Shaping The Landscape Image 1865 1910 John Douglas Woodward:

John Douglas Woodward Sue Rainey, Roger B. Stein, 1997 In the decades following the Civil War John Douglas Woodward 1846 1924 produced hundreds of landscape images of the United States Europe and the Holy Land for popular books and magazines such as *Hearth and Home Picturesque America* and *Picturesque Palestine Sinai and Egypt* For the many thousands of Americans who were intensely curious about their newly reunited and westward expanding nation and how it compared with its trans Atlantic neighbors his compositions provided welcome answers From the hundreds of drawings he made on these assignments scholars Sue Rainey and Roger B Stein analyze the stages in Woodward s creative process from on site drawings to book and magazine illustrations designed to meet the demands of publishers and their audiences The opportunity to compare drawings with the later prints in this case wood and steel engravings is rare since they were usually discarded Fortunately Woodward saved his and together with numerous letters they offer the reader new insights into the working methods of a nineteenth century landscape illustrator who sought to combine conventions of popular books of picturesque views with new viewpoints and experimental formats *Shaping the Landscape Image 1865 1910 John Douglas Woodward* with essays by the authors and an annotated listing of over ninety works serves as the catalog for an exhibition of the artist s drawings prints and watercolor and oil paintings at the Bayly Art Museum of the University of Virginia *George Inness and the Science of Landscape* Rachael Z. DeLue, 2008-09-15 George Inness 1825 94 long considered one of America s greatest landscape painters has yet to receive his full due from scholars and critics A complicated artist and thinker Inness painted stunningly beautiful evocative views of the American countryside Less interested in representing the details of a particular place than in rendering the subjective mystery of nature Inness believed that capturing the spirit or essence of a natural scene could point to a reality beyond the physical or as Inness put it the reality of the unseen Throughout his career Inness struggled to make visible what was invisible to the human eye by combining a deep interest in nineteenth century scientific inquiry including optics psychology physiology and mathematics with an idiosyncratic brand of mysticism Rachael Ziady DeLue s *George Inness and the Science of Landscape* the first in depth examination of Inness s career to appear in several decades demonstrates how the artistic spiritual and scientific aspects of Inness s art found expression in his masterful landscapes In fact Inness s practice was not merely shaped by his preoccupation with the nature and limits of human perception he conceived of his labor as a science in its own right This lavishly illustrated work reveals Inness as profoundly invested in the science and philosophy of his time and illuminates the complex manner in which the fields of art and science intersected in nineteenth century America Long awaited this reevaluation of one of the major figures of nineteenth century American art will prove to be a seminal text in the fields of art history and American studies **The Grand Affair** Paul Fisher, 2022-11-01 *A Wall Street Journal* and *Times Literary Supplement* Book of the Year Long listed for the Plutarch Award A bold new biography of the legendary painter John Singer Sargent stressing the unruly emotions and

furtive desires that drove his innovative work and defined the transatlantic fin de siècle culture he inhabited A great American artist John Singer Sargent is also an abiding enigma While dressing like a businessman and crafting a highly respectable persona he scandalized viewers on both sides of the Atlantic with the frankness and sensuality of his work He charmed the nouveaux riches as well as the old money but he reserved his greatest sympathies for Bedouins Spanish dancers and the gondoliers of Venice At the height of his renown in Britain and America he quit his lucrative portrait painting career to concentrate on allegorical murals with religious themes and on nude drawings of male models that he kept to himself In *The Grand Affair* the historian Paul Fisher offers a vivid life of the buttoned up artist and his unbuttoned work Sargent's nervy edgy portraits exposed illicit or dark feelings in himself and his sitters feelings that high society on both sides of the Atlantic found fascinating and off putting Fisher traces Singer's life from his wandering trans European childhood to the salons of Paris and the scandals and enthusiasms he caused and on to London There he mixed with eccentrics and aristocrats and the likes of Henry James and Oscar Wilde while at the same time forming a close relationship with a lightweight boxer who became his model valet and traveling partner In later years Sargent met up with his friend and patron Isabella Stewart Gardner around the world and devoted himself to a new model the African American elevator operator and part time contortionist Thomas McKeller who would become the subject of some of Sargent's most daring and powerful work Illuminating Sargent's restless itinerary Fisher explores the enigmas of fin de siècle sexuality and art fashioning a biography that grants the man and his paintings new and intense life *Bayly Art Museum Newsletter* University of Virginia.
