Sharks Jellyfish And Other Deadly Things:

Slippery Slopes & Other Deadly Things Nancy Tesler, 2003 Biofeedback specialist single mom and very amateur sleuth Carrie Carlin is up to her neck in snow sex and strangulation when her pain and stress management conference is abruptly terminated by murder at a ski resort

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

Sleuths in Skirts Frances A. DellaCava, Madeline H. Engel, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

Sharks, Jellyfish, and Other Deadly Things Nancy Tesler, 1998 She has a relationship on the rocks a friend in big trouble and one foot in hot water Biofeedback specialist Carrie Carlin helps her patients get things under control It's her own life that's in chaos She's feeling the pressure of an ex husband who gives her heartburn and a lover homicide cop Ted Brodsky who is giving her heartache Faced with fight or flight Carrie answers a plea for help from her friend Meg and chooses flight on a jet plane to Key West and a new sea of troubles A boat accident has left Meg's husband Kevin missing and presumed dead But when his body never turns up Carrie suspects something is terribly wrong Then Meg is attacked Suddenly Carrie needs more than deep breathing exercises She needs to troll the Florida Keys for Kevin She needs Ted Brodsky's help And most of all she needs to fish around for hard answers and chilling secrets before a killer lures her in with a deep deadly surprise
