Sharing the Promised Land Dilip Hiro,1997 The interim peace accord of 1993 between Israeli Prime Minister Yitzhak Rabin and PLO leader Yasser Arafat is explored in this book Their historical relationship is detailed with portraits of both societies The book also contains an update since Netanyahu s election **Share This!** Deanna Zandt,2010-06-14 Shows how both activists and the casually progressive can leverage the power of social networks for social change Helps readers maintain credibility establish new connections deal with common fears and have a good time Authoritative but aggressively non technical like talking to a real person with a great sense of humor who really knows her stuff Social networks can be so much more than a way to find your high school friends or learn what your favorite celebrity had for breakfast They can be powerful tools for changing the world With Share This both regular folks of a progressive bent and committed activists can learn how to go beyond swapping movie reviews and vacation photos not that there s anything wrong with that At the moment the same kinds of people who dominate the dialog off line are dominating it online and things will never change if that doesn t change Progressives need to get on social networks and share their stories join conversations connect with others and not just others exactly like themselves It s vital to reach out across all those ethnic gender preference class age lines that exist even within the progressive camp As Deanna Zandt puts it creating a just society is sort of like the evolution of the species if you have a bunch of the same DNA mixing together the species mutates poorly and eventually dies off But there are definitely dos and don ts Zandt delves into exactly what people are and are not looking for in online exchanges How to be a good guest What to share Why authenticity is more important than just about anything including traditional notions of expertise or authority She addresses some common fears like worrying about giving too much about yourself away blurring the lines between your professional and personal life or getting buried under a steaming heap of information overload And she offers detailed nuts and bolts how to get started advice for both individuals and organizations The Internet is upending hierarchies and freeing the flow of information in a way that makes the invention of the printing press seem like an historical footnote Share This shows how to take advantage of this unprecedented opportunity to make marginalized voices heard and support real fundamental change and incidentally have some fun doing it **Sharing in God's Presence** Roy D.

Kindelberger,2018-10-05 Sharing in God s Presence means far more than getting saved and experiencing God s blessing in our lives As believers his presence becomes a very personal part of who we are and what we do God actually shares himself with us The language that we use often fails to capture the depths of God s nature penetrating ours the fullness of his Spirit permeating our hearts and the innermost infusion of his presence in our lives But the truth couldn t be more intimate The person who is joined to the Lord is one spirit with him 1 Corinthians 6 17 This book is an invitation to share in God s presence by allowing God to share himself with you God wants everyone to share in his embrace As we accept our responsibility for prayer ministry and even revival we share in the very precious dynamic of give and response that s involved

in an intimate walk with Jesus Christ For a general readership this book is a reworking of material from the second half of the author s academic work God s Absence and the Charismatic Presence **Sharing the Promised Land** Dilip Hiro,1999
Dilip Hiro one of the most experienced of Middle East hands provides readers with a comprehensive chronicle of Israeli and Palestinian lives shaped by negotiation and confrontation right up to the present
