the Water* tells a local version of events that are taking place around the world but with an unusual outcome people here have found ways to maintain their cultural autonomy and to protect their fragile mountain environment The Peruvian highlanders have confronted the pressures of modern culture with remarkable vitality They use improved boats and gear and sell fish to new markets but have fiercely opposed efforts to strip them of their indigenous traditions They have retained their customary practice of limiting the amount of fishing and have continued to pass cultural knowledge from one generation to the next practices that have prevented the ecological crises that have followed commercialization of small scale fisheries around the world This book at once a memoir and an ethnography is a personal and compelling account of a research experience as well as an elegantly written treatise on themes of global importance Above all Orlove reminds us that human relations with the environment though constantly changing can be sustainable *Bridges to the Ancestors* David D. Harnish, 2006-01-01

Bridges to the Ancestors effectively reveals the Lingsar festival as a site of cultural struggle as Harnish explores how history

identity and power are constructed and negotiated He addresses the fascinating interaction between music and myth and the forces of modernity globalization authenticity tourism religion regionalism and nationalism in maintaining tradition Jacket

Decolonizing the Sodomite Michael J. Horswell, 2010-01-01 Early Andean historiography reveals a subaltern history of indigenous gender and sexuality that saw masculinity and femininity not as essential absolutes Third gender ritualists Ipas mediated between the masculine and feminine spheres of culture in important ceremonies and were recorded in fragments of myths and transcribed oral accounts Ritual performance by cross dressed men symbolically created a third space of mediation that invoked the mythic androgyne of the pre Hispanic Andes The missionaries and civil authorities colonizing the Andes deemed these performances transgressive and sodomitical In this book Michael J Horswell examines alternative gender and sexuality in the colonial Andean world and uses the concept of the third gender to reconsider some fundamental paradigms of Andean culture By deconstructing what literary tropes of sexuality reveal about Andean pre Hispanic and colonial indigenous culture he provides an alternative history and interpretation of the much maligned aboriginal subjects the Spanish often referred to as sodomites Horswell traces the origin of the dominant tropes of masculinist sexuality from canonical medieval texts to early modern Spanish secular and moralist literature produced in the context of material persecution of effeminates and sodomites in Spain These values traveled to the Andes and were used as powerful rhetorical weapons in the struggle to justify the conquest of the Incas
