Shattered Lives Debbie Hillyer, 2003-12-15 Les armes sont hors de contrôle Les Armes tuent plus d'un demi million d'hommes de femmes et d'enfants en moyenne chaque année Des milliers d'autres personnes sont mutilées torturées ou forcées de fuir leurs maisons La prolifération anarchique des armes attise les violations des droits humains exacerbe les conflits et intensifie la pauvreté Le temps pour les dirigeants mondiaux agir est maintenant faire face cette crise Oxfam Amnesty International et le Réseau d'action international sur les armes légères IANSA ont lancé ensemble une campagne internationale appelant un contrôle des armes efficaces pour rendre les gens vraiment sûrs de la menace de la violence armée Ce volume présente une analyse percutante de la façon dont l'abus des armes légères dans le monde entier alimente la pauvreté et la souffrance **Shattered Lives** Debbie Hillier, Brian Wood, 2003 Summary Med separat sammanfattning **From Poverty to Power, 2nd Edition** Duncan Green, 2012 From Poverty to Power argues that a radical redistribution of power opportunities and assets rather than traditional models of charitable or government aid is required to break the cycle of poverty and inequality The forces driving this transformation are active citizens and effective states Published in association with Oxfam GB **From Poverty to Power** Duncan Green, 2008 Offers a look at the causes and effects of poverty and inequality as well as the possible solutions This title features research human stories statistics and compelling arguments It discusses about the world we live in and how we can make it a better place **Taking Aim at the Arms Trade** Doctor Anna Stavrianakis, 2013-07-18 Taking Aim at The Arms Trade NGOs Global Civil Society and the World Military Order takes a critical look at the ways in which NGOs portray the arms trade as a problem of international politics and the strategies they use to effect change NGOs have been pivotal in bringing the suffering caused by the arms trade to public attention documenting its negative impact on human rights conflict security and development around the world and pushing for measures to control or eradicate the trade Overall however their activity has helped sideline debate on Northern military predominance while facilitating intervention in the South based on liberal understandings of the arms trade conflict development and human rights They thus contribute to the perpetuation of a hierarchical world military order and the construction of the South as a site of Northern benevolence and intervention Stavrianakis exposes the tensions inherent in NGOs engagement with the arms trade and argues for a re-examination of dominant assumptions about NGOs as global civil society actors **Guns Or Growth?**, 2004 A report published by Amnesty International IANSA and Oxfam for the Control Arms campaign Published in association with Project Ploughshares and Saferworld Every state has a right to self defence under Article 51 of the UN Charter However the UN Charter also requires all member states to promote universal respect for and observance of human rights and freedoms in order to achieve economic and social progress and development Articles 1 55 and 56 and to promote the establishment and maintenance of international peace and security with the least diversion for armaments of the world's human and economic resources Article 26 The countries of Africa Latin America Asia and the Middle East hold 51

percent of the world's heavy weapons Excessive or inappropriate arms purchases are a drain on social and economic resources which developing countries simply cannot afford The Millennium Development Goals will not be achieved without addressing the issue of sustainable development in all aspects of policy including arms transfers Both arms importers and exporters must ensure that arms transfers do not undermine sustainable development For arms exporters various export control regimes already include this requirement as does the proposed Arms Trade Treaty but few governments fully respect these commitments Lip service leads to arms falling into the wrong hands and the diversion of scarce resources from fighting poverty To protect the social and economic rights of poor people exporting governments must apply an effective and systematic methodology to assess whether proposed arms transfers will affect sustainable development This report proposes such a methodology and explains why excepting legitimate security needs arms transfers with an adverse impact on sustainable development must not go ahead
